But the sleeping village life William thinks he has been sentenced to turns out to be something quite different as the young boy finds himself embroiled in a deadly mystery that is plaguing the hydrofoil and its builders. *Hydrofoil Mystery* Eric Walters, 2008-08-05 It is 1915 and Canada is embroiled in the First World War. The East Coast is under threat from German U boats that are sinking ships and endangering coastal towns. It all seems very far away from the life of fifteen year old William McCracken, a Halifax lad who has developed a taste for gambling and tough ways. William thinks he has a summer of mischief ahead of him until he discovers that his mother has arranged for him to spend the season working with an inventor by the name of Alexander Graham Bell. In a Nova Scotia outport, Bell and his crew are at work on his latest invention, a hydrofoil boat that will help the Allies defend the coast from the German danger. But there is a deadly menace hovering over the project and suddenly William finds his boring summer job transformed into an action packed race to solve a terrifying mystery. **The Hydrofoil Mystery**, 2014 In 1915 fifteen year old William McCracken is sent to work with Alexander Graham Bell in a Nova Scotia outport on Bell's latest invention, a hydrofoil boat to help defend the coast from the German danger during the First World War. **Death by Exposure** Eric Walters, 2006-09-01 A brother and sister find a man entombed in ice in a Rocky Mountain glacier.
