Aslanimehr,2025-06-30 This book explores the concept of exile experienced not as a physical displacement but as a subjective experience of disconnection from the Other It further clarifies the notion of exilic subjectivity whereby a hidden facet of the self ineffable both to the Other and to the Self causes a distance between self comprehension and external perception In doing so it poses a challenge to recognition theory s assertion that self understanding occurs through interactions with Others Engaging with the writings of Georg Wilhelm Friedrich Hegel Charles Taylor Axel Honneth S ren Kierkegaard and Rumi the book explores the difficulties individuals encounter when transitioning their inwardly focused private identities into public spaces such as educational institutions It emphasizes the critical role educators can play in cultivating an atmosphere of attentive listening attuned to the unique experiences that may exile the self Through the complex interplay of writings by thinkers such as Hegel Kierkegaard Rumi Taylor and Pinar this work transcends traditional theories of recognition Rather than resolving misrecognition it embraces it as a central aspect of the human condition examining the tension between self perception and external acknowledgement The text phenomenologically investigates seeing the Other and the risk of misrecognizing an individual s innermost depths These insights find resonance in academia where even amid success a chasm may persist isolating students and educators from each other As the self dwells in the uneasiness of estrangement the discussion welcomes the ownership of silence and inwardness into the classroom From this detached perspective the possibility of recognizing the convergence of familiarity and strangeness before and within oneself may emerge This book is tailored for scholars educators and readers interested in the intersections of philosophy education and lived experience It offers readers innovative approaches to understanding exile and recognition fostering deeper engagement with the complexities of identity alienation and the self Secrets, Lies and Hope Janet Panacci,2021-02-16
