

Coca Cola Company Analysis - Research Paper Essay

Introduction

The Coca Cola Company is a beverage company that deals with manufacturing and distributing non-alcoholic beverages. The company is a dynamic organization with a clearly defined structure that offers a variety of products to its customers. The dynamic nature of the organization is as a result of the technological advancement that has influenced the performance of the organization. Their main product, Coca Cola is a beverage that is locally available all over the world. The beverage can be purchased from restaurants, local stores as well as vending machines. Coca Cola provides drinks that influence individuals' longing and needs. Furthermore, the successful system between clients, suppliers, shareholders, and employees has further contributed to the success of the organization (Armus, 2005). Based on the corporate success of Coca-Cola and its effective brand in providing the majority of the beverages purchased by the local consumers, it is vital to undertake a more in-depth analysis of its different structures as well as operations.

Nature of the Coca-Cola Company

The Coca Cola Company was formed in 1886, in Atlanta Georgia. The firm has also been identified as a leading company in the production, marketing as well as distribution of its products. Aside from selling beverages as end products, the company also offers concentrate and syrups to other companies that produce carbonated drinks. Such companies include bottling companies the dilute and package the concentrates into cans. The organization provides a wide variety of beverages that are consumed all over the world. This achievement was made possible when the company became a global company. The organization operates in more than 200 countries. The success of its globalization strategy is due to the simple slogan "Provide a moment of refreshment for a small amount of money - a million times a day" that was adopted by the company.

The distribution system applied by Coca Cola Company as well as its bottling companies can be identified as one of the best systems in terms of production and distribution. This system is designed in such a way that the employees have adopted the objectives of the company as their priority and thus become more dedicated to achieving the goals set. One of the critical corporate objectives of the merchandise is to increase the market-share value for its products. This objective was achieved through collaboration with stakeholders to satisfy consumers while at the same time valuing the interests of consumers. The company also protects its assets and minimizes corporate risks in an attempt to achieve this objective. As a result, the company has been ranked as the best firm in the products they produced.

Types of Products Services Offered by Coca Cola Company

The organization provides a variety of products and services to its customers. The company also has more than 300 beverage brands globally. Majority of the soft drinks offered by this organization includes Coke, Fanta, Sprite, fruit juice and Powerade. The beverages are packaged into either glass, plastic bottles or cans that are in varying sizes. The majority of the population recognizes
