## **White Logic White Methods Racism And Methodology:**

*White Logic, White Methods* Tukufu Zuberi, Eduardo Bonilla-Silva, 2008-05-02 Examines how the racial lenses of the social sciences and the subscription of social scientists to whites racial common sense have limited their understanding of racial matters and handicapped their capacity to appreciate the significance of the race effect they call it the racial stratification effect With an assemblage of leading scholars White Logic White Methods explores the possibilities and necessary dethroning of current social research practices and demands a complete overhaul of current methods towards a multicultural and pluralist approach to what we know think and question Readers in various social sciences will find useful the chapters in the collection but all will agree that the introductory and concluding chapters to the volume Towards a Definition of White Logic and White Methods and Telling the Real Tale of the Hunt Towards a Race Conscious Sociology of Racial Stratification are likely to become classics in the field of racial and ethnic relations *The Ashgate Research Companion to Black Sociology* Earl Wright II, Edward V. Wallace, 2016-03-09 The Ashgate Research Companion to Black Sociology provides the most up to date exploration and analysis of research focused on Blacks in America Beginning with an examination of the project of Black Sociology it offers studies of recent events including the Stand Your Ground killing of Trayvon Martin the impact of Hurricane Katrina on emerging adults and efforts to change voting requirements that overwhelmingly affect Blacks whilst engaging with questions of sexuality and family life incarceration health educational outcomes and racial wage disparities Inspired by W E B Du Bois s charge of engaging in objective research that has a positive impact on society and organised around the themes of Social Inequities Blacks and Education Blacks and Health and Future Directions this timely volume brings together the latest interdisciplinary research to offer a broad overview of the issues currently faced by Blacks in United States A timely significant research guide that informs readers on the social economic and physical condition of Blacks in America and proposes directions for important future research The Ashgate Research Companion will appeal to policy makers and scholars of Africana Studies Sociology Cultural Studies Anthropology and Politics with interests in questions of race and ethnicity gender and sexuality social inequalities health and education

Critical Race Spatial Analysis Deb Morrison, Subini Ancy Annamma, Darrell D. Jackson, 2023-07-03 How does space illuminate educational inequity Where and how can spatial analysis be used to disrupt educational inequity Which tools are most appropriate for the spatial analysis of educational equity This book addresses these questions and explores the use of critical spatial analysis to uncover the dimensions of entrenched and systemic racial inequities in educational settings and identify ways to redress them The contributors to this book some of whom are pioneering scholars of critical race spatial analysis theory and methodology demonstrate the application of the theory and tools applied to specific locales and in doing so illustrate how this spatial and temporal lens enriches traditional approaches to research The opening macro theoretical chapter lays the foundation for the book rooting spatial analyses in critical commitments to studying injustice Among the

innovative methodological chapters included in this book is the re conceptualization of mapping and space beyond the simple exploration of external spaces to considering internal geographies highlighting how the privileged may differ in socio spatial thinking from oppressed communities and what may be learned from both perspectives data representations that allow the construction of varied narratives based on differences in positionality and historicity of perspectives the application of redlining to the analysis of classroom interactions the use of historical archives to uncover the process of marginalization and the application of techniques such as the fotonovela and GIS to identify how spaces are defined and can be reimaged The book demonstrates the analytical and communicative power of mapping and its potential for identifying and dismantling racial injustice in education The editors conclude by drawing connections across sections and elucidating the tensions and possibilities for future research Contributors Benjamin Blaisdell Graham S Garlick Leigh Anna Hidalgo Mark C Hogrebe Joshua Radinsky Daniel G Sol rzano William F Tate Ver nica N V lez Federico R Waitoller     After Globalization LIT Verlag, 2024-10-01 After several decades of significantly increasing global economic socio cultural and political integration the globalization pendulum is swinging back But what comes After Globalization The 26 chapters of this volume originally presented at the Word Society Foundation s 40th anniversary celebration in 2022 address from different angles four core issues of deglobalization First the re conceptualization of world society and globalization within the current context of deglobalization Second the dynamics that are re shaping the world economy including processes of fragmentation regionalization reshoring and global and regional polarization Third the current dynamics of global social and cultural structures including new globalization cleavages political mobilization popular protest and resistance and political participation and democracy Fourth the increasing great power conflicts and global rivalries and their impact on processes of de globalization     **Cartographies of Knowledge** Celine-Marie Pascale, 2011 Interpretative Qualitative Research Agency Subjectivity and Experience frames the concerns and processes of standard analytic induction ethnomethodology and symbolic interaction in terms of cutting edge issues for contemporary qualitative research It is the first book to demonstrate how interpretive paradigms for qualitative data analysis produce research findings that are rooted to significantly different understandings of personal agency and social structures subjectivity and identity and the nature of human experience Specifically the book explores the analytical process interpretative power and political effects of these three styles of interpretative research The result is a rich pedagogical resource that explores not only how data is interpreted but also the kinds of problems solutions and questions that can be investigated     **Women's Human Rights and Migration** Sital Kalantry, 2017-07-03 In Women s Human Rights and Migration Sital Kalantry examines the laws to ban sex selective abortion in the United States and India to argue for a transnational feminist legal approach to evaluating prohibitions on the practices of immigrant women that raise human rights concerns     **9/11 Twenty Years On** Leonie B. Jackson, Lee Jarvis, Harmonie Toros, 2023-05-22 This book provides the first sustained critical engagement with the legacy of the 9 11 attacks twenty years on Featuring a wide range of established and

