The room becomes an important aspect of Thana's life. It marks a new
 her as one of the best things to happen
 she then created herself even though it
 no comfort and needs. It was a place
 and she could think things more clearly,
 and ideas that she had never thought of
 as the aspect that she starts to live a double life
 where during day she was filled with tasks and has the responsibility of
 being a Kreshberg Child, and at night she could escape and be herself, she
 can be herself without having anyone say her, she has freedom and all the
 time in the world.
