The Happiness Pill And Other Short Stories:

KUL Short stories with an intriguing question? Laurens van Lieshout, 2023-12-13 Questions that we do not yet know the answer to An example of such a story is The last baby What could happen if the quality of our seeds continues to deteriorate The story The first pharaoh on the other hand deals with the question of the origin of diversity Another example is Armpit sweat In this story it has been emphasized that the smell of the partner could be essential for a lasting relationship Also some stories such as space sex give you the opportunity to come up with your own plot They provide inspiration to let the imagination run wild Similar to a joke these short stories are intended to make the audience think and possibly to make you laugh The stories should be read with a wink because life is serious enough That's why the short story collection is called KUL The stories give food for thought and are worth telling Each story is unique and grabs you from the start Sometimes they seem more like a consideration a philosophical train of thought or a statement But they are all narrative Some stories are humorous some start with a statement and develop it further into the future
