woman's life choices are the easiest to dissect From one of the most powerful voices in contemporary Indian writing comes a passionate narrative of grit and gumption anger and loneliness and the daily struggle of being single in a country where the highest validation of your gender remains marriage and motherhood Fiercely honest and painfully vulnerable *Status Single* is a book that every woman and man single or otherwise must read ***Infertility*** Robin E. Jensen, 2016-09-29 This book explores the arguments appeals and narratives that have defined the meaning of infertility in the modern history of the United States and Europe Throughout the last century the inability of women to conceive children has been explained by discrepant views that women are individually culpable for their own reproductive health problems or that they require the intervention of medical experts to correct abnormalities Using doctor patient correspondence oral histories and contemporaneous popular and scientific news coverage Robin Jensen parses the often thin rhetorical divide between moralization and medicalization revealing how dominating explanations for infertility have emerged from seemingly competing narratives Her longitudinal account illustrates the ways in which old arguments and appeals do not disappear in the light of new information but instead reemerge at subsequent often seemingly disconnected moments to combine and contend with new assertions Tracing the transformation of language surrounding infertility from barrenness to infertility this rhetorical analysis both explicates how language was and is used to establish the concept of infertility and shows the implications these rhetorical constructions continue to have for individuals and the societies in which they live ***Chicken Soup for the Soul: From Lemons to Lemonade*** Jack Canfield, Mark Victor Hansen, Amy Newmark, 2013-08-13 *Chicken Soup for the Soul: From Lemons to Lemonade* will inspire encourage and motivate you to turn any sour situation into a better one with its 101 personal stories from others who turned a negative into something positive When life hands you lemons make lemonade This collection is full of inspiring true stories from others who did just that and will help you make the best of any bad situation You will find inspiration encouragement and guidance on turning what seemed like a negative into something positive in these 101 sweet stories of success ***A Pastoral Theology of Childlessness*** Emma Nash, 2021-05-31 The experiences of infertility and childlessness while not worse than other griefs and disappointments people experience are nevertheless distinctive in a number of important respects Unlike other griefs they often take place in private with no body no funeral and no public acknowledgement of the loss In her profound and wise theology of childlessness Emma Nash takes her own story as a starting point examining several distinctive features of this painful human experience She asks what biblical and theological resources offer consolation and what liberative action individuals and churches might take to make an appropriate response Weaving trauma theology together with personal experience Nash offers a profound and heartfelt theological reflection which breaks the barriers between pastoral resource and carefully constructed theology
