September Question Physical Sciences P2014 Gauteng:

Anatomy of a South African Karst Hydrosystem Philip J. Hobbs, Harrison Pienaar, Eddie van Wyk, Yongxin Xu, 2022-08-05
This book combines the results of the research activities in the assessment of water resources environment and an integrated water resource monitoring program to support preservation efforts of the aquatic environment of the Cradle of Humankind COH World Heritage Sites A poor understanding of the surface and groundwater resources of the COH property has precipitated often alarmist reporting in the media regarding the negative impacts associated with various sources of poor quality water The most notable of these is the acid mine drainage threat to karst ecosystems and fossil sites across the property These circumstances have generated wide and considerable concern for the preservation of the UNESCO inscribed fossil sites and integrity of the water resources of the property

Towards applying a green infrastructure approach in the Gauteng City-Region Christina Culwick, Samkelisiwe Khanyile, Kerry Bobbins, Stuart Dunsmore, Anne Fitchett, Lerato Monama, Raishan Naidu, Gillian Sykes, Jennifer van den Bussche, Marco Vieira, 2019-12-11 In the context of heightened climate variability thinking about ways to redesign our urban areas with more sustainable infrastructure solutions is becoming more and more important Green infrastructure GI is emerging as an alternative approach to traditional grey infrastructure in urban planning and development Its emergence can be understood in terms of the growing demand for infrastructure and services increased concerns over natural resource constraints and climate change and the negative impacts associated with traditional approaches to designing and building cities It has been proposed that GI can provide the same services as traditional infrastructure at a similar capital cost while also providing a range of additional benefits However despite the increasing examples of successful urban GI applications traditional infrastructure continues to dominate due to the lack of systematic evidence to support GI implementation As a result there has been an increase in calls from policy and decision makers for a greater evidence base on the benefits of GI as well as for practical guidelines on its implementation Towards applying a green infrastructure approach in the Gauteng City Region is the GCRO s third report in its ongoing research into Green assets and infrastructure The first two reports in this project series were more theoretically grounded and policy oriented whereas this third report is more practical in nature The first report explored the basic principles around GI assessed the extent of ecological features in Gauteng and the way governments in the province think about planning and maintenance of green assets The second report responded to some of the challenges identified in the first report and in particular the importance of government officials and practitioners in exploring how international green infrastructure plans could be applied in the Gauteng context This third report builds on the findings of the aforementioned reports and the project s CityLab series which highlighted the need to build an evidence base as critical for garnering support for and as well as enhancing investment in the GI approach Unlike the more theoretically grounded earlier reports this report comprises four technical sections and practical reflections on how a GI approach could be incorporated into urban planning in the GCR and

in other similar urban contexts Light Sensitive Learners Wendy Johnson,2024-04-08 This book explains why Australian governments are doing nothing for marginalised light sensitive learners Government inaction is explored via policymaking theories and contrasted with a case study of active policymaking in a NSW high school which resulted in improved academic results This book exposes inequity and provides a warrant for action A must read for policy scholars who want to detect and understand policy inaction educators who want to support Light Sensitive Learners lighting designers who want to reduce the negative impacts of artificial lighting lawyers who want to understand the original intent and importance of the clause learning differently in the Disability Discrimination Act parents who want to know who s to blame **The National Agricultural Directory 2009** ,2009 **Science, Technology and Innovation in BRICS Countries** Swapan Kumar Patra,Mammo Muchie,2020-06-09 The term BRICS Brazil Russia India China and South Africa is gaining global attention both in scholarly and popular discourse BRICS countries are crucial in terms of their vast areas huge population and have massive economic potential These countries are also categorized as developing countries and are aspiring to be considered as developed countries There is commonality among these countries in that they have similar issues and problems which may require common solutions Science Technology and Innovation in BRICS Countries examines whether more emphasis on Science Technology and Innovation STI capability building could be the solution to these countries economic upgradation and poverty reduction This book is a collection of various Science Technology and Innovation STI issues of BRICS economics and will be of interest to general readers scholars working in this field as well as policy makers all over the globe The contributions come from various scholars across the globe who have published their BRICS economics research in a special issue of the African Journal of Science Technology Innovation and Development **A path to wellness in the educational and health systems** Lynn Preston,Wanda van der Merwe,2023-11-30 The Six Bricks initiative is a teaching and learning method that encourages focused engagement in the classroom by all learners from the foundation phase to adulthood By using six simple colourful DUPLO bricks an element of play is introduced into a situation that inevitably leads to all individuals focusing and interacting This is one of the major contributions to all teaching and learning disciplines and promotes the audience to learn with enjoyment enthusiasm and concentration Along with this communication is promoted sparking unimaginable creativity and creation This book provides the reader with an alternative focus to the original educational application of the Six Bricks activities This Six Bricks initiative focuses on the therapeutic application and processes in communities schools and within individuals themselves As each author has had an intimate connection with Six Bricks initiative they are all more than qualified to provide their autoethnographic reflections on this initiative which holds so much promise and excitement for learning and teaching Therefore each author s contributions were original and personalised providing a new field in the avenues of research in the South African context as South Africa does not have as yet much research on this topic The methodology used in this qualitative research study was primarily from each author s

perspective thus their self reflection and anecdotal personal experiences form the core of these chapters Therefore this autoethnographic is a self reflective form of writing which involves self observation and reflective investigation in the context of ethnographic fieldwork and writing

Integrating Disaster Science and Management Pijush Samui,Dookie Kim,Chandan Ghosh,2018-05-04 Integrated Disaster Science and Management Global Case Studies in Mitigation and Recovery bridges the gap between scientific research on natural disasters and the practice of disaster management It examines natural hazards including earthquakes landslides and tsunamis and uses integrated disaster management techniques quantitative methods and big data analytics to create early warning models to mitigate impacts of these hazards and reduce the risk of disaster It also looks at mitigation as part of the recovery process after a disaster as in the case of the Nepal earthquake Edited by global experts in disaster management and engineering the book offers case studies that focus on the critical phases of disaster management Identifies advanced techniques and models based on natural disaster science for forecasting disasters and analyzing risk Offers a holistic approach to the problem of disaster management including preparation recovery and resilience Includes coverage of social economic and environmental impacts on disasters
