**Labor of Love** Deborah Lynch Walsh, 2000 A personal account of one teacher s journey through the labyrinth that is urban public education While claiming to need teachers meeting the highest of intellectual and professional standards the educational bureaucracy really demands bureaucrats who execute decisions not professionals who make decisions The teacher whose life is at the center of this book turns surprisingly to her union to reclaim what she believes to be the legacy of her profession Thus begins a parallel journey into the inner workings of the teachers union movement She finds another contradiction as compelling as the first Does the teachers union represent workers or professionals Is it to focus strictly on bread and butter issues or are professional issues also its concern even its obligation Written by someone who knows both the school system and the union from the inside out this book asks the tough questions explodes the erroneous myths and exposes the conflicting contradictions in public education and in its union movement Most of all however it describes the enormous stakes that await the decision that the teachers themselves have to make It comes down to one critical question Are they workers or are they professionals author bio Deborah Lynch Walsh is a Chicago Public School teacher an activist in the Chicago Teachers Union and an advocate for teacher empowerment and
