Rhedonensi In Urbe:

Ab urbe condita Livy, 1994-11-17 Book VI of Livy's *Ab urbe condita* covers the history of Rome from 390 to 367 BC a period during which the city while in the process of recovering from being sacked by the Gauls faced serious civil disturbance the resolution of which fundamentally changed the structure of Roman society This edition considers the historical text from a literary and historiographical perspective the Commentary contains a detailed analysis of Livy's narrative style and structure with particular focus on his language and use of commonplaces while the Introduction discusses the didactic nature of the *Ab urbe condita* and situates Livy's sophisticated and challenging work in the ancient historiographical tradition Special attention is paid to the role of the reader and to the relationship between the style and the kind of history being written Issues of contemporary Augustan politics are also discussed *Modernism in the Peripheral Metropolis* Tavid Mulder, 2023-08-28 This book shows how Latin American writers and artists in the crisis decades of the 1920s and 1930s used modernist techniques to explore national issues in relation to global capitalism Drawing on a rich interdisciplinary archive of novels poetry essays photography and architecture it includes chapters on major figures and the transformations that marked Latin American cities at the beginning of the twentieth century the poet Manuel Maples Arce and Mexico City the essayist Jos Carlos Mari tegui and Lima the novelist Roberto Arlt and Buenos Aires the novelist Patricia Galv o and S o Paulo Tavid Mulder argues that the Latin American city should be understood as a peripheral metropolis a social space that is simultaneously peripheral relative to the center of the world economy and a metropolis in relation to the region's vast underdeveloped hinterlands Conceiving of modernist techniques as ways of understanding how the dualisms of Latin American societies urban and rural wealth and poverty cosmopolitan and national are bound together by the internal contradictions of capitalism this volume insists on the ability of literary and artistic works to grasp the process through which untenable situations of crisis are not overcome but stabilized in the periphery It thereby sheds light on issues in Latin America that have become increasingly urgent in the twenty first century inequality indigenous migration surplus populations and anomie **A Companion to Livy** Bernard Mineo, 2014-11-17 *A Companion to Livy* features a collection of essays representing the most up to date international scholarship on the life and works of the Roman historian Livy Features contributions from top Livian scholars from around the world Presents for the first time a new interpretation of Livy's historical philosophy which represents a key to an overall interpretation of Livy's body of work Includes studies of Livy's work from an Indo European comparative aspect Provides the most modern studies on literary archetypes for Livy's narrative of the history of early Rome *A Roman Women Reader* Sheila K. Dickson, Judith P. Hallett, 2014-12-14 This selection of Latin readings drawn from texts in a variety of genres across four centuries aims to provide a comprehensive and accurate picture of the images and realities of women in Roman antiquity Depicted in the readings are both historical and fictional women of varying ages and at different stages of life from a range of social classes and from different locales We see them