emerging voices in critical terrorism studies the book explores the deeply political character of remembering and forgetting and the racialised gendered and other contexts within which this takes place A lively and provocative conversation between feminist postcolonial post structural literary and critical perspectives 9 11 Twenty Years On asks what the day that changed the world means for critical terrorism studies today and how we might choose to mark those events in the future It will be essential reading for upper level students researchers and academics in the fields of International Relations Security Studies and Political Science in general as well as anyone interested in critical approaches to terrorism political violence and memory The chapters in this book were originally published as a special issue of Critical Studies on Terrorism New Racism Norma Romm,2010-07-08 This book develops a debate around responsible social inquiry into new racism A variety of ways of researching new forms of racism for example aversive modern cultural purportedly color blind and new racism are addressed Experiments that have been undertaken to inquire into group identity and people s implicit bias in relation to those perceived as other are critically explored and their potential consequences reconsidered The book also critically explores survey research which it is argued can serve to reinforce the notion of the existence of ethnoracial groups with defined boundaries that inhere in social life The book considers interviewing including focus group interviewing and case study research including participant observation ethnography in terms of possibilities for moving beyond new forms of racism Action research defined by the understanding of an inextricable link between knowing and acting is examined in depth in terms of the hopes to make a difference at the moment of inquiry Types of retroductive logic that are used to examine underlying structures that arguably unduly constrain people s life chances and render human relationships inhumane are also explored The book draws together the different arguments and it proposes ways in which the design of research into new racism can better approached as well as ways in which dialogue around processes of inquiry and the products thereof can be better fostered Suggestions for nurturing humane social relationships that provide for transcultural meaning making are threaded through the text Bodies out of Place Barbara Harris Combs,2022-09-01 Bodies out of Place asserts that anti Black racism is not better than it used to be it is just performed in more nuanced ways Barbara Harris Combs argues that racism is dynamic so new theories are needed to help expose it The Bodies out of Place BOP theory she advances in the book offers such a corrective lens Interrogating several recent racialized events the Central Park birding incident the killing of Ahmaud Arbery sleeping while Black occurrences and others Combs demonstrates how the underlying belief that undergirds each encounter is a false presumption that Black bodies in certain contexts are out of place Within these examples she illustrates how even amid professions to color blindness fixed attitudes about where Black bodies belong in what positions at what time and with whom still predominate Combs describes a long historical pattern of White pushback against Black advancement and illuminates how each of the various forms of pushback is aimed at social control and regulation of Black bodies She describes overt and covert attempts to push Black bodies back into their presumed place in U S society While the pushback

takes many forms each works to paint a narrative to justify rationalize and excuse continuing violence against Black bodies Equally important Combs celebrates the resilient Black agency that has resisted this subjugation Design and Analysis in Quantitative Educational Research Kamden K. Research Ethics in the Real World Helen Kara, 2018-11-14 Research ethics and integrity are growing in importance as academics face increasing pressure to win grants and publish and universities promote themselves in the competitive HE market Research Ethics in the Real World is the first book to highlight the links between research ethics and individual social professional institutional and political ethics Drawing on Indigenous and Euro Western research traditions Helen Kara considers all stages of the research process from the formulation of a research question to aftercare for participants data and findings She argues that knowledge of both ethical approaches is helpful for researchers working in either paradigm Students academics and research ethics experts from around the world contribute real world perspectives on navigating and managing ethics in practice Research Ethics in the Real World provides guidance for quantitative qualitative and mixed methods researchers from all disciplines about how to act ethically throughout your research work This book is invaluable in supporting teachers of research ethics to design and deliver effective courses

**Making Law and Courts Research Relevant** Brandon L. Bartels, Chris W. Bonneau, 2014-09-04 One of the more enduring topics of concern for empirically oriented scholars of law and courts and political scientists more generally is how research can be more directly relevant to broader audiences outside of academia A

significant part of this issue goes back to a seeming disconnect between empirical and normative scholars of law and courts that has increased in recent years Brandon L Bartels and Chris W Bonneau argue that being attuned to the normative implications of one's work enhances the quality of empirical work not to mention makes it substantially more interesting to both academics and non academic practitioners Their book's mission is to examine how the normative implications of empirical work in law and courts can be more visible and relevant to audiences beyond academia Written by scholars of political science law and sociology the chapters in the volume offer ideas on a methodology for communicating normative implications in a balanced nuanced and modest manner The contributors argue that if empirical work is strongly suggestive of certain policy or institutional changes scholars should make those implications known so that information can be diffused The volume consists of four sections that respectively address the general enterprise of developing normative implications of empirical research law and decisionmaking judicial selection and courts in the broader political and societal context This volume represents the start of a conversation on the topic of how the normative implications of empirical research in law and courts can be made more visible This book will primarily interest scholars of law and courts as well as students of judicial politics Other subfields of political science engaging in empirical research will also find the suggestions made in the book relevant
