

THE SHADOW BOUND QUEEN
COURT OF
SERPENTS AND
SECRETS

The background of the cover is a dark, textured blue. It is adorned with intricate, dark, swirling vine-like patterns that resemble thorns or roots. Scattered throughout these patterns are several golden roses in various stages of bloom. In the center of the cover, a silver-colored cobra is depicted with its head raised and its mouth wide open, showing a golden interior. The snake's body is coiled around the roses and vines.

Mario Perniola,2004-05-01 Art and its Shadow is an extraordinary analysis of the state and meaning of contemporary art and film Ranging across the work of Andy Warhol cyberpunk Wim Wenders Derek Jarman thinking on difference and the possibility of a philosophical cinema Mario Perniola examines the latest and most disturbing tendencies in art Perniola explores how art notably in posthumanism psychotic realism and extreme art continues to survive despite the hype of the art market and the world of mass communication and reproduction He argues that the meaning of art in the modern world no longer lies in aesthetic value above the art work nor in popular taste below the art work but beside the artwork in the shadow created by both the art establishment and the world of mass communications In this shadow is what is left out of account by both market and mass media the difficulty of art a knowledge that can never be fully revealed and a new aesthetic future
