The Hidden Star:

The Hidden Star K. Sello Duiker, 2011-11-27 Eleven year old Nolitye's granny used to say if you mess with a woman you mess with a stone. When Nolitye finds a magical stone on the dusty streets of Phola, her granny's words take on a new meaning. Along with her two friends, the somewhat pampered Bheki and Four Eyes, a reformed member of the Spoilers gang led by Rotten Nellie, Nolitye puts the powers of the stone to good use for the first time. The threesome can stand up to the Spoilers. Nolitye can save the life of Rex, the leader of a pack of talking township mutts, and dare to look scary MaMtonga with her living brown and green snake necklace in the eye. But soon Nolitye finds out that the purplish blue magic stone is but five stones needed to put right things that started to go wrong the day her father died in a mining accident when she was five years old. Or so she was told by her mother. By merging a cast of characters straight out of African myth folklore with everyday township life, K. Sello Duiker created a magical world and a truly wondrous quest, a timeless tale that will appeal to an ageless audience.

The Hidden Soul Byron Nadgie, 2008-05-05 I am the Beginning and the End. I have waited peacefully a light at the centre of your being. Hidden beneath a spiritual and physical overcoat, waiting for you to remember. Who you are, I have whispered since the beginning of time. A hidden light, a whispered silence. Hear me. The New Age of Light Begins. I have many messengers, but only one message. There is but one truth. I am the centre of light. Everything for I am the mind and breath of God. For I am simply Peace. If you wish to understand your Hidden Soul, I give you these words to guide you. One of the most controversial books since the Da Vinci code.

Writers a hidden stars Meharunnisa S. Bepari, This is a beautiful anthology called WRITERS A HIDDEN STARS, as the name only indicates that it is summed up with the writers who are the hidden stars. A secret talent of writing is an art which can be the inspiration, motivation and aspiration to many readers. Writers are always hidden behind the success of inspiring and entertaining the audience. This book is the collection of 65 hidden talents and beautiful thoughts in the form of poems, short stories, essays, articles, drama and thoughts. As a compiler and writer, I undoubtedly say that this book is the best one ever.

The Ten Gods Joey Yap, 2010-12-01 An Introduction to The Cornerstone of BaZi. A thorough and detailed understanding of the Ten Gods is essential for anyone seeking to master BaZi beyond the beginner level. The ground-breaking The Ten Gods presents a one-of-a-kind reference on this subject in ways never attempted before by any Chinese or English reference books. To advanced, intermediate or even novice students, this collection of knowledge will be one of the most integral points of reference in their study of Destiny Analysis.

Rare Astrological Yogas with Stories Saket Shah, 2025-02-21 I am practicing astrology from my childhood and with multiple decades of experience, I am presenting in this book. I am telling 34 stories related to rare yogas and astrological insights. Astrology is a divine science and everybody should learn it to understand the divine code of this universe. How our karma of past life manifests in the present life and it reflects in our horoscope. Horoscope is nothing but a snapshot of our karma of past life. In this book, based on scriptures and lost text, I am providing 34 short stories to explore the astrological yogas. I hope

people will love reading this and I welcome everyone to dive in to this divine knowledge Regards Saket Shah *The Hidden History of Capoeira* Maya Talmon-Chvaicer, 2010-01-01 Capoeira a Brazilian battle dance and national sport has become popular all over the world First brought to Brazil by African slaves and first documented in the late eighteenth century capoeira has undergone many transformations as it has diffused throughout Brazilian society and beyond taking on a multiplicity of meanings for those who participate in it and for the societies in which it is practiced In this book Maya Talmon Chvaicer combines cultural history with anthropological research to offer an in depth study of the development and meaning of capoeira starting with the African cultures in which it originated and continuing up to the present day Using a wealth of primary sources Talmon Chvaicer analyzes the outlooks on life symbols and rituals of the three major cultures that inspired capoeira the Congolese the historic area known today as Congo Angola the Yoruban and the Catholic Portuguese cultures As she traces the evolution of capoeira through successive historical eras Talmon Chvaicer maintains a dual perspective depicting capoeira as it was experienced observed and understood by both Europeans and Africans as well as by their descendants This dual perspective uncovers many covert aspects of capoeira that have been repressed by the dominant Brazilian culture This rich study reclaims the African origins and meanings of capoeira while also acknowledging the many ways in which Catholic Christian culture has contributed to it The book will be fascinating reading not only for scholars but also for capoeira participants who may not know the deeper spiritual meanings of the customs amulets and rituals of this jogo da vida game of life *The Hidden Half* Patricia Albers, Beatrice Medicine, 1983 Covering a wide range of topics this volume presents case studies which focus on particular aspects of the female condition in Plains Indian societies mostly concentrated on tribal groups in the northern Plains region of the United States and Canada The focus is primarily historical dealing with the conditions of Plains Indian women in the pre reservation period but also contains selections concerned with the role and status of women in the modern reservation era **The Hidden Operators of Deceptive Mailings** United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations, 1999 **The Hidden Secret Power of Freemasonry** Robert Kallian, P.M., 2022-08-01 It is entertaining to be antiaEURMasonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society The Masonic term making good men better is the desire of the craft concerning all people living in a multicultural society to better themselves This is masonry in a nutshell To achieve this betterment takes a great deal of work and selfaEURintrospection which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world Contained herein are chapters on women in Freemasonry the Catholic Church and Freemasonry which contains an addendum relating to over one hundred cardinals and bishops who

