Tear Down the Walls Patrick Burke, 2021-05-10 Rock and roll's most iconic not to mention wealthy pioneers are overwhelmingly white despite their great indebtedness to black musical innovators Many of these pioneers were insensitive at best and exploitative at worst when it came to the black art that inspired them Tear Down the Walls is about a different cadre of white rock musicians and activists those who tried to tear down walls separating musical genres and racial identities during the late 1960s Their attempts were often naive misguided or arrogant but they could also reflect genuine engagement with African American music and culture and sincere investment in anti racist politics Burke considers this question by recounting five dramatic incidents that took place between August 1968 and August 1969 including Jefferson Airplane's performance with Grace Slick in blackface on the Smothers Brothers Comedy Hour Jean Luc Godard's 1968 film Sympathy for the Devil featuring the Rolling Stones and Black Power rhetoric and the White Panther Party at Woodstock Each story sheds light on a significant but overlooked facet of 1960s rock white musicians and audiences casting themselves as political revolutionaries by enacting a romanticized vision of African American identity These radical white rock musicians believed that performing and adapting black music could contribute to what in the Black Lives Matter era is sometimes called white allyship This book explores their efforts and asks what lessons can be learned from them As

white musicians and activists today still attempt to find ethical respectful approaches to racial politics the challenges and victories of the 1960s can provide both inspiration and a sense of perspective **An Army Afire** Beth Bailey,2023-03-15 By the late 1960s what had been widely heralded as the best qualified best trained army in US history was descending into crisis as the Vietnam War raged without end Morale was tanking AWOL rates were rising And in August 1968 a group of Black soldiers seized control of the infamous Long Binh Jail burned buildings and beat a white inmate to death with a shovel The days of same mud same blood were over and a new generation of Black GIs had decisively rejected the slights and institutional racism their forefathers had endured As Black and white soldiers fought in barracks and bars with violence spilling into surrounding towns within the US and in West Germany Vietnam South Korea and Japan army leaders grew convinced that the growing racial crisis undermined the army's ability to defend the nation Acclaimed military historian Beth Bailey shows how the US Army tried to solve that racial crisis in army terms the problem of race Army leaders were surprisingly creative in confronting demands for racial justice even willing to challenge fundamental army principles of discipline order hierarchy and authority Bailey traces a frustrating yet fascinating story as a massive conservative institution came to terms with demands for change *The Newark Frontier* Mark Krasovic,2016-04-15 Conclusion Community Action and the Hollow Prize Acknowledgments Abbreviations Used in Notes Notes Index *Ebony* ,1970-01 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **The Epistemology of Protest** José Medina,2023 The Epistemology of Protest offers a polyphonic theory of protest as a mechanism for political communication group constitution and epistemic empowerment The book analyzes the communicative power of protest to break social silences and disrupt insensitivity and complicity with injustice Philosopher José Medina also elucidates the power of protest movements to transform social sensibilities and change the political imagination Medina's theory of protest examines the obligations that citizens and institutions have to give proper uptake to protests and to communicatively engage with protesting publics in all their diversity without excluding or marginalizing radical voices and perspectives Throughout the book Medina gives communicative and epistemic arguments for the value of imagining with protest movements and for taking seriously the radical political imagination exercised in social movements of liberation Medina's theory sheds light on the different ways in which protest can be silenced and the different communicative and epistemic injustices that protest movements can face arguing for forms of epistemic activism that resist silencing and communicative epistemic injustices while empowering protesting voices While arguing for democratic obligations to give proper uptake to protest the book underscores how demanding listening to protesting voices can be under conditions of oppression and epistemic injustice A central claim of the book is that responsible citizens have an obligation to echo or express communicative solidarity with the protests of oppressed groups that have been silenced and epistemically marginalized Studying social uprisings the book further argues that citizens have a duty to join protesting

publics when grave injustices are in the public eye **Protest and Dissent** Melissa Schwartzberg, 2020-03-03 Essays on the justification strategy and limits of mass protests and political dissent In *Protest and Dissent* the latest installment of the NOMOS series distinguished scholars from the fields of political science law and philosophy provide a fresh interdisciplinary perspective on the potential and limits of mass protest and disobedience in today's age Featuring ten timely essays the contributors address a number of contemporary movements from Black Lives Matter and the Women's March to Occupy Wall Street and Standing Rock Ultimately this volume challenges us to re-imagine the boundaries between civil and uncivil disagreement political reform and radical transformation and democratic ends and means *Protest and Dissent* offers thought provoking insights into a new era of political resistance **A Companion to the Vietnam War** Marilyn B. The Girls Next Door Kara Dixon Vuic, 2019-02-04 The story of the intrepid young women who volunteered to help and entertain American servicemen fighting overseas from World War I through the wars in Afghanistan and Iraq The emotional toll of war can be as debilitating to soldiers as hunger disease and injury Beginning in World War I in an effort to boost soldiers morale and remind them of the stakes of victory the American military formalized a recreation program that sent respectable young women and famous entertainers overseas Kara Dixon Vuic builds her narrative around the young women from across the United States many of whom had never traveled far from home who volunteered to serve in one of the nation's most brutal work environments From the *Lassies* in France and mini-skirted coeds in Vietnam to Marlene Dietrich and Marilyn Monroe Vuic provides a fascinating glimpse into wartime gender roles and the tensions that continue to complicate American women's involvement in the military arena The recreation program heightened the passions of troops but also domesticated everyday life on the bases Their presence mobilized support for the war back home while exporting American culture abroad Carefully recruited and selected as symbols of conventional femininity these adventurous young women saw in the theater of war a bridge between public service and private ambition This story of the women who talked and listened danced and sang adds an intimate chapter to the history of war and its ties to life in peacetime
