Where The West Ends Michael J Totten:

Where the West Ends Michael J. Totten, 2018-03-02 **Sites of Genocide** Adam Jones, 2022-05-17 Genocide may be the most powerful word in the English language What is the significance and relevance of this formative concept today In an extraordinarily wide ranging collection of essays and interviews Adam Jones one of the world s leading genocide scholars explores the uses and controversies surrounding the term that Raphael Lemkin coined during the Second World War to describe and prohibit mass atrocities against defined human groups In a style that is learned but always accessible and engaging Jones addresses key historical and contemporary issues such as What were the motivations and proclaimed justifications for genocide in the long nineteenth century that shaped our modern world How can humanitarian interventions in genocide avoid sliding into new imperialism What are the connections between religion and genocide How can the gender variable in genocide perpetration and victimization be understood A wide range of historical and contemporary genocides and crimes against humanity from the eighteenth century slave rebellion in Haiti to Myanmar s destruction of the Rohingya and to the forms of structural and systemic violence that Jones argues should be encompassed by any global historical understanding of genocide *Sites of Genocide* is illustrated with photos from Jones s own collection and other sources It will be of interest to all students and scholars of human rights and for general readers seeking a point of entry to the rich and provocative debates in comparative genocide studies **Anti-Zionism on Campus** Andrew Pessin, Doron S.

Ben-Atar, 2018-03-30 1 This book is an exposition of the actual and personal consequences of the BDS assault on university campuses 2 Its authors include a senior scholar in American history and a senior scholar in philosophy Both are strong followers of the BDS movement on American college and university campus Pessin maintains a news outlet on matters concerning Jews and Israel 3 Work on antisemitism is an important component of our Jewish studies list Books in this area provide a unique contribution to understanding the resurgence of religiously motivated violence and hate speech **The Hizbullah Phenomenon** Lina Khatib, Dina Matar, Atef Alshaer, 2014 Hizbullah s management of its image and identity are scrutinised by the authors alongside analysis of the movement s communication strategy political behaviour and performance Provided by publisher **Attempt to Uproot Sunni-Arab Influence** , 2017-01-24 In the aftermath of popular uprisings that unleashed the quest for freedom Arab governments scrambled to limit sectarian divisions though much of these efforts came to naught Regrettably weak governments fell into carefully laid traps aimed to divide and rule Protracted wars further destroyed Arab wealth and cohesiveness and Sunni communities saw their power bases marginalised On cue and predicted by some commentators extremist movements like the so called Islamic State emerged targeting Sunnis with extreme violence In 2014 Nabil Khalife an established Lebanese thinker published a widely praised thesis that identified the root causes of renewed sectarian tensions at a time when confrontations polarised awakened Arab societies Based on an extensive discussion of the 1979 Iranian Revolution that toppled the Shah Khalife advanced the notion that the revolution was not

Islamic but an Iranian Shiah rebellion that ended the Pahlavi military monarchy and that the post 2011 Sunni Shiah struggle was planned by leading Western powers including Russia to preserve Israel and impose the latter's acceptance in the Middle East as a natural element. In this translation of *Istihdaf Ahl al Sunna* Targeting Sunnis Joseph A Kechichian analyses the fundamental questions raised by the author to better place the current sectarian collision in a geo strategic global perspective. Based on the books avowals of how the world's three monotheistic religions perceive each other and Political Sunnism Kechichian assesses Henry Kissinger's famous appellation of the Middle World that houses significant and indispensable oil resources and why that allegedly makes it Political Sunnism dangerous. In a comprehensive introduction to the translation he describes various initiatives that led global powers to check the undeniable force of Political Sunnism.

