

The Hemlock Avenue Mystery

A night landscape featuring a snow-capped mountain peak reflected in a calm lake, with a starry sky above. The scene is dark, with the white snow on the mountain providing a focal point. The reflection in the water is clear and detailed. The sky is filled with numerous stars, and the overall atmosphere is serene and mysterious.

The Hemlock Avenue Mystery (Classic Reprint) Lily Augusta Long, 2015-06-28 Excerpt from The Hemlock Avenue Mystery So he counted it luck just to have the chance to say Good morning It seems that Fullerton must have approached from the side street for the two men met at the foot of the Courthouse steps and came up together Lyon noticed that though they nodded to each other they did not speak At the top Fullerton pushed ahead so as to come first through the revolving pepperbox of a storm door which made the entrance of fresh air to the Court House as difficult as was the exit of foul air within Lawrence swung through in the next compartment pushing the door around much more rapidly than suited Fullerton s dignified gait The knowledge that he had thumped his distinguished predecessor s heels probably cheered Lawrence s heart for he cried gayly as he emerged You see I follow in your footsteps Not for the first time said Fullerton in level tones with a slow lifting of his lowered eyelids The effect of those quiet words on Lawrence s temper was surprising Instantly his hand flashed out and he slapped Fullerton s face In a moment half a dozen men were between them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Origins of the American Detective Story LeRoy Lad Panek, 2015-01-24 Edgar Allan Poe essentially invented the detective story in 1841 with Murders in the Rue Morgue In the years that followed however detective fiction in America saw no significant progress as a literary genre Much to the dismay of moral crusaders like Anthony Comstock dime novels and other sensationalist publications satisfied the public s hunger for a yarn Things changed as the century waned and eventually the detective was reborn as a figure of American literature In part these changes were due to a combination of social conditions including the rise and decline of the police as an institution the parallel development of private detectives the birth of the crusading newspaper reporter and the beginnings of forensic science Influential too was the new role model offered by a wildly popular British import named Sherlock Holmes Focusing on the late 19th century and early 20th this volume covers the formative years of American detective fiction Instructors considering this book for use in a course may request an examination copy here
