K. Tweedie,2015-02-11 Example in this ebook An intelligent and skillful physician vigorous athletic and courageous used to pursue his professional duties by day or night without anxiety or apprehension Often he was desired to use a lantern in his nightly journeyings but he laughed at the idea of danger and went his way One night walking in some slippery path he fell an injury resulted followed by long months of weariness and pain and finally ending in his death It was a sad fall and all for want of a lamp Bitterly did he regret his self confidence when it was too late to remedy the mischief which it had occasioned There are multitudes to day who are wandering in darkness and walking in unknown ways They are full of strength and hope and courage they do not think that they are in danger though caution is commendable in others This world is full of darkness clouds and shadows curtain it on every hand the glooms of the present the uncertainties of the future and the shadowy mysteries of the great Beyond teach us with emphasis that we have need of light and light which men can never give us We may draw wisdom from the experience of the past but what we need is a knowledge of the future This knowledge is not attainable through any human intelligence it must come from Him who dwelleth in light who is himself the light and life of men and who sends out his light and his truth to lead and guide the sons of Adam Of old it was written The commandment is a lamp and the law is a light The work of the servants of God has been to turn the Gentiles from darkness to light and from the power of Satan unto God It is the light of the glorious gospel of Christ which illuminates the darkness of this world and those who embrace that gospel become the children of the light and are not of the night nor of darkness Christ was the true light which lighteth every man that cometh into the world and this is the condemnation that light has come into the world and men loved darkness rather than light because their deeds were evil Being thus illuminated and made light in the Lord we are to walk as children of the light and walking in the light as Christ is in the light we have fellowship one with another and the blood of Jesus Christ cleanseth us from all sin Whatever course we may take in this life whatever occupation we may follow whatever profession we may choose this divine light is needful to us all We need God s word as a lamp to our feet and a light to our path to show us how to walk We need it in the daily affairs of life we need it in the field in the workshop and in the marts of business We need the heavenly light to guide us in childhood in youth in manhood in old age We need it whether in poverty or in riches in prosperity or adversity We need it to show us what we ought to do to day and to guide us in our hopes and expectations of the morrow Of old it was written the entrance of thy word giveth light If we follow its guidance we shall not walk in darkness but shall have the light of life Infidelity may threaten to break our lantern and to extinguish our light but this is not what we want It is not enough to extinguish the light we have we need something better Let the skeptic

then tell us what is our duty here let him unfold to us our destiny hereafter Let him unravel the mysteries of human existence Let him give us present peace and an assurance of future blessing and we will give attention to his words But we wish no one to extinguish the light we have and leave us in the darkness of a midnight without sun or star to be bewildered by the phantom lights of a false philosophy and beguiled into the quagmires of doubt and unbelief To be continue in this ebook

Lectures Delivered Before the Young Men's Christian Association, 1845-1846--1864-1865 Young Men's Christian Associations (London, England),1857 **Life of Edwin H. Chapin, D.D.** Sumner Ellis,2025-07-09 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Evangelical Magazine* ,1834 **The Gendered Society** Michael S. Kimmel,2000 They say that we come from different planets men from Mars women from Venus that we have different brain chemistries and hormones and that we listen speak and even define our morals differently How is it then that men and women live together take the same classes in school eat the same food read the same books and receive grades according to the same criteria In *The Gendered Society* Michael S Kimmel examines our basic beliefs about gender arguing that men and women are more alike than we have ever imagined Kimmel begins his discussion by observing that all cultures share the notion that men and women are different and that the logical extension of this assumption is that gender differences cause the obvious inequalities between the sexes In fact he asserts that the reverse is true gender inequality causes the differences between men and women Gender is not simply a quality inherent in each individual it is deeply embedded in society s fundamental institutions the family school and the workplace The issues surrounding gender are complex and in order to clarify them the author has included a review of the existing literature in related disciplines such as biology anthropology psychology and sociology Finally with an eye towards the future Kimmel offers readers a glimpse at gender relations in the next millennium Well written well reasoned and authoritative *The Gendered Society* provides a thorough overview of the current thinking about gender while persuasively arguing that it is time to reevaluate what we thought we knew about men and women
