Bill Maurer, Lana Swartz

The Hilarious Book Of Ted Memes And Jokes English Edition:

The Language of Jokes in the Digital Age Delia Chiaro, 2017-11-23 In this accessible book Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world The book shows how while on the one hand the lingua cultural nuts and bolts of jokes have remained unchanged over time on the other the time space compression brought about by modern technology has generated new settings and new ways of joking and playing with language The Language of Jokes in the Digital Age covers a wide range of settings from social networks e mails and memes to more traditional fields of film and TV especially sitcoms and game shows and advertising Chiaro s consideration of the increasingly virtual context of jokes delights with both up to date examples and frequent reference to the most central theories of comedy This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics Likewar Peter Warren Singer, Emerson T. Brooking, 2018 Social media has been weaponized as state hackers and rogue terrorists have seized upon Twitter and Facebook to create chaos and destruction This urgent report is required reading from defense experts P W Singer and Emerson T Brooking **Paid** Bill Maurer, Lana Swartz, 2018-03-16 Stories about objects left in the wake of transactions from cryptocurrencies to leaf imprinted banknotes to records kept with knotted string Museums are full of the coins notes beads shells stones and other objects people have exchanged for millennia But what about the debris the things that allow a transaction to take place and are left in its wake How would a museum go about curating our scrawls on electronic keypads the receipts wadded in our wallets that vast information infrastructure that runs the card networks This book is a catalog for a museum exhibition that never happened It offers a series of short essays paired with striking images on these often ephemeral invisible or unnoticed transactional objects money stuff Although we ve been told for years that we re heading toward total cashlessness payment is increasingly dependent on things Consider for example the dongle a clever gizmo that processes card payments by turning information from a card s magnetic stripe into audio information that can be read by a smart phone s headphone jack Or dogecoin a meme of a smiling bewildered dog s interior monologue that fueled a virtual currency similar to Bitcoin Or go further back and contemplate the paper currency printed with leaves by Benjamin Franklin to foil counterfeiters or khipu Incan records kept in knotted string Paid s authors describe these payment adjacent objects so engagingly that for a moment financial leftovers seem more interesting than finance Paid encourages us to take a moment to look at the nuts and bolts of our everyday transactions by looking at the stuff that surrounds them Contributors Bernardo B tiz Lazo Maria Bezaitis Finn Brunton Lynn H Gamble David Graeber Jane I Guyer Keith Hart Sarah Jeong Alexandra Lippman Julien Mailland Scott Mainwaring Bill Maurer Taylor C Nelms Rachel O Dwyer Michael Palm Lisa Servon David L Stearns Bruce Sterling Lana Swartz Whitney Anne Trettien Gary Urton The Compact Edition of the Oxford English Dictionary Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 *Well*