dramatized sometimes in their own words in the roles the women actually played as wives and mothers friends and lovers This Reader differs from others in showing women in explicitly erotic roles in drawing some of its passages from archaic Latin and in encouraging a variety of critical approaches all suitable for its intended college level audience **Thomas More's Vocation** Frank Mitjans,2023-01-31 The book considers Thomas More's early life choices An early letter is cited by biographers but most miss More's reference to the market place More's great grandson Cresacre a Londoner understood it correctly and that gives reason to trust him on other aspects of More's youth This study is based on early testimonies those of Erasmus Roper Harpsfield Stapleton and Cresacre More as well as More's early writings the Pageant Verses and his additions omissions to the Life of Pico evidence drawn from authors he recommended like Hilton and Gerson and finally his epitaph Attention is given to his lectures on St Augustine's City of God and to St John Chrysostom It is argued More studied Chrysostom's Homilies on the Gospel of St Matthew i from a Greek manuscript Chrysostom in the introductory homily spoke of the city and the market place as the setting in which Christians practice the teaching of Christ More practiced law and taught it He was attracted to becoming a Christian humanist alongside Grocyn Colet Linacre and Lily With them he studied Greek the classics and Fathers of the Church Helped by them he became a man of prayer aware of the need to seek holiness in the midst of the world as a layman Faced with the dilemma of the humanist in choosing between the contemplative life of the philosopher and an active life of engagement with the world he deliberately chose the active life in service to society and the contemplative life of the Christian as a married man This awareness and choice is what is called vocation implying determination to persevere throughout life More saw his life as a pilgrimage towards heaven as described in the last chapter focusing on More's last work *De tristitia tedio pavore et oratione christi ante captionem eius* *God, Jesus, and Spirit* Daniel Callahan,1969 *In Defiance of History* Victoria Leonard,2022-02-16 This volume offers a counterbalance to the dismissal that Orosius's *Histories Against the Pagans* has suffered in most recent criticism Orosius is traditionally considered to be a mediocre scholar and an essentially worthless historian This book takes his literary endeavour seriously recognizing the unique contribution the *Histories* made at a crucial moment of debate and uncertainty where the present was shaped by restructuring the past The significance of the *Histories* is recognised intrinsically rather than only in comparison with other texts and authors principally Augustine of Hippo Orosius's mentor The approach of the book is historiographical exploring the form purpose and meaning of the *Histories* The themes of divine providence monotheism and imperial authority are examined and the subjects of war and the sack of Rome receive extended analysis The book foregrounds Orosius's significant historiographical innovations that are seldom explored such as the subversion of imperial history within a Christian spectrum in the synchronization of the emperor Augustus and Christ Each chapter contributes to the progression of knowledge about Orosius's *Histories* and the wider literary and historiographical culture of disruption that characterised the late fourth and early fifth centuries CE *Thinking Italian Translation* Stella Cragie,Ian Higgins,Sándor Hervey,Patrizia

The Shaping of German Identity Len Scales,2012-04-26 German identity a key force in history took shape during the late Middle Ages This book explains how and why

Translation as Muse Elizabeth Marie Young,2015-09-05 Poetry is often said to resist translation its integration of form and meaning rendering even the best translations problematic Elizabeth Marie Young disagrees and with *Translation as Muse* she uses the work of the celebrated Roman poet Catullus to mount a powerful argument that translation can be an engine of poetic invention Catullus has long been admired as a poet but his efforts as a translator have been largely ignored Young reveals how essential translation is to his work many poems by Catullus that we tend to label as lyric originals were in fact shaped by Roman translation practices entirely different from our own By rereading Catullus through the lens of translation Young exposes new layers of ingenuity in Latin poetry even as she illuminates the idiosyncrasies of Roman translation practice reconfigures our understanding of translation history and questions basic assumptions about lyric poetry itself

Non-Dopaminergic Systems in Parkinson's Disease Cristina Miguelez, Philippe De Deurwaerdere, Véronique Sgambato, 2020-12-02 This eBook is a collection of articles from a Frontiers Research Topic Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series they are collections of at least ten articles all centered on a particular subject With their unique mix of varied contributions from Original Research to Review Articles Frontiers Research Topics unify the most influential researchers the latest key findings and historical advances in a hot research area Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office frontiersin.org/about/contact The Face of Nature Garth Tissol, 2014-07-14 In these reflections on the mercurial qualities of style in Ovid's *Metamorphoses* Garth Tissol contends that stylistic features of the ever shifting narrative surface such as wordplay narrative disruption and the self conscious reworking of the poetic tradition are thematically significant It is the style that makes the process of reading the work a changing transformative experience as it both embodies and reflects the poem's presentation of the world as defined by instability and flux Tissol deftly illustrates that far from being merely ornamental style is as much a site for interpretation as any other element of Ovid's art In the first chapter Tissol argues that verbal wit and wordplay are closely linked to Ovidian metamorphoses Wit challenges the ordinary conceptual categories of Ovid's readers disturbing and extending the meanings and references of words Thereby it contributes on the stylistic level to the readers apprehension of flux On a larger scale parallel disturbances occur in the progress of narratives In the second and third chapters the author examines surprise and abrupt alteration of perspective as important features of narrative style We experience reading as a transformative process not only in the characteristic indirection and unpredictability of Ovid's narrative but also in the memory of his predecessors In the fourth chapter Tissol shows how Ovid subsumes Vergil's *Aeneid* into the *Metamorphoses* in an especially rich allusive exploitation one which contrasts Vergil's aetiological themes with those of his own work Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Swift and Pope Dustin Griffin, 2010-07-15 In this book Dustin Griffin explores the lifelong conversation between two great eighteenth century English writers Swift and Pope Ovid's Fasti Geraldine Herbert-Brown, 2002-10-31 This groundbreaking book celebrates the bimillennial anniversary of the inception of Ovid's *Fasti* by offering a variety of approaches to Ovid's poem on the Roman religious calendar It is edited by Geraldine Herbert Brown whose *Ovid and the Fasti* OUP 1994 first highlighted the value of the poem as an important source for the late Augustan and early Tiberian period The volume

