his name The chronicle covers both church and secular affairs and includes a wealth of important information about the fifth and sixth centuries including a history of theological controversies a catalog of the world s regions based on Ptolemy s Geography and many eyewitness accounts of key historical events The Chronicle of Pseudo Zachariah Rhetor is the first translation of this seminal text to a modern language in over one hundred years and the new edition benefits from improvements in Syriac lexicography and expanded research on the source Contributions from two eminent Syriac scholars Sebastian P Brock and Witold Witakowski and a detailed commentary further enhance the value of this book as does the substantial bibliography Beyond a mere translation this book is a key resource for understanding the development of the modern dynamics of Christianity in Turkey Iraq and the Near East

Work whether from home in cyberspace or in a factory or office occupies a major chunk of our time energy and soul This book seeks to make sense of our work in the world through adapting the pithy statement of the Puritan William Perkins to define marketplace theology as the science of working blessedly forever It is a science involving investigation but not just with the head thought but also with heart prayer and hand practice But it is a science of working So the book investigates a theology of work undertaken in the light of God s blessing and purpose And our work is not just for this life but forever since some of it could last into the new heaven and new earth where guess what Scripture says we will work as fully human and resurrected beings Stevens gathers his lifetime of research and teaching into this book showing through biblical research and contemporary analysis the meaning of work and human enterprise It could change your lifestyle your work style and your soul The Trinity in the Canon Brandon D. argues that Lewis's work is no mere entertaining fairytale for children but an important lens through which to view deep themes of redemption and atonement and all the vital stages involved in overcoming evil with the superabundant good of God's loving self sacrifice
