

SCHEDULED SERVICING

Correct maintenance is essential for ensuring long life to your vehicle at top conditions.

This is why Fiat has programmed a series of checks and maintenance operations every 40,000/45,000 km according to engine models.

It is however important to remember that scheduled servicing does not completely cover all the vehicle requirements: also in the initial period before 40,000/45,000 km service coupon and later, between one coupon and another, ordinary care is still required such as for example routine check and topping up the level of fluids, tyre pressure check, etc...

IMPORTANT The Programmed Maintenance coupons are specified by the Manufacturer. The failure to have them carried out may invalidate the warranty.

Scheduled Servicing is performed by all Fiat Dealership, at pre-established times.

If during each operation, in addition to the ones programmed, the need arises for further replacements or repairs, these may be carried out only with the explicit agreement of the Customer.

IMPORTANT You are advised to contact Fiat Dealership in the event of any minor operating faults, without waiting for the next service coupon.

If your vehicle is used frequently for towing, the interval between one service coupon and the other must be reduced.
