Phonetics and Phonology Christoph Gabriel,Randall Gess,Trudel Meisenburg,2021-11-22 This handbook is structured in two parts it provides on the one hand a comprehensive synchronic overview of the phonetics and phonology including

prosody of a breadth of Romance languages and focuses on the other hand on central topics of research in Romance segmental and suprasegmental phonology including comparative and diachronic perspectives Phonetics and phonology have always been a core discipline in Romance linguistics the wide synchronic variety of languages and dialects derived from spoken Latin is extensively explored in numerous corpus and atlas projects and for quite a few of these varieties there is also more or less ample documentation of at least some of their diachronic stages This rich empirical database offers excellent testing grounds for different theoretical approaches and allows for substantial insights into phonological structuring as well as into incipient ongoing or concluded processes of phonological change The volume can be read both as a state of the art report of research in the field and as a manual of Romance languages with special emphasis on the key topics of phonetics and phonology Educational and Industrial Television ,1980 *Bookseller and the Stationery Trades' Journal* ,1976

Knights on the Frontier Ana Echevarria,2009-02-28 The kings of Castile maintained a personal cavalry guard through much of the fifteenth century consisting of practicing Muslims and converts to Christianity This privileged Muslim elite provides an interesting case study to propose new theories about voluntary conversion from Christianity to Islam in the Iberian Peninsula as well as the ways of assimilation of such a group into the local and courtly environments where they lived thereafter Other subjects involved are the transformation of royal armies from feudal companies to regimented professional forces including a well trained cavalry which in Castile was formed partly by these knights Their descendants had to endure the changing policies conveyed by Isabel and Fernando which increased discriminatory habits towards converts in Castilian society **Index-catalogue of the Library ...** Library of the Surgeon-General's Office (U.S.),1959
