Now this beloved resource has been revised throughout and expanded to include thirteen new disciplines along with a new preface by the author giving us practical guidance in our continuing journey toward intimacy with Christ.      [Testimony and Trauma](#) Amanda Hontz Drury, 2021-10-19 Jesus' crucifixion was a traumatic event. After Jesus' resurrection, the disciples were both astonished and terrified. Jesus was no longer dead, but the wounds from the crucifixion were still etched in his body. The return of Jesus was supposed to be a joyous occasion, but the trauma of the weekend's events nevertheless crept into the space following the resurrection. The resurrection story is one of betrayal, denial, beatings, public rejection, humiliation, and execution. Experiences like this do not disappear from memory. Christ has died; Christ is risen, but trauma will come again. *Testimony and Trauma* explores the Christian practice of testimony through the lens of articulation theory in order to facilitate healing.      *Summary of Sharon Garlough Brown's Sensible Shoes* Everest Media, 2022-08-22T22:59:00Z Please note: This is a companion version, not the original book. Sample Book Insights: 1. Meg was alone. Her only child, Becca, had flown away to London for her junior year of college. She was still trying to adjust to her loss. She had never been good at handling grief, and she feared she would never get over it. 2. The pastor had spoken to his wife about how hard Meg was finding the grief process. She had never visited the New Hope Center, but she knew where it was. 3. The next morning, just before eight o'clock, Steve knocked on her open office door. Another early start, he asked. I was at the hospital to pray with Ted and his family before his surgery this morning. I wanted to stay and wait with them, but I've got a nine o'clock meeting. I'll go back later to make sure he's doing okay. 4. The pastor told Hannah that she was being given a sabbatical to help her relax and appreciate the church's love and appreciation for her. She knew she didn't have control over her facial expression, so she looked away.