Tower of the Sun Michael J. Totten, Prize winning author Michael J Totten's gripping first person narratives from the war zones police states and revolutionary capitals of the Middle East and North Africa paint a vivid picture of peoples and nations at war with themselves each other and sometimes with the rest of the world. His journeys take him from Libya under the gruesome rule of Muammar Qaddafi to Egypt before during and after the Arab Spring from the Israeli controlled Golan Heights in Syria on the eve of that country's apocalyptic civil war to a camp on the Iran Iraq border where armed revolutionaries threaten to topple the Islamic Republic regime in Tehran from the contested streets of conflict ridden Jerusalem to dusty outposts in the Sahara where a surreal conflict few have even heard of simmers long after it should have expired and from war torn Beirut and Baghdad to a lonely town in central Tunisia that seeded a storm of revolution and war that spread for thousands of miles in every direction. *Tower of the Sun* is a timeless close up of one of the world's most violent and turbulent regions that will resonate for decades to come. A decade in the making *Tower of The Sun* is not just an authoritative intimate and lively reconnaissance of the tectonic upheavals shaking the earth from North Africa's Maghreb to Iraqi Kurdistan. It's also a masterpiece of clear eyed political analysis and literary journalism in the travel diary style of Paul Theroux. Terry Glavin author of *The Sixth Extinction* Totten practices journalism in the tradition of George Orwell morally imaginative partisan in the best sense of the word and delivered in crackling rapid fire prose befitting the violent realities it depicts. Sohrab Ahmari Commentary I can think of only a certain number of people as having risen to the intellectual and journalistic challenges of the last few years and Michael J Totten is one of them. Paul Berman author of *Terror and Liberalism* Michael J Totten to my mind is one of the world's most acute observers of Middle East politics. He is also an absolutely fearless reporter both physically he has explored the darkest corners of Middle East extremism and morally Jeffrey Goldberg editor in chief of *The Atlantic*. **The Betrayal of Dissent** Scott Lucas, 2004-02-20 Since his death in 1950 George Orwell has been canonised as England's foremost political writer and the standard bearer of honesty and decency for the honourable Left. In this controversial polemic Scott Lucas argues that the exaltation of Orwell far from upholding dissent against the State has sought to quash such opposition. Indeed Orwell has become the icon of those who in the pose of the contrarian try

to silence public opposition to US and U K foreign policy in the War on Terror Lucas s lively and readable critique of public intellectuals including Christopher Hitchens Michael Walzer David Aaronovitch and Johann Hari who have all invoked Orwellian honesty and decency to shut down dissent will appeal to anyone disillusioned with the wars in Afghanistan and Iraq

Genocide Adam Jones,2016-12-16 **Genocide A Comprehensive Introduction** is the most wide ranging textbook on genocide yet published The book is designed as a text for upper undergraduate and graduate students as well as a primer for non specialists and general readers interested in learning about one of humanity s enduring blights Fully updated to reflect the latest thinking in this rapidly developing field this unique book Provides an introduction to genocide as both a historical phenomenon and an analytical legal concept including the concept of genocidal intent and the dynamism and contingency of genocidal processes Discusses the role of state building imperialism war and social revolution in fuelling genocide Supplies a wide range of full length case studies of genocides worldwide each with a supplementary study Explores perspectives on genocide from the social sciences including psychology sociology anthropology political science international relations and gender studies Considers The Future of Genocide with attention to historical memory and genocide denial initiatives for truth justice and redress and strategies of intervention and prevention Highlights of the new edition include Nigeria Biafra as a contested case of genocide Extensive new material on the Kurds Islamic State ISIS and the civil wars genocide in Iraq and Syria Conflict and atrocities in the world s newest state South Sudan The role activities and constraints of the United Nations Office of Genocide Prevention Many new testimonies from genocide victims survivors witnesses and perpetrators Dozens of new images including a special photographic essay Written in clear and lively prose with over 240 illustrations and maps **Genocide A Comprehensive Introduction** remains the indispensable text for new generations of genocide study and scholarship An accompanying website www.genocidetext.net features a broad selection of supplementary materials teaching aids and Internet resources

Cycle of Fear Leon T. Goldsmith,2015 The Alawites are a key component to the current civil war in Syria Journalist Robert D Kaplan compared Hafez al Assad s coming to power to an untouchable becoming maharajah in India or a Jew becoming tsar in Russia an unprecedented development shocking to the Sunni majority population which had monopolized power for so many centuries 31 In 1971 al Assad declared himself president of Syria a position the constitution at the time permitted only for Sunni Muslims The author shows how the political behavior of Alawites has long been shaped by the group s insecurity and lack of true integration into society

New Intimacies, Old Desires Oishik Sircar,Dipika Jain,2017-06-21 In the last 15 years queer movements in many parts of the world have helped secure the rights of queer people These moments have been accompanied by the brutal rise of crony capitalism the violent consequences of the war on terror the hyper juridification of politics the financialization managerialization of social movements and the medicalization of non heteronormative identities practices How do we critically read the celebratory global proliferation of queer rights in these neoliberal times This volume responds to the complicated moment in the history of queer struggles by

analysing laws state policies and cultures of activism to show how new intimacies between queer sexuality and neoliberalism that celebrate modernity and the birth of the liberated sexual citizen are in fact reproducing the old colonial desire of civilizing the native By paying particular attention to the problematics of race religion and class this volume engages in a rigorous self reflexive critique of global queer politics and its engagements confrontations and negotiations with modernity and its investments in liberalism legalism and militarism with the objective of queering the ethics of our queer politics

