South African national bibliography, 1999 Classified list with author and title index African Languages in Classrooms and Academia: Intellectualisation and Empowerment through Formal Education Xolisa Tshongolo, 2024-12-02 To date there have been few comprehensive books published which deal specifically with the role of African languages in academia and formal education Motinyane Mletshe and Tshongolo as editors have produced a book that fills this gap In this timely collection of 21 chapters written in African languages and English the contributors offer a critique of both language practice in the classroom as well as language planning policy creation and implementation challenges A timely and innovative contribution in the area of language in education teaching pedagogy as well as multilingualism Effectiveness of teachers' guides in the Global South Benjamin Piper, Yasmin Sitabkhan, Jessica Mejia, Kellie Betts, 2018-05-10 This report presents the results of RTI International Education's study on teachers guides across 13 countries and 19 projects Using quantitative and qualitative methods we examine how teachers guides across the projects differ and find substantial variation in the design and structure of the documents We develop a scripting index so that the scripting levels of the guides can be compared across projects The impact results of the programs that use teachers guides show significant impacts on learning outcomes associated with approximately an additional half year of learning showing that structured teachers guides contribute to improved learning outcomes During observations we find that teachers make a variety of changes in their classroom instruction from how the guides are written showing that the utilization of structured teachers guides do not create robotic teachers unable to use their own professional skills to teach children Unfortunately many changes that teachers make reduce the amount of group work and interactivity that was described in the guides suggesting that programs should encourage teachers to more heavily utilize the instructional routines designed in the guide The report includes a set of research based guidelines that material developers can use to develop teachers guides that will support effective instructional practices and help improve learning outcomes The key takeaway from the report is that structured teachers guides improve learning outcomes but that overly scripted teachers guides are somewhat less effective than simplified teachers guides that give specific guidance to the teacher but are not written word for word for each lesson in the guide *Linguistics and Language Behavior Abstracts*, 2002 *The Standardisation of African Languages*, 2008 *African Books in Print*, 1978 *Children's Books in Print*, 2007, 2006 Study and Master Life Skills Grade 2 Learner's Book Sepedi Translation Fairuz Parker, Erato-Nadia Bizos, Mirna Lawrence, Dorothea Menezes, Khanieta Anwar, Penelope A H Hansen, 2011-01-31 Study good shoots
