The Hunt For Bin Laden:

The Hunt for Bin Laden The Washington Post,2012-08-10 The long and secret effort to track down Osama bin Laden has been called the biggest costliest manhunt in history From the Pulitzer Prize winning Washington Post this reconstruction compiled from reporting from more than two dozen Washington Post correspondents and staffers from over more than 15 years traces the hunt from its beginnings in 1997 during the Clinton administration THE HUNT FOR BIN LADEN is a behind the scenes narrative that reveals the fourteen year billion dollar effort that brought the hunt to a swift and conclusive end including The numerous times CIA agents had bin Laden in their crosshairs prior to 9 11 only to have missions canceled at the last moment Vivid details of bin Laden s behavior in the wake of the attacks on September 11th The myriad of ways he evaded detection in his years on the lam including his narrow escape from the caves and tunnels of Tora Bora How the war in Iraq drained resources and diverted the spotlight from the hunt turning the mission to kill or capture bin Laden into a back burner operation and political liability for the Bush administration It wasn t until the Iraq war began to wind down that the search gained its endgame momentum the Post shows reclassified as a highest priority again by a new president How increasingly punishing drone attacks interrogations of captured al Qaeda operatives and an ever expanding network of informants finally began to yield a trail that led to bin Laden s courier a cell phone interception and ultimately bin Laden

The Hunt for Bin Laden Josh Gregory,2014-02-21 The terrorist attacks of September 11 2001 were one of the most devastating events in U S history For years afterward the U S government searched around the world for Osama bin Laden the terrorist leader behind the attacks

The Finish Mark Bowden,2012-10-16 There wasn t a meeting when someone didn t mention Black Hawk Down A senior Obama administration official as quoted in The New York Times 02 05 2011 From Mark Bowden internationally bestselling and acclaimed author of Black Hawk Down and the preeminent chronicler of the actions of the US military and special forces writing today comes an intensely gripping account of the hunt for and elimination of Osama bin Laden With unprecedented access to key sources and his great gift for storytelling Bowden takes us inside the rooms where decisions were made and

where the action unfolded The story focuses on bin Laden who maintained a steady stream of despairing correspondence in hiding in the year before his death and on President Obama perceived by many as an anti war candidate because of his opposition to the Iraq War whose evolving views and enormous responsibilities have turned him into one of the most determined warriors to ever inhabit the White House It details the rapid evolution of war fighting methods over the last decade as American special forces and intelligence agencies have adapted to fight non state enemies like Al Qaeda and how they came together seamlessly in May 2011 to kill the world s most notorious terrorist Tracing the operation in blow by blow detail Bowden s book is an unrivaled account of the most high profile special forces operation ever to have been undertaken and a page turning narrative of how the man behind 9 11 was finally brought to justice Killing Geronimo Darren G. Davis,2012 Depicts in graphic novel format America s search for the terrorist and Al Qaeda leader from the initial order to find him issued by President George W Bush to the United States Navy SEALs who found him in Pakistan ten years later

Bergen,2012 Book Description Al Qaeda expert and CNN national security analyst Peter Bergen paints a multi dimensional picture of the hunt for bin Laden over the past decade as well as the recent campaign that gradually tightened the noose around him Other key elements of the book will include A careful account of Obama s decision making process in the final weeks and days as the raid was planned as well as what NSC cabinet members were advising him the fascinating story of a group of mostly women analysts at the CIA in the HVT high value target section who never gave up assembling the tiniest clues about OBL s whereabouts the untold and action packed history of the Joint Special Operations Command JSOC and the SEALs which accounts for the confidence Obama had in tasking them with the mission and an analysis of what the death of OBL means for al Qaeda for the wider jihadist movement that looked to him for inspiration and strategic guidance and for Obama s legacy Just as Hugh Trevor Roper s *The Last Days of Hitler* was the definitive account of the death of the Nazi dictator so too is *Manhunt* the authoritative immersive account of the operation that killed the man who organized the largest mass murder in American history *Beyond Bin Laden* Brig (Retd) Rahul K Bhonsle,2011-10-12 The elimination of Osama Bin Laden was a remarkable success for American intelligence

and Special Forces To track down a rebel leader who had cut himself off from communications with the World and operated from an isolated compound in an affluent locality where none would really suspect his presence requires diligence patience and perseverance of the highest order The raid by US Special Operations Forces was also unique Launched after careful preparation using stealth helicopters the deadly strike force known as the Seals swooped down on the target and in half an hour plus succeeded in achieving the mission and getting away before local forces had even stirred Will the World be a better place without Osama or will it sink to the doom that he had predicted continues to be a dilemma There are many prognostications some represent plain hope others are borne out of historical experience while some spring from disparaging cynicism which see the ebb and flow of terrorism either receding or expanding as the years go on This Book is an attempt to work through this maze of uncertainty by examining key vectors related to the rise and fall of Osama Bin Laden and the Al Qaeda to envisage four possible scenarios ranging from the collapse of the state order seen as unlikely to containment of terror threat equally challenged in three dimensions globally regionally and locally over the next decade or so

Osama Bin Laden Kelly Mass, Osama bin Mohammed bin Awad bin Laden was born on March 10 1957 in Riyadh Saudi Arabia into one of the wealthiest and most influential families in the kingdom His father Mohammed bin Awad bin Laden was a Yemeni immigrant who had built a construction empire that would become synonymous with Saudi Arabia s rapid modernization during the oil boom of the mid twentieth century The bin Laden family s Saudi Binladin Group became the go to contractor for major infrastructure projects including the expansion of the holy mosques in Mecca and Medina cementing their status as trusted allies of the Saudi royal family Growing up as one of approximately fifty children born to Mohammed bin Laden s multiple wives Osama experienced both privilege and a sense of displacement within the sprawling family structure His mother Alia Ghanem was Syrian and reportedly one of his father s least favored wives which may have contributed to young Osama s feelings of being an outsider despite his material advantages The family s wealth provided him with the finest education available yet it was within this environment of extreme privilege that the seeds of his radical ideology would eventually take root