under pseudonyms were Freemasons a chapter on the 133rd Psalm providing a lineal interpretation of a work which provides the important ideological humanistic basis for both society and Freemasonry with an important chapter analyzing the final end period of a man's life as it related to Ecclesiastes Chapter 12 Men join Freemasonry because in their hearts they seek to improve themselves In a reality any can start living as principled individuals exercising the same values without being a Freemason All that is required is desire and work effort with a foundation from the Holy Bible to betterment of himself However the Masonic Craft assists an individual in this journey by providing defined structure support and a roadmap that helps focus the advancement and as such increases the probability of a successful outcome Freemasonry centers on learning how to charge one's self with thought and physical conduct However in order to improve one must read study and understand the true nature of reality in life buttressed by the role of oneself and those with which one socializes This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected just as other holy books around the world are central to their Freemason organizations Much of Masonry's symbolism is taken from biblical sources especially Genesis and the stories surrounding the building of King Solomon's temples Great emphasis is placed on the development of moral and ethical virtues and the building of character with truth being the guiding principle of our lives Thus brotherhood and charity are natural outcomes and further define one of Masonry's major tenets Masonry uses proven methods to enhance the lives and spirits of members in a tangible way In every Masonic lodge upon its altar there is a Holy Bible supporting the square and compasses This old familiar book so beloved by so many generations is our Volume of the Sacred Law and represents the Great Light in Freemasonry The Bible is open when the lodge opens the Bible is closed when the lodge closes No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy Law lies open upon its altar It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message So mote it be May the mystery begin

The Fundamental Principles of Old and New World Civilizations Zelia Nuttall, 2022-08-01 In *The Fundamental Principles of Old and New World Civilizations* Zelia Nuttall presents a pioneering exploration of the intricate relationships between ancient and contemporary cultures The book deftly weaves together ethnographic analysis and historical narratives emphasizing the commonalities and divergences that define human societies across time Nuttall's analytical approach is underscored by her meticulous examination of cultural artifacts and her interest in indigenous traditions reflecting a literary style that combines scholarly rigor with a vividly descriptive narrative illuminating the dynamics of cultural evolution Zelia Nuttall a prominent American

