Nol Fetes Traditions En Provence:

Cezanne and Provence Nina M. Athanassoglou-Kallmyer, 2003-05 Discusses painter Paul Cezanne's 1886 departure from Paris to his native city Aix en Provence arguing that it was related to French regionalist politics of the time and shows how the move affected his art

A History of Young People in the West: Stormy evolution to modern times Giovanni Levi, Jean-Claude Schmitt, 1997 However swiftly it passes youth is always with us a perpetual passing phase an apprenticeship to the myriad ways of the world subject of panegyrics and diatribes romances and cautionary tales from antiquity to our day This two volume history is the first to present a comprehensive account of what youth has been in the West and what it has meant through the ages Brought together by Giovanni Levi and Jean Claude Schmitt a company of gifted historians and social scientists traces the changing character and status of young people from the gymnasias of ancient Greece to the lycées of modern France from the sweatshops of the industrial revolution to the crucibles of Nazi youth Monumental in its scope minute in its attention to detail A History of Young People takes us into the sensational rituals surrounding youth in Roman antiquity such as the Lupercalia with its nudity and whipping and into the chivalric trials awaiting the privileged young of the Middle Ages Elisabeth Crouzet Pavan and Michel Pastoureau explore the elusive question of what defines youth a concept that over time has reached from infancy to the age of forty Elliott Horowitz and Renata Ago consider the young in the context of the family within the different worlds of European Judaism and Catholicism through the Renaissance Sabina Loriga takes us through three centuries of military experience to temper and complicate our assumptions about the youthful face of war Michelle Perrot focuses on working class youth and Jean Claude Caron on the young at school The obedient and the rebellious are here the cherished and the sacrificed the children catapulted into adult responsibility the adults who have yet to forsake the protections of childhood What emerges in this history as never before is a vast richly textured picture of youth as a changing constant of culture society economics politics and art and as a uniquely complex experience of acculturation in every life

The Cultural Uses of Print in

Early Modern France Roger Chartier, 2019-01-29 The first book length presentation of Roger Chartier's work in English this volume provides a vivid example of the new directions of cultural history in France These essays probe the impact of printing on all social classes of the ancien regime and reveal the surprising range of ways in which texts and pictures were used by audiences with different levels of literacy Professor Chartier demonstrates that those who attempted to regulate behavior and thought on behalf of church or state for example were well aware of the wide influence of the printed word He finds fascinating evidence of fundamental processes of social control in texts such as the guides to a good death or the treatises on norms of civility rules that originated at court but that were eventually appropriated in various forms by society as a whole Essays on the evolution of the fete on the cahiers de doléances of 1789 and on the early paperback genre known as the Bibliotheque bleue complete the picture of what people read and why and of what was published and what influenced the publishers These essays offer a critical reappraisal of the complex connections between the new culture of print and the oral and ritual oriented forms of traditional culture The reader will discover essential patterns of the cultural evolution of France from the sixteenth to the eighteenth centuries Roger Chartier is Director of Studies Ecole des Hautes Etudes en Sciences Sociales in Paris Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Provence Martin Garrett, 2006 Celebrated by writers from Petrarch to Peter Mayle Provence's rugged mountains wild maquis and lavender filled meadows are world famous Martin Garrett explores a region littered with ancient monuments and medieval castles Looking at the vibrant dockside atmosphere of Luberon he considers how writers like Mistral and Daudet have captured the character of a place and its people He traces the development of Provence as a Roman outpost medieval kingdom and modern region of France revealing through its landmarks the people and events that have shaped its often tumultuous history Through its architecture literature and popular culture this book analyzes and celebrates the identity of a region famous for its pastis and p tanque Linking the past to the present it also evokes the intense light and sun baked stones that have attracted generations of painters and writers

The Pride of Place Stephane Gerson, 2018-08-06 Nineteenth century France grew fascinated with the local past Thousands of citizens embraced local archaeology penned historical vignettes and monographs staged historical pageants and created museums and pantheons of celebrities St phane Gerson's rich elegantly written and timely book provides the first cultural and political history of what contemporaries called the cult of local memories an unprecedented effort to resuscitate the past instill affection for one's locality and hence create a sense of place A wide range of archival and printed sources some of them untapped until now inform the author's engaging portrait of a little known

realm of Parisian entrepreneurs and middling provincials of obscure historians and intellectual luminaries Arguing that the local and modernity were interlaced rather than inimical between the 1820s and 1890s Gerson explores the diverse uses of local memories in modern France from their theatricality and commercialization to their political and pedagogical applications The *Pride of Place* shows that contrary to our received ideas about French nationhood and centralism the local buttressed the nation while seducing Parisian and local officials The state cautiously supported the cult of local memories even as it sought to co opt them and grappled with their cultural and political implications The current enthusiasm for local memories Gerson thus finds is neither new nor a threat to Republican unity More broadly yet this book illuminates the predicament of countries that like France are now caught between supranational forces and a revival of local sentiments

Petrarch and the Literary Culture of Nineteenth-century France Jennifer Rushworth,2017 A consideration of Petrarch s influence on and appearance in French texts and in particular his appropriation by the Avignonese Was Petrarch French This book explores the various answers to that bold question offered by French readers and translators of Petrarch working in a period of less well known but equally rich Petrarchism the nineteenth century It considers both translations and rewritings the former comprise not only Petrarch s celebrated Italian poetry but also his often neglected Latin works the latter explore Petrarch s influence on and presence in French novels aswell as poetry of the period both in and out of the canon Nineteenth century French Petrarchism has its roots in the later part of the previous century with formative contributions from Voltaire Rousseau and in particular the abb de Sade To these literary catalysts must be added the unification of Avignon with France at the Revolution as well as anniversary commemorations of Petrarch s birth and death celebrated in Avignon and Fontaine de Vaucluse across the period 1804 1874 1904 Situated at the crossroads of reception history medievalism and translation studies this investigation uncovers tensions between the competing construction of a national French Petrarch and a local Avignonese or Proven al poet Taking Petrarch as its litmus test this book also asks probing questions about the bases of nationality identity and belonging Jennifer Rushworth is a Junior Research Fellowat St John s College Oxford *History of the New Netherlands, Province of New York, and State of New York, to the Adoption of the Federal Constitution* William Dunlap,1840 *Cézanne's Early Imagery* Mary T.
