The settlers who moved into the various sections of the state brought with them songs which reflected their national origins and geographical backgrounds, and as they spread into the hills and over the lowlands, they created new songs out of the conditions under which they lived. Also, they absorbed songs from outside sources whenever these pieces could be adapted to their sentiments and ways of life. Thus, by a process of memory, composition, and recreation, they developed a rich body of folk songs. The following collection is a part of the effort to discover and preserve these songs. **My Sahil** Hollis Shiloh, 2017-07-26 Grant Ralstead has loved Sahil Singh for years, working with him and being his friend, but knowing all the time that the angry, fierce human is his mate.
