perspective that engages deconstruction of faith critically while staying open to conceive it as a tool for Spirit led discipleship that can produce a more mature faith The book examines six affirmations made by Jacques Derrida that explain deconstruction Each of these is contrasted with specific examples of cultural changes taking place in Costa Rica Peter s experience at the house of Cornelius and a Pentecostal perspective By exploring a variety of authors Solis identifies different tools that can help pastors to better understand the experience of deconstruction while engaging in discipleship practices that can produce mature believers in a postmodern era *ORL-head and Neck Nursing* ,2002 **Essential Standard**
