The Hitman's Guide to Housecleaning Hallgrímur Helgason, 2012 When assassin Tomislav Bok i or Toxic kills the wrong person in a botched assassination he flees to Iceland and is forced to come to terms with his bloody past and reevaluate his future in a country with no tradition of contract killing *A Study Guide for T.C. Boyle's "The Hit Man"* Gale, Cengage, 2018-09-13 A Study Guide for T C Boyle s *The Hit Man* excerpted from Gale s acclaimed *Short Stories for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Short Stories for Students* for all of your research needs *The Hitman's Guide to Housecleaning* Hallgrímur Helgason, 2012 Útrásarvíkingar! Alaric Hall, 2020 As the global banking boom of the early twenty first century expanded towards implosion Icelandic media began calling the country s celebrity financiers tr sarv kingar raiding vikings This new coinage encapsulated the macho medievalist nationalism which underwrote Iceland s exponential financialisation Yet within a few days in October 2008 Iceland saw all its main banks collapse beneath debts worth nearly ten times the country s GDP Hall charts how Icelandic novelists and poets grappled with the Crash over the ensuing decade As the first English language monograph devoted to twenty first century Icelandic literature it provides Anglophone readers with an introduction to one of the world s liveliest literary scenes It also contributes a key case study for understanding global artistic responses to the early twenty first century crisis of runaway unregulated capitalism exploring the struggles of writers to adapt realist forms of art to surreal times As Iceland s biggest crisis since their independence from Denmark in 1944 the effect of the Crash on the national self image was as seismic as its effects on the economy This study analyses the centrality of whiteness and the abjection of the developing world in Iceland s post colonial identity and shows how Crash writing explores the collisions of Iceland s traditional nationalist medievalism with a dystopian Orientalist medievalism associated with the Islamic world The Crash in Iceland was instantly recognised as offering important economic insights This book shows how Iceland also helps us to understand the cultural convulsions that have followed the Financial Crisis widely in the West *Encyclopedia of Nordic Crime Fiction* Mitzi M. Brundsdale, 2016-05-12 Since the late 1960s the novels of Sjöwall and Wahlöo s Martin Beck detective series along with the works of Henning Mankell Hakan Nesser and Stieg Larsson have sparked an explosion of Nordic crime fiction grim police procedurals treating urgent sociopolitical issues affecting the contemporary world Steeped in noir techniques and viewpoints many of these novels are reaching international audiences through film and television adaptations This reference guide introduces the world of Nordic crime fiction to English speaking readers Caught between the demands of conscience and societal strictures the detectives in these stories like the heroes of Norse mythology know that they and their world must perish but fight on regardless of cost At a time of bleak eventualities Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit **Collective Memory in Post-Soviet Kaliningrad Oblast** Miłosz J.

Cordes,2025-06-16 This volume presents the way the discourse of memory and identity in the post Soviet territory of Kaliningrad Oblast has altered over time examining the ways in which politically motivated German myths about East Prussia which emerged after the unification of Germany in 1871 were reused and adapted after 1991 and the role the region has played in wider memory policies of the Russian Federation particularly since Vladimir Putin s third presidential term began in 2012 Kaliningrad Oblast is Russia s westernmost region maintaining a direct maritime but no land connection with the rest of the country The region was part of East Prussia which became a crucial element of the German national mythology after 1871 In 1945 East Prussia became one of the Soviet Union s most important war trophies Ever since its complex political cultural ethnic and religious history has presented a challenge to the central Soviet and Russian authorities Ever since the emergence of a deep internal crisis in the Soviet system in the 1980s the role of the Oblast s past has been subject to intense public debate reflecting the intricacies of post Soviet Russian memory politics Collective Memory in Post Soviet Kaliningrad Oblast is intended for scholars interested in collective memory in the post Soviet space as well as the role that the history Kaliningrad Oblast has played in establishing the so called neoconservative narrative in today s Russia **Lejemorderens**
