In Search of Britain's Haunted Castles Marc Alexander,Paul Abrahams,2011-11-30 Britain's reputation for its ghostlore remains as intriguing as ever This book is for those interested in ghostlore and castles and for those who wish to visit the scenes of paranormal legend It could easily be said that in the UK we are spoilt for choice when it comes to atmospheric historic buildings and certainly Britain's many castles are liberally scattered all over the country The castles selected in this book have been chosen for their prevalence of spectral tales and the legendary events associated with them whether grisly executions or bloody battles their names have become synonymous with their history This handy pocket history and guide

locates and describes over sixty haunted castles and their ghostly inhabitants Featuring entry information maps and photographs and detailed research revealing where supernatural legends associated with castles mirror historical events this book offers far more than just a collection of spooky tales **Two nights in a haunted house in Russia, by the author of 'A night in a haunted house in Ireland'**. Edward Tracy Turnerelli,1873 Queen Victoria's Other World Peter Underwood,1986 There have been many books about Queen Victoria but there has never been one that has explored her other world the world of the strange and unusual the world of death and her fascination for it and the world of the unseen and the paranormal that she could never resist During his research Peter Underwood gained the distinct impression that there was something of a conspiracy of silence around her interest in the paranormal however there is overwhelming evidence that as a fatherless and bewildered princess as a quickly matured queen and then as a widowed and often lonely woman Victoria showed a considerable interest in death and its draperies This book covers Victoria s youthful encounters with the occult her visits to haunted properties her friends and acquaintances with similar interests and experiences her alleged involvement with Robert Lees the medium her undoubted interest in the Jack the Ripper murders her obsession with omens and superstitions and her fascination with death Not long before his death the Prince Consort told the Queen We don t know in what state we shall meet again but that we shall recognise each other and be together in eternity I am perfectly certain Through forty years of widowhood Queen Victoria believed utterly that this would be so *The haunted homes and family traditions of Great Britain. Illustr. ed* John Henry Ingram,1890 Behind the Marble and Mirrors Carol L. Farrand,2012-01-20 One of the first lessons author Carol Farrand learned was that opportunity lurks where you least expect it When she took her daughter to a local resort to apply for a seasonal position she had no idea how her own life would change on that fateful day She was over forty years old and had just sold the small resort she ran with her husband She was looking forward to a summer of relaxation freedom and fun Instead a new path was laid before her one that would take her to top resorts all over the United States and the world As a new project manager for an international hotel chain she had the world at her feet The trouble was that not everyone would prove welcoming Carol quickly learned how to deal with the many challenges facing a female manager in a male dominated industry sexual harassment bigotry sexism and more Eventually she adjusted to life on the road once she dug deep enough she found the strength to triumph over the stressful situations she encountered But the greatest lessons she learned was that she was stronger than anyone thought and that life truly can begin at forty *Psychological Review* ,1882 **An English Queen and Stalingrad** Natalia Kulishenko,2020-02-26 The author traces the Queen Mother s formative years her family life in the palace environment her growing adoration and ascension to the British throne how she arranged aid to Stalingrad and was ultimately named an honorary citizen of that city and other little known details from the life of the Queen and her circle With a foreword by Yuri Fokin Russia s ambassador to the UK in the period 1997 2000 who was personally acquainted with the Queen Mother the book will undoubtedly appeal to the British

public and to anyone interested in Russian British relations and the two countries World War II history Illustrated with photographs from private collections and from the Battle of Stalingrad Museum some of which readers will see for the first time Published with the support of the Institute for Literary Translation Russia **The uninhabited house and The haunted river** Charlotte Eliza L.