Published by Zubaan **The Arab-Israeli Conflict** Noah Berlatsky,2012-03-02 This edition explores the Arab Israeli conflict and provides readers with a global perspective rather than a localized understanding Articles included explore the regional issues impacting the conflict and Israel s history with the Gaza Strip Readers will learn about various issues related to settlements on the West Bank including whether Israel s settlement efforts should cease and whether the Fayyad Plan is feasible They will also examine the role of the international community Essay sources include the Agence France Presse Carnegie Endowment for International Peace International Federation for Human Rights and Amnesty International

Defeating Eurabia Fjordman,2008 This compilation of Fjordman articles from websites like Gates of Vienna Jihad Watch Atlas Shrugs The Brussels Journal and Fjordman s own now defunct blog has been updated and finetuned to reflect his current views on the islamization of Europe It provides a thorough analysis of the causes and circumstances of the islamization process a country by country survey and an optimistic concluding chapter with suggestions for the future Pamela Geller of Atlas Shrugs writes The preeminent essayist historian and one of the leading lights of the counter jihad movement Fjordman has released his first book Europe s most reliable witness and modern historian has completed a compedium of analysis and data of the islamization of Europe **Dwight Eisenhower and the Holocaust** Jason

Lantzer,2023-10-24 Dwight Eisenhower s encounter with the Holocaust altered how he understood the Second World War and shaped how he led the United States and the Western Alliance during the Cold War This book is the first to blend scholarship on Eisenhower World War II and the Holocaust together constructing a narrative that offers new insights into all three all while uncovering the story of how he became among the first to vow that such atrocities would never again be allowed to happen From the moment he stepped foot in the concentration camp Ohrdruf in April 1945 defeating Nazi Germany took on a moral hue for Eisenhower that had largely been absent before It spurred the belief that totalitarianism in all its forms needed to be confronted This conviction shaped his presidency and solidified American engagement in the postwar world Putting these pieces of the story together alters how we view and understand the second half of the twentieth century **Secularism Under Siege** Zaheer Ali,2023-12-01 This anthology makes a discerning attempt to bring into focus myriad dimensions of secularism and the foremost impediments to its attainment The scholars who contributed to this volume have underscored that the disconnect between a modern secular state and a conservative society is detrimental to recognizing an ideal secular democratic polity Then there is the burden of the past centuries that independent India has to

carry on its young shoulders The political factions in India invent their own historical narratives to advance their political agenda coupled with political and economic arguments leading to social dissensions and communal hatred the ugliest manifestation of which is communal violence that occasionally takes on the form of anti minority pogroms The academic critiques of the concept of secularism and its correlated premises belted in this volume shall be of assistance not only to the scholars but also to the students of social sciences and the conscientious readers interested in knowing about the current socio political milieu This title is co published with Aakar Books Print editions not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **Annual Report** New York Association for Improving the Condition of the Poor,1874 The Majestic Nature of the North Steven A. Walton,Michael J. Armstrong,2019-02-14 The illustrated nineteenth century travel diaries of artist educator and architect Thomas Kelah Wharton documenting his trips in the lower Hudson River Valley and New Orleans to Boston and back Thomas Kelah Wharton s travel diaries provide an intimate glimpse into the society of early nineteenth century America As a young immigrant from England the eldest son of a wealthy merchant who fell on hard times Wharton 1814 1862 navigated the complex world of New York and the Hudson River Valley in the early 1830s and his diaries reveal a vibrant cultural and social scene Wharton s details of encounters with the Hudson River School painter Thomas Cole the author Washington Irving Sylvanus Thayer superintendent of the US Military Academy at West Point the Greek Revival architect Martin E Thompson and many others enliven his story Skipping two decades to 1853 Wharton now an established professional living in New Orleans brought his young family from New Orleans to Boston The trip to and from Boston illuminates the joys and hazards of traveling aboard steamboats and trains and touches on the tensions growing between North and South The diary entries show an inquisitive observant mind at work A gifted pen and ink artist the inclusion of Wharton s faithful drawings provide rare and wonderful views of an America from a very unique and personal perspective This book is unique Wharton is not a major figure in art architecture or education although he did all three However Wharton does give us a view from a potential social riser during a period when the United States was full of opportunities His interactions in the nineteenth century New York art world and twenty years later life in New Orleans on the eve of the Civil War unveil the role of social networks in both regions Thomas S Wermuth author of Rip Van Winkle s Neighbors The Transformation of Rural Society in the Hudson River Valley 1720 1850 *Reporter* University of Michigan.
