The Gospel In Eight Parables:

The Gospel in Eight Parables Ron Knapp, 2014-11-01 This book is an exposition of Matthew chapter thirteen which contains eight parables delivered and explained by our LORD. In each of the parables the LORD places an emphasis on the effects of the message of the Gospel. The book is formatted in such a way that it can be used to preach, to teach, or even as a personal devotional book, making it a versatile study tool. It is a compilation of sermons prepared and preached by Ron Knapp Jr. Serving as a bi-vocational small church pastor, Ron understands the struggles of balancing a full-time job with the need of having sermon resources readily available. The book looks at the parables of the soil, tares, mustard seed, leaven, hidden treasure, pearl of great price, net, and the householder. For each parable, the reader will find sermon outlines, the text of the sermons, sermon illustrations with references, and a bibliography. This study concludes with a challenge for all modern-day followers of Christ to go out and proclaim the Gospel to every living creature. *An Exposition of the Parables, and of Other Parts of the Gospels* Edward Greswell (B.D.), 1834 The Parables Dr. Paul Simpson Duke, 2010-09-01 Many resources have been written to offer assistance in exploring and understanding the lectionary texts for the purpose of preaching. However, few have sought to provide this kind of preaching commentary on texts that do not follow the lectionary's grouping. For those whose preaching does not customarily follow the lectionary and for those who depart from the lectionary text during certain periods of the year, little guidance has been offered for how to select and preach on important biblical texts. *The Parables: A Preaching Commentary*, the third book in *The Great Texts* series, gives guidance to preachers on preaching about this central part of faith. The principles by which volumes in *The Great Texts* series have been chosen are primarily two-fold: Thematic Texts on certain overarching themes or ideas of the Christian faith are brought together. Biblical traditional Texts have long been recognized as belonging together and as being particularly beneficial to the work of preaching. **Metanoia (Repentance): A Major Theme of the Gospel of Matthew** ChoongJae Lee, 2020-04-13 Matthew describes the beginning of Jesus's ministry with the summary words: "repent, turn for the kingdom of heaven is at hand" (3:2, 4:17). Why does Matthew use this command at the beginning of his ministry, and how does it relate to the rest of the Gospel? What do "and" and "mean" mean? Scholars have stated that 4:17 has critical value for understanding Matthew because the verse functions as a summary statement or key phrase of Jesus's public ministry and teaching. This book argues the thematic significance of turning/repentance in the Gospel of Matthew. The lexical idea of "and" involves a turning of mind or heart, will, thinking, and behavior, and so in turn of one's whole being and life. This opening commandment of turning, especially the concept, the essence, and the contents, is fully revealed throughout the body of Matthew in various ways: Discipleship, the language of righteousness, doing the will of God, changing one's heart and mind, the Great Commission, and Matthean soteriological theme convey the essence of "and" and the contents of the fruit worthy of 3:2, 8:4, 17. The five major teaching blocks (5, 7, 10, 13, 18, 23, 25) teach the theme and the content of *The Parables of Jesus Christ*: Eric Brandon Roberts, 2012-07-11 *The Parables of Jesus Christ: A Brief Analysis* is an in

depth look at Christ's teachings through Parables Approximately one third of the words spoken by Christ in the New Testament come in the form of parables This book attempts to relate those parables for modern readers *Parables for Preachers* Barbara E. Reid, 2000-08 Reid aids preachers by bringing together current biblical research on the parables in the hope that it will open new vistas of meaning and help spark their creativity She also offers an understanding of how parables communicate and invite preachers to try out the parabolic techniques of preaching *Parables for Preachers* is for everyone interested in obtaining a deeper understanding of parables All the Parables of Jesus David M. Brown, 2012-07-31 Like yeast parables are explosive stories of Jesus that invade our lives and transform us into citizens of the kingdom of God But they are also cryptic and that's where this book is useful More than an explanation or interpretation of each parable this definitive work is primarily an exercise in hermeneutics In it readers are taken through a process of discovering which sayings of Jesus are parables problematic questions related to counting and categorizing them and Jesus' rationale for speaking in parables The work then analyzes four distinct ways that parables are structured and three levels at which they do their work in us The final chapter presents parable-related hermeneutical guidelines and the book ends with seven extensive Appendices and two Indexes It is a must read for every biblical scholar *Sermons Preached in Sackville College Chapel* John Mason Neale, 1875 *Spiritual Instructions. The Religious Life* Thomas Thellusson Carter, 1879 **Teaching As Jesus Taught** Roy B. Zuck, 2002-01-09 Bible teachers have an ideal model for evaluating their pedagogy the Master Teacher Jesus Read through the Gospels and you quickly reach the conclusion that Jesus was a dynamic remarkably effective teacher never boring always stimulating never obtuse always clear never pompous or distant always personal and lovingly concerned writes Roy Zuck Zuck explores Jesus' involvement of students in the learning process his modeling of truth his method of responding to questions his use of rhetorical technique visuals and illustrations and his attitude toward those who sat under his instruction Zuck covers the Rabbi's overall style and its impact on disciples the general public and those who rejected him

Gresley, with a short account of the author by S.C. Austen* William Gresley, 1879 Luke 6:40 and the Theme of Likeness Education in the New Testament Thomas W. Hudgins, 2014-01-07

What does Jesus mean when he says A disciple is not above his teacher but each disciple after being fully trained will be like his teacher Luke 6 40 This verse has been quoted cited and referenced in vast amounts of Christian education and discipleship literature Nevertheless the verse is nearly untouched in exegetical discussions with the exception of source critical analyses From this verse arises an undeveloped theme in the Gospel of Luke and the New Testament the theme of likeness education Using content analysis methodology Luke 6 40 one of the keystone passages in Christian education literature serves as the starting point for mining out the theme of likeness education in the New Testament This study consists of three concentric areas of investigation 1 Luke 6 40 and its immediate context 2 Luke Acts and 3 the New Testament corpus

Canadian Prairie Mennonite Ministers' Use of Scripture Donald Stoesz, 2018-02-07 A chance discovery of a log book of sermons by grand uncle and Evangelical Mennonite Mission Conference minister Cornelius G Stoesz led Donald Stoesz on a fifteen year odyssey in which he identified four hundred and fifty seven Scripture texts used by seventeen Mennonite ministers in Canada over the course of one hundred years 1874 1977 The extensive yet selective use of the Lutheran lectionary by these ministers illuminates an aspect of Mennonite church life that has seldom been recognized Known as the Anweisung der Lieder and located at the front of the German language hymnbook Gesangbuch this lectionary was in use by Mennonite congregations in the 18th and 19th centuries in Prussia and Russia Stoesz details Scripture usage and arranges sermon texts according to method of selection and topic Included in this analysis are biographies of three pastors and several translated sermons from 1 Peter

[The New Chosen People, Revised and Expanded Edition](#) William W. Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the

gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church