archaeologist and anthropologist was instrumental in integrating Mesoamerican studies into the broader context of anthropological research in the early 20th century Her extensive fieldwork particularly in Mexico and her role as a faculty member at various prestigious institutions shaped her worldview and informed her analysis in this work Nuttall s unique perspective on the intersection of geography culture and history reveals her deep engagement with the subjects she investigates fostering a lasting appreciation for the complexities of civilization This book is an essential read for scholars and enthusiasts of anthropology history and cultural studies Nuttall s insights challenge conventional narratives while promoting an understanding of cultural interchange Readers seeking to deepen their comprehension of the foundational aspects of civilization will find this work both enlightening and indispensable *The Hidden Geometry of Life: The Science and Spirituality of Nature* Karen L. French,2014-05-10 Encompassing nature science art architecture and spirituality and illustrated with over 700 photographs and line drawings *The Hidden Geometry of Life* illuminates the secret underpinnings of existence In her trademark easy to understand style mathematician Karen French shows how sacred geometry permeates every level of being manifesting itself in simple shapes and numbers music and sounds light and color even in the mysteries of creation itself But these geometrical archetypes are more than the building blocks of reality they are gateways to profound new levels of awareness *The Hidden Life in Freemasonry* C. W. Leadbeater,2007-06-01 If you are satisfied with regular business meetings and great fish fries then this is NOT the Masonic book for you This classic Masonic esoteric work is designed for the student seeking far deeper meanings in Masonry In the words of the author Although the book is primarily intended for the instruction of members of the Co Masonic Order whose desire as is expressed in their ritual is to pour the waters of esoteric knowledge into the Masonic vessels I hope nevertheless that it may appeal to a wider circle and may perhaps be of use to some of those many Brn in the masculine Craft who are seeking for a deeper interpretation of Masonic symbolism than is given in the majority of their Lodges C W Leadbeater 1854 1934 was an English clergyman and respected theosophical author Leadbeater is the author of the popular *Freemasonry and Its Ancient Mystic Rites* This is an indispensable work for the esoteric Mason Foreword by Annie Besant *The Hidden Children of France, 1940-1945* Danielle Bailly,2010-07-01 The history of France s hidden children and of the French citizens who saved six out of seven Jewish children and three fourths of the Jewish adult population from deportation during the Nazi occupation is little known to American readers In *The Hidden Children of France* Danielle Bailly a hidden child herself whose family travelled all over rural France before sending her to live with strangers who could protect her reveals the stories behind the statistics of those who were saved by the extraordinary acts of ordinary people Eighteen former hidden children describe their lives before during and after the war recounting their incredible journeys and expressing their deepest gratitude to those who put themselves at risk to save others *Lily and the Hidden Magical World* Robin Wickens,2024-04-13 In *Lily and the Hidden Magical World* embark on an enchanting journey into a world where whimsy and wonder collide Follow young Lily as she

The Hidden Variables Theory: The Initial Values of the Fundamental Constants in Physics Israel Fried,2009-08-25 In this revision The electric charge of a subatomic particle is originated from its Orbital Angular Momentum OAM The electron mass is a magnitude that expresses quantitatively the square of its magnetic flux quantum The proton the neutron and all baryons consist of three energy levels on which the quarks are orbiting The third energy level is equivalent to 80.5 GeV it plays a role

at decaying process through the weak force The quark s OAM is a third or two thirds of the reduced Planck constant The proton s missing spin is resolved by quarks OAM contribution The electron is a bound state composition of a negative Pion and an electron Neutrino The theory predicts a neutral boson of 160Gev alongside to W boson from a 240Gev decaying particle The 2007 data analysis at CDF Tevatron showed this possibility Apparently this was a valid finding despite the final results The 240Gev particle can also decay to two W and one W Bosons instead of 160Gev Boson which makes it hard to be detected

The Hidden Face of God Gerald L. Schroeder, 2001-06-24 Gerald Schroeder an MIT trained scientist who has worked in both physics and biology has emerged in recent years as one of the most popular and accessible apostles for the melding of science and religion He first reconciled science and faith as different perspectives on a single whole in The Science of God Now in The Hidden Face of God Schroeder takes a bold step forward to show that science properly understood provides positive reasons for faith Recent research in biology chemistry physics and neuroscience contains unmistakable hints about the ultimate nature of reality Simply put we now know not only that behind matter lies energy but also that behind energy lies wisdom Scientists have touched on this wisdom in the laboratory and its implications are awesome From the wisdom encoded in DNA and analyzed by information science to the wisdom unveiled in the fantastic complexity of cellular life to the wisdom inherent in human consciousness The Hidden Face of God offers a tour of the best of modern science Schroeder makes no attempt to prove the existence of God Yet his interpretations of the work of his fellow scientists touch on life s ultimate mysteries His wise observations on the organization of organic life on the power of humans to make sense of their sensory inputs and on the complexities of the code of DNA all show that life has a direction and purpose that cannot be explained in purely physical terms Throughout he addresses three great themes the question of first causes i e where do the laws of nature come from the inseparability of mind and matter and the philosophical problem of design To believe that a designer must have been involved he reminds us we need not insist on perfection or on our view of perfection in the design The Hidden Face of God will open a world of science to religious believers and it will cause skeptics to rethink some of their deepest beliefs
