ubiquitous within our society but their actions are often not well understood      **Police Theory in America** Robert C. Wadman, 2009 measurement of effective policing is based on a quick response to crime that has already been committed the value of crime prevention has become an afterthought in America's police departments The middle chapters outline these issues and identify the strategies to improve police community relationships and adjust the measurements for effective policing The concluding chapters identify strategies designed to facilitate police department organizational change Using terms from the discipline of economics a micro strategy and a macro strategy are outlined A new theory of policing concludes the book The book is intended primarily as a textbook for criminal justice students but it will also prove useful to police departments police academies city managers and elected officials responsible for police administration and community safety Book Jacket      **LATINO POLICE OFFICERS IN THE UNITED STATES** Martin Guevara Urbina, Sofia Espinoza Alvarez, 2015-03-01 Considering the long lasting and complicated history of U S race and ethnic relations the multiple array of issues currently confronting both ethnic and racial communities and the shifting trends in the ethnic racial landscape this book seeks to provide a comprehensive account of the simultaneous interaction of pressing historical and contemporary forces shaping the Latino experience as well as police minority relations to better understand the current state of policing and gain further insight into the future role of Latino police in American law enforcement across the country Delineating the confines of policing a highly diverse and multicultural society in the twenty first century this book conjoins historical theoretical and empirical research placing Latino policing within a broader law enforcement and community context Major topics include the need for Latino police officers employment of Latino officers by federal state and local law enforcement agencies Chicano police officers working in the Latino community Latino officers policy practice and ethnic realities Mexican American law enforcement bridging the gaps future research and change in American institutions policy recommendations toward a new police force and the future of Latino officers in the American police Additional issues highlighted include racial ethnic profiling police brutality underpolicing and overpolicing which challenge the quest for representation equality justice and due process Finally the contributing authors demonstrate that the lack of knowledge on Latino police and the overall American police is not inevitable and thus the book concludes with policy and research recommendations to help bridge this long neglected void ultimately the creation of a new police force for the twenty first century The text represents a most timely and essential tool for all levels of policing law enforcement administrators criminal justice educators civic managers criminologists sociologists and others vested in police reform      Juvenile Justice: A Social, Historical and Legal Perspective Preston Elrod, R. Barlow, Melissa Hickman Barlow, 2018-04-10 Social political and economic relationships played key roles in the historical development of the police The authors present policing strategies from the vantage points of marginalized communities and emphasize the intersection of attitudes about class race ethnicity gender and sexual orientation with policies Police practices cannot be class neutral in a class society nor can they be race neutral or gender neutral in a racist sexist and heterosexist society The key to understanding the relationship between the police and society is to think critically about the role of power and interests The second edition includes a new chapter in the section on the police and rebellion covering recent events There is also a new chapter on Latino a police officers and an expanded chapter on LGBTQ police officers Without meaningful social change toward greater justice police reforms such as community policing and training in cultural diversity will fall short of creating an institution characterized by fairness and equality for all members of society A clear view of history is essential for understanding the challenges a more diverse police force faces in today s multicultural environment      **The Politics of the Police** Benjamin Bowling, Robert Reiner, James W.
