Entrepreneurial Theorizing Dean A. Shepherd,Holger Patzelt,2023-01-09 This open access book investigates an entrepreneurial approach to building new theories It provides a rich understanding of how specific tools facilitate aspects of the theorizing process and offers a clearer big picture of the process of building important new entrepreneurship theories The authors show that anthropomorphizing has been a critically important tool for developing influential entrepreneurship theories They reveal how scholars build on their rich and highly accessible understanding of humans i e the self and others to make guesses and sense of entrepreneurial anomalies articulate theoretical mechanisms to build more robust entrepreneurship theories and create

plausible stories that facilitate sensegiving Further they offer a framework that guides entrepreneurship scholars in finding a balance to maximize their contributions and guides reviewers and editors in managing the revise and resubmit process to advance the entrepreneurship field Finally they present lean scholarship as an approach to developing a portfolio of high quality high impact papers Lean scholarship starts with an entrepreneurial mindset and involves creating a minimum viable paper exploring its validity adding a plausible paper to one s portfolio and managing the portfolio by periodically deciding whether to persevere pivot or terminate each paper This seminal work will appeal to entrepreneurship researchers both those new to the field as well as seasoned veterans who want to learn more about the tools that can be used to generate new knowledge about new ventures and other entrepreneurship topics