does not aim at consensus but brings together experts from around the world without allowing any single prejudice to prevail. It will engage all those interested in the relationship between literature and society during the early Roman Principate.

Narrative and Imperative Risa B. Sodi, 2007. *Narrative Imperative* is the first book in English on Italian Holocaust writing as a whole. Risa Sodi explores the work of eight representative authors including the internationally famous Primo Levi, Giorgio Bassani, and Elsa Morante, and the lesser known Giacomo Debenedetti, Paolo Maurensig, Liana Millu, Bruno Piazza, and Giuliana Tedeschi. She examines issues of genre, language, gender, and facticity while situating the works studied within the fields of European and Holocaust letters. A brief history of the Italian Jews, the oldest Jewish community in Europe, opens the book, and the conclusion brings the study up to recent times.

The Annals of Tacitus Tacitus, 2016-12-08. Books 5 and 6 of Tacitus' *Annals* cover the last years of the emperor Tiberius. Although most of Book 5 is lost, Book 6 survives complete and offers a vivid narrative of the increasingly tyrannical princeps secluded on the island of Capri; the book ends with his death and obituary notice, one of the most celebrated passages of classical literature. The volume presents a new text of Books 5 and 6, restoring the division between them which was proposed by Lipsius, as well as a full commentary on the text covering textual, literary, linguistic, and historical matters. An Appendix discusses the Tacitean Tiberius. The volume rounds off the sequence which began with commentary on Books 1 and 2 of Tacitus' *Annals* by F. R. D. Goodyear (1972, 1981) and was continued by commentary on Book 3 by A. J. Woodman and R. H. Martin (1996).

New Directions in the Study of Ancient Geography Duane W. Roller, 2020-07-28. This volume brings together five essays that represent the latest directions in the study of geography in classical antiquity. Arranged chronologically, these contributions cover several centuries and cultures ranging from ancient Mesopotamia to the Roman Empire and deal with topics such as ancient cosmology, literary interpretations of geography, ancient navigation, and geography in the Roman Imperial world. Beginning in the ancient Near East, Paul T. Keyser's essay considers how Greek scholars' views on the cosmos, still relevant today, were influenced by early Near Eastern beliefs about the universe. Moving to the Hellenistic period, Duane W. Roller presents and provides commentary on a navigational guide for Ptolemaic seamen written by Ptolemy II's chief of naval staff, Timosthenes of Rhodes. Georgia L. Irby provides an analysis of a literary map, the Shield of Aeneas, from Vergil's *Aeneid*, as well as a detailed study of Pomponius Mela and his *Chorographia*, the earliest surviving Greco-Roman geographical treatise and the only extant independent geographical work in Latin. An essay by Molly Ayn Jones Lewis completes the volume by describing how Tacitus's *Germania* of the early second century AD is a work heavily reliant on environmental determinism, an issue that is still relevant today. Together, these essays demonstrate the great diversity of both ancient geographical writing and modern scholarship on ancient geography. This volume will be greeted with enthusiasm by ancient historians and classical studies scholars, particularly those interested in the cultural and political facets of geography.
