**The Imperfectionists** Tom Rachman, 2011-03-31 The charming and enthralling story of an idiosyncratic English language newspaper in Rome and the lives of its staffers as the paper fights for survival in the internet age A precise playful fiction with a deep but lightly worn intelligence Times Literary Supplement The newspaper was founded in Rome in the 1950s a product of passion and a multi millionaire s fancy Over fifty years its eccentricities earned a place in readers hearts around the globe But now circulation is down the paper lacks a website and the future looks bleak Still those involved in the publication seem to barely notice The obituary writer is too busy avoiding work The editor in chief is pondering sleeping with an old flame The obsessive reader is intent on finishing every old edition leaving her trapped in the past And the publisher seems less interested in his struggling newspaper than in his magnificent basset hound Schopenhauer The Imperfectionists interweaves the stories of eleven unusual and endearing characters who depend on the paper Funny and moving the novel is about endings the end of life the end of sexual desire the end of the era of newspapers and about what might rise afterward

private lives of the reporters editors and executives of an international English language newspaper as they struggle to keep it and themselves afloat Fifty years and many changes have ensued since the paper was founded by an enigmatic millionaire and now amid the stained carpeting and dingy office furniture the staff's personal dramas seem far more important than the daily headlines Kathleen the imperious editor in chief is smarting from a betrayal in her open marriage Arthur the lazy obituary writer is transformed by a personal tragedy Abby the embattled financial officer discovers that her job cuts and her love life are intertwined in a most unexpected way Out in the field a veteran Paris freelancer goes to desperate lengths for his next byline while the new Cairo stringer is mercilessly manipulated by an outrageous war correspondent with an outsize ego And in the shadows is the isolated young publisher who pays more attention to his prized basset hound Schopenhauer than to the fate of his family's quirky newspaper As the era of print news gives way to the Internet age and this imperfect crew stumbles toward an uncertain future the paper's rich history is revealed including the surprising truth about its founder's intentions Spirited moving and highly original **The Imperfectionists** will establish Tom Rachman as one of our most perceptive assured literary talents
