**Race and Popular Fantasy Literature** Helen Young, 2015-08-11 This book illuminates the racialized nature of twenty first century Western popular culture by exploring how discourses of race circulate in the Fantasy genre It examines not only major texts in the genre but also the impact of franchises industry editorial and authorial practices and fan engagements on race and representation Approaching Fantasy as a significant element of popular culture it visits the struggles over race racism and white privilege that are enacted within creative works across media and the communities which revolve around them While scholars of Science Fiction have explored the genre s racialized constructs of possible futures this book is the first examination of Fantasy to take up the topic of race in depth The

book's interdisciplinary approach drawing on Literary Cultural Fan and Whiteness Studies offers a cultural history of the anxieties which haunt Western popular culture in a century eager to declare itself post race. The beginnings of the Fantasy genre's habits of whiteness in the twentieth century are examined with an exploration of the continuing impact of older problematic works through franchising, adaptation and imitation. Young also discusses the major twenty-first century subgenres which both re-use and subvert Fantasy conventions. The final chapter explores debates and anti-racist praxis in authorial and fan communities. With its multi-pronged approach and innovative methodology, this book is an important and original contribution to studies of race, Fantasy and twenty-first century popular culture. **Robert E. Howard** Willard M. Oliver, 2025-04-15

Robert E. Howard (1906-1936) is most widely known today as the creator of Conan the Cimmerian, more popularly referred to as Conan the Barbarian. However, he also wrote across a wide array of genres for the pulp magazines of the 1920s and 1930s, including westerns, sports stories, boxing adventures, supernatural horror, and even humor. Howard also created many other popular characters, such as King Kull, Bran Mak Morn, Solomon Kane, Steve Costigan, and Breckenridge Elkins. More importantly, he created two specific subgenres of fiction: sword and sorcery, sometimes referred to as heroic fantasy, and weird westerns. Born and raised in Texas, Robert E. Howard began his writing career after his family settled in the small Central Texas town of Cross Plains. His first professional sale came from the pulp magazine *Weird Tales* in 1925, and over the next eleven years, he wrote hundreds of stories and an equal number of poems. With this prolific body of stories, he was among the most lauded pulp authors of that era. It has been said, and rightly so, that the secret to his success was that there was a bit of Howard in every one of his characters, and because Howard was a Texan, even Conan shows elements of the Texan in his persona. Robert E. Howard: The Life and Times of a Texas Author details the many trials and tribulations he faced as he became and remained a full-time writer while dealing with an aging father and caring for a mother who was dying of tuberculosis. The book both chronicles his personal life and demonstrates how the one driving force in Robert E. Howard's life—forming the foundation for all of his characters and stories—was his personal pursuit of freedom. He lived for his freedom; he wrote as a means to attain that freedom, and while it may sound strange, he also died tragically by his own hand in that very same pursuit at the young age of 30. *The Hyborian Age - Facsimile Edition* Robert Ervin Howard, Jeffrey Shanks, H.
