Wise,2023-11-27 Cortical Evolution in Primates provides a stand alone resource for neuroscience graduate students and established neuroscientists who have an interest in cortical evolution and primates Discussions of both cortical evolution and primates often rely on terms and concepts unfamiliar to many neuroscientists but such readers will have no need to look elsewhere to understand the text or figures in this book As well as reviewing the pertinent terminology and taxonomy Wise explores the palaeontology

adaptations and paleoecology of primates Through summarizing a neglected source of data fossil primates the book harnesses the power of comparative neuroanatomy to examine how cortical maps changed during primate evolution including nine proposals on why the cortex changed Together these topics inform a full understanding of cortical evolution in primates Wise concludes that the cortex expanded more recently than most neuroscientists suspect and it happened many times Furthermore cortical expansion occurred independently in several major primate lineages as ancestral primates adapted to the ecosystems of their time and place Natural selection favored the expansion of cortical areas with neural representations that provided a selective advantage to ancestral primates in those times and those places

Teaching Literature to Adolescents Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon, 2020-12-28 Now in its fourth edition this popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms This new edition broadens its focus to cover important topics such as critical race theory perspectives on teaching fiction nonfiction and drama the integration of digital literacy and teacher research for ongoing learning and professional development It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts It also addresses the need to organize literature instruction around topics and issues of interest to today's adolescents By using authentic dilemmas and contemporary issues the authors encourage preservice English teachers and their instructors to raise and explore inquiry based questions that center on the teaching of a variety of literary texts both classic and contemporary traditional and digital New to the Fourth Edition Expanded attention to digital tools multimodal learning and teaching online New examples of teaching contemporary texts Expanded discussion and illustration of formative assessment Revised response activities for incorporating young adult literature into the literature curriculum Real world examples of student work to illustrate how students respond to the suggested strategies Extended focus on infusing multicultural and diverse literature in the classroom Each chapter is organized around specific questions that preservice teachers consistently raise as they prepare to become English language arts teachers The authors model critical inquiry throughout the text by offering authentic case narratives that raise important considerations of both theory and practice A companion website a favorite of English education instructors <http://teachingliterature.pbworks.com> provides resources and enrichment activities inviting teachers to consider important issues in the context of their current or future classrooms

Mastering English Literature Richard Gill, 2006-07-28 The third edition of this leading text provides a comprehensive guide to literary study Emphasis has been placed on contextualizing literature and this updated version takes these changes into account by incorporating more material on historical and cultural contexts as well as in depth discussions on novels drama and poetry

Omnibus III Douglas Wilson, Douglas Wilson and G. Tyler Fischer, 2006-12 Joycean Elements in F. Scott Fitzgerald's *The Great Gatsby* Barney Tanner, Bernard R. Tanner, 2007 This research monograph argues that Scott Fitzgerald consciously used a variety of Joycean devices in *THE GREAT GATSBY* and these devices were the result

of close readings of Joyce's DUBLINERS and ULYSSES The monograph breaks new ground in Fitzgerald scholarship and has implications for Joyceans as well The author's research was first begun under the mentorship of Professor Wallace Stegner and has lasted over 35 years Tanner also benefited from a correspondence with Edmund Wilson prior to Wilson's death This study sets out to prove that Fitzgerald modeled numerous elements of GATSBY on elements found in Joyce's ULYSSES FSF imitated Joyce's use of the first letter in each of the parts of ULYSSES There Joyce alluded to two matters 1 the first names of his characters and 2 the logical steps of a syllogism Fitzgerald enriched this device He developed three parts in his novel 3 3 and used the first and last letters of each of his 9 chapters for two purposes to repay in a bold and playful way his debt to Joyce and to honor Ernest Renan famed for his LIFE OF JESUS and a source of burlesque techniques employed in Gatsby This is just one example of a number of research issues raised by Tanner a number new to Fitzgerald scholarship Other chapters deal with FSF imitation of Joyce's Araby in Fitzgerald's story Absolution a precursor to Gatsby sources for Christian allusions and direct allusions to ULYSSES the shadowing and doubling of characters patterns of imagery and numeracy in topics and theme The work contains two appendices including a significant comparison of Trimalchio and THE GREAT GATSBY
