The Human Tradition in Modern Latin America William H. Beezley, Judith Ewell, 1997-09-01 SR Books two popular Human Tradition in Latin America titles covering nineteenth and twentieth century history have been combined into one exciting new volume The most compelling chapters from these books are now presented in The Human Tradition in Modern Latin America This collection offers powerful fascinating biographies of ordinary people caught in the sometimes devastating historical changes that have occurred in Latin America From the turbulent struggles for independence in the 1800s to the profound and often overwhelming transformations that have accompanied modernization in this century The Human Tradition in Modern Latin America personalizes the impact that revolution economic upheaval urbanization the destruction of community life and the disruption of both traditional family and gender roles have had on Latin Americans The Human Tradition in Modern Latin America is an invaluable text for courses in Latin American studies Nowhere else can such varied portraits be found as in these diverse and carefully researched essays written by leading scholars [The Human Tradition in Colonial Latin America](#) Kenneth J. Andrien, 2013-05-02 The Human Tradition in Colonial Latin America is an anthology of stories of largely ordinary individuals struggling to forge a life during the unstable colonial period in Latin America These mini biographies vividly show the tensions that emerged when the political social religious and economic ideals of the Spanish and Portuguese colonial regimes and the Roman Catholic Church conflicted with the realities of daily living in the Americas Now fully updated with new and revised essays the book is carefully balanced among countries and ethnicities Within an overall theme of social order and disorder in a colonial setting the stories bring to life issues of gender race and ethnicity conflicts over religious orthodoxy and crime violence and rebellion Written by leading scholars the essays are specifically designed to be readable and interesting Ideal for the Latin American history survey and for courses on colonial Latin American history this fresh and human text will engage as well as inform students Contributions by Rolena Adorno Kenneth J Andrien Christiana Borchart de Moreno Joan Bristol Noble David Cook Marcela Echeverri Lyman L Johnson Mary Karasch Alida C Metcalf Kenneth Mills Muriel S Nazzari Ana Mar a Presta Susan E Ram rez Matthew Restall Zeb Tortorici Camilla Townsend Ann Twinam and Nancy E van Deusen *The Human Tradition in Latin America* William H. Judith Ewell, William H. Beezley, 1989 Although the people whose stories appear in this book seem far removed from our lives most have the qualities that E M Forster admires as part of the true human tradition We may cringe at the suffering that some of them endured or contributed to or at the violence that pervaded their lives Still we can empathize with the courage and ability that gave most of them the power to endure through the cruelty and chaos of nineteenth century Latin America
