Leon, 2011-08-22 From sex fiend laws to Jessica s Law every state regularly passes popular tough on crime legislation often written after highly publicized cases have made the gruesome rounds through the media Chrysanthi Leon shows that while the singular notion of the sexual bogeyman has been used to justify these harsh policies not all sex offenders are the same and such one size fits all policies are well intentioned but badly implemented Leon argues for much needed changes to the criminal justice system ultimately showing that when policies intended for the worst offenders take over all of us suffer A Woman Scorned Peggy Reeves Sanday, 1997-01-01 In this bracing study of American sexual culture and the politics of acquaintance rape esteemed anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women Beginning with a harrowing account of the St John s rape case Sanday reaches back through British and American landmark rape cases to explain how with the exception of earliest Colonial times rape has been a crime notable for placing the woman on trial A ground breaking work of scholarship A Woman Scorned brings a broader perspective to our understanding of acquaintance rape and envisions finally a new paradigm for

unique to Orthodox Jewish communities Finally the book explores the cultural factors that have contributed to this tragedy and concludes with hopes and proposals for future reform *Erôs in Ancient Greece* Ed Sanders, Chiara

Thumiger, Christopher Carey, N. J. Lowe, 2013-01-31 This volume brings together 18 articles which examine eros as an emotion in ancient Greek culture Taking into account all important thinking about the nature of eros from the 8th century BCE to the 3rd century CE it covers a very broad range of sources and theoretical approaches both in the chronological and the generic sense Managing Sex Offender Risk Hazel Kemshall, Gill McIvor, 2004 Based on key research into assessment

treatment and recidivism this book offers practical guidance on improving intervention techniques with sex offenders The contributors explore the monitoring and surveillance strategies and cognitive behavioural techniques currently used both in prison and in the community and give clear directions for future practice Providing a detailed overview of the typologies and characteristics of offenders they suggest strategies for managing different kinds of offender including children and young people who are sexually aggressive The Sex Offenders Act and the Crime and Disorder Act emphasise the need for effective community management of the predatory paedophile Reviewing the recent growth in multi agency approaches to this challenge the book discusses how police prisons and social work departments can share information and collaborate effectively and will be essential reading for probation officers prison staff social workers and anyone involved in the assessment and management of sex offenders *Social Control of Sex Offenders* D. Richard Laws, 2016-05-11 This book

surveys the history current status and critical issues regarding the various mechanisms designed to control sex offenders It shows that the social problem of sex offending is not apparently resolvable by any of the means currently employed A large array of procedures are used in the attempt to control the difficult population of sex offenders including imprisonment institutional and community treatment community monitoring by probation and parole electronic monitoring registration as a sex offender community notification of an offender s status strict limits on behavioral movement in the community and residence restrictions However these constraints on behavior are almost completely the result of public outrage regarding sensational sex crimes overreaction of media coverage that produce inaccurate statements of potential community risk and the efforts of the legal profession and politicians to quell this anger and foreboding by enacting legislation that supposedly confronts the risk This book demonstrates that we have constructed a massive edifice of community control that is socially and politically driven and which has largely failed to contain sex crime *They Could Have Been Bigger Than EMI* Joachim Gaertner, 2007
