

# The Great Debaters: Viewing Guide

---

Inspired by a true story, *The Great Debaters* chronicles the journey of Professor Melvin Tolson, a brilliant but volatile debate team coach who uses the power of words to shape a group of underdog students from a small African American college in the deep south into a historically elite debate team. A controversial figure, Professor Tolson challenged the social mores of the time and was under constant fire for his unconventional and ferocious teaching methods as well as his radical political views. In their pursuit for excellence, Tolson's debate team receives a groundbreaking invitation to debate Harvard University's championship team.

Image	Character	Description
	Melvin B. Tolson	Wiley debate teacher
	Henry Lowe	Wiley debater – lives on his own
	Samantha Bookey	Wiley debater – first female debater on Wiley's debate team
	James Farmer, Jr.	Wiley debater – youngest at 14; preacher's son
	Dr. James Farmer, Sr.	Preacher – First African American to earn a doctorate from Harvard University.
	Sheriff Dozier	Town sheriff

**A Skeptic's Guide to Belief** Ken Crispin, 2019-04-04 What would happen if you faced your doubts set aside your preconceptions and decided to follow the path of truth wherever it might lead Most people whether believers or atheists doggedly defend what they have always believed Many see this as an expression of faith Yet there is something almost inexpressibly sad about the plight of people living out their lives in reliance upon beliefs they dare not question Perhaps that is why many of us come to a point at which we feel compelled to pursue the truth no matter what the implications But even if we found the courage to embark upon such a journey could we really find a path through the scientific philosophical experiential and theological thickets that surround the great questions of life And if we did would we know the truth and be set free Would we be forced to face a long feared despair Or would we find ourselves still staring impotently at an enigmatic universe This is a book unlike any other It addresses these questions with unflinching honesty drawing evidence from a diversity of scientific fields and subjecting the competing arguments to rigorous skeptical analysis

Teaching English Language Learners Worldwide Thomas Jerome Baker, 2013-05-06 It is estimated that over 1 billion people are currently learning English world wide According to the British Council as of the year 2 000 there were 750 million English as a Foreign language speakers In addition there were 375 million English as a Second Language speakers The difference between the two groups amounts to English as a Foreign Language speakers using English occasionally for business or pleasure while English as a Second Language speakers use English on a daily basis These impressive numbers are driven by adult speakers around the world who use English to communicate in the workplace It is a commonly held misconception that these speakers need English to communicate with native speakers While ESL is required for those living and working in English speaking cultures such as the UK and USA it is equally true that English is used as the lingua franca between nations where English is not the primary language In a globalized world the number of English learners around the world is only expected to further grow as the global trend to begin teaching English to young learners at increasingly younger and younger ages continues Teaching English Language Learners Worldwide contains relevant ELT pedagogy educational theory and is a Practical Guide for both the new and experienced teacher The practical guidebook offers educators practical strategies for teaching in all settings EAL EIL ELL ESL EFL worldwide It is written by a teacher of English who has over a decade experience in a variety of settings including language institutes schools and university with all ages and levels from beginner to advanced The book is written in a friendly engaging authentic practical voice It makes for easy reading and reference while motivating and interacting with the reader The author is the Past President of TESOL Chile and thus is no stranger to the controversial topics in English

Language Teaching which he takes head on in this book The writer says This is the book I wish I had when I first started teaching English language learners It would have made me a better teacher It provides research based instructional techniques which have proven effective with English learners at all proficiency levels The author requests you write a review for this book if you find this book to be helpful to you in your practical teaching where it is most valuable Thank you in advance for your support
