The Greatest Generation Comes Home Michael D. Gambone,2005-10-18 At the conclusion of World War II Americans anxiously contemplated the return to peace It was an uncertain time filled with concerns about demobilization inflation strikes and the return of a second Great Depression Balanced against these challenges was the hope in a future of unparalleled opportunities for a generation raised in hard times and war One of the remarkable untold stories of postwar America is the successful assimilation of sixteen million veterans back into civilian society after 1945 The G I generation returned home filled with the same sense of fear and hope as most citizens at the time Their transition from conflict to normalcy is one of the greatest chapters in American history The Greatest Generation Comes Home combines military and social history into a comprehensive narrative of the veteran s experience after World War II It integrates early impressions of home in 1945 with later stories of medical recovery education work politics and entertainment as well as moving accounts of the dislocation alienation and discomfort many faced The book includes the experiences of not only the millions of veterans drawn from mainstream white America but also the women African Americans Latinos and Asian Americans who served the

nation Perhaps most important the book also examines the legacy bequeathed by these veterans to later generations who served in uniform on new battlefields around the world

In the Shadow of the Greatest Generation Melinda L. Pash, 2014-05-22 Largely overshadowed by World War II's greatest generation and the more vocal veterans of the Vietnam era Korean War veterans remain relatively invisible in the narratives of both war and its aftermath Yet just as the beaches of Normandy and the jungles of Vietnam worked profound changes on conflict participants the Korean Peninsula chipped away at the beliefs physical and mental well being and fortitude of Americans completing wartime tours of duty there Upon returning home Korean War veterans struggled with home front attitudes toward the war faced employment and family dilemmas and wrestled with readjustment Not unlike other wars Korea proved a formative and defining influence on the men and women stationed in theater on their loved ones and in some measure on American culture In the Shadow of the Greatest Generation not only gives voice to those Americans who served in the forgotten war but chronicles the larger personal and collective consequences of waging war the American way

Canada and the Second World War Geoffrey Hayes, Mike Bechthold, Matt Symes, 2013-02-01 Terry Copp's tireless teaching research and writing has challenged generations of Canadian veterans teachers and students to discover an informed memory of their country's role in the Second World War This collection drawn from the work of Terry's colleagues and former students considers Canada and the Second World War from a wealth of perspectives Social cultural and military historians address topics under five headings The Home Front The War of the Scientists The Mediterranean Theatre Normandy Northwest Europe and The Aftermath The questions considered are varied and provocative How did Canadian youth and First Nations peoples understand their wartime role What position did a Canadian scientist play in the Allied victory and in the peace Were veterans of the Mediterranean justified in thinking theirs was the neglected theatre How did the Canadians in Normandy overcome their opponents but not their historians Why was a Cambridge scholar attached to First Canadian Army to protect monuments And why did Canadians come to commemorate the Second World War in much the same way they commemorated the First The study of Canada in the Second World War continues to challenge confound and surprise In the questions it poses the evidence it considers and the conclusions it draws this important collection says much about the lasting influence of the work of Terry Copp Foreword by John Cleghorn
