Psychology and the Perennial Philosophy Samuel Bendeck Sotillos, 2013-05-01 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world's wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental

health and illness **Confrontation with the Unconscious** Scott J. Hill, 2019-06-05 Carl Gustav Jung pioneered the transformative potential of the deep unconscious. Psychedelic substances provide direct and powerful access to this inner world. How then might Jungian psychology help us to better understand the nature of psychedelic experiences? And how might psychedelics assist the movement toward psychological transformation described by Jung? Jungian depth psychology and psychedelic psychotherapy are both concerned with coming to terms with unconscious drives, complexes, and symbolic images. Unaware of significant evidence for the safe clinical use of psychedelic drugs, Jung himself remained wary of psychedelics and staunchly opposed their therapeutic use. His bias has prevented Jungians from objectively considering the benefits as well as the risks of using psychedelics for psychological healing and growth. *Confrontation with the Unconscious* intertwines psychedelic research, personal accounts of psychedelic experiences, and C. G. Jung's work on trauma, the shadow, psychosis, and psychospiritual transformation, including Jung's own confrontation with the unconscious, to show the relevance of Jung's penetrating insights to the work of Stanislav Grof, Ann Shulgin, Ronald Sandison, Margot Cutner, among other psychedelic and transpersonal researchers, and to demonstrate the great value of Jung's penetrating insights for understanding difficult psychedelic experiences and promoting safe and effective psychedelic exploration and psychotherapy. **Alan Watts-Here and Now** Peter J. Columbus, Don Adrian L. Rice, 2012-06-13 Alan Watts' *Here and Now* explores the intellectual legacy and continuing relevance of a prolific writer and speaker who was a major influence on American culture during the latter half of the twentieth century. A thinker attuned to the spiritual malaise affecting the Western mind, Watts' 1915-1973 provided intellectual and spiritual alternatives that helped shape the Beat culture of the 1950s and the counterculture of the 1960s. Well known for introducing Buddhist and Daoist spirituality to a wide Western audience, he also wrote on psychology, mysticism, and psychedelic experience. Many idolized Watts as a guru mystic, yet he was also dismissed as intellectually shallow and as a mere popularizer of Asian religions. The Norman Vincent Peale of Zen. Both critical and appreciative, this edited volume locates Watts at the forefront of major paradigmatic shifts in Western intellectual life. Contributors explore how Watts's work resonates in present-day scholarship on psychospiritual transformation, Buddhism, and psychotherapy, Daoism in the West, phenomenology and hermeneutics, humanistic and transpersonal psychology, mysticism, and ecofeminism, among other areas. Breathing Meditation as a Tool for Peace Work Jennie Helene Sandstad, 2017-10-25 Jennie Helene Sandstad brings together theoretical concepts and personal stories in an exploration of trauma and studies how breathing meditation can be a tool for peace work. Through the lenses of Humanistic and Transpersonal Psychology, as well as Elicitive Conflict Transformation, this work provides useful insights into transrational methods and explores why practicing self-awareness is fundamental to Elicitive Conflict Transformation. As the author engages with her own traumas and emotional wounds, the reader will undoubtedly be part of and co-explore a journey towards healing. Integral Yoga Psychology Debashish Banerji, 2020-05-28 Integral Yoga Psychology is a new attempt to position the Integral Yoga of Sri Aurobindo and

the Mother within the frame of yoga psychology as an inquiry related to transpersonal and whole person psychologies This book contains 11 essays by leading scholar practitioners of integral yoga sketching its possibility space as a psychology It attempts this through a hermeneutics of the texts of Sri Aurobindo and the Mother as well as their own and their disciples practices and experiences It also makes a beginning at locating the field in its larger contexts through comparative qualitative and empirical studies as well as probing the clinical possibilities of its models Self-Discovery the Jungian Way (RLE: Jung) Michael Daniels,2014-07-11 Clearly and entertainingly written this book presents an exciting new technique of self analysis Based on the psychological theories of C G Jung the Watchword technique will enable you to identify your psychological type and to explore the structure and dynamics of your personality As you learn to recognize the various forces and tendencies within the psyche you will acquire greater understanding of your inner self and your personal relationships This practical method of self exploration guides you systematically along the difficult path towards the ultimate goal of self realization or individuation It uses a structured form of word association which you assess and interpret yourself following simple guidelines that require no numerical scoring Easy to understand and fun to use the book makes an intriguing and useful introductory guide to Jungian analytical psychology It will appeal to a wide range of readers including professional psychologists and students of psychology counsellors and psychotherapists as well as anyone interested in self exploration and personal growth **Developmental Coaching: Working With The Self** Bachkirova, Tatiana,2011-04-01 This groundbreaking book introduces a new theory of developmental coaching and a new framework for coaching practice

Sex, Death and Witchcraft Douglas Ezzy,2014-05-22 Faunalia is a controversial Pagan festival with a reputation for being wild and emotionally intense It lasts five days 80 people attend and the two main rituals run most of the night In the tantalisingly erotic Baphomet rite participants encounter a hermaphroditic deity enter a state of trance and dance naked around a bonfire In the Underworld rite participants role play their own death confronting grief and suffering These rituals are understood as shadow work a Jungian term that refers to practices that creatively engage repressed or hidden aspects of the self Sex Death and Witchcraft is a powerful application of relational theory to the study of religion and contemporary culture It analyses Faunalia s rituals in terms of recent innovations in the sociology of religion and religious studies that focus on relational etiquette lived religion embodiment and performance The sensuous and emotionally intense ritual performances at Faunalia transform both moral orientations and self understandings Participants develop an ethical practice that is individualistic but also relational and aesthetically mediated Extensive extracts from interviews describe the rituals in participants own words The book combines rich and evocative description of the rituals with careful analysis of the social processes that shape people s experiences at this controversial Pagan festival Transrational Resonances Josefina Echavarría Alvarez,Daniela Ingruber,Norbert Koppensteiner,2018-02-28 This book comprehensively gathers the current academic literature field expertise and artistic developments on Wolfgang Dietrich s Many Peaces theory in the ways it has

been conceptualized and practiced by peace and conflict workers around the world Both scholars and practitioners challenge and creatively explore the field of transrational peace philosophy contributing their insights on elicitive methods and conflict mapping The book is further enriched by artistic perspectives on integrative approaches to theatre for living and intercultural soundscapes The articles collected here respond with innovative strength and vigor to the worldwide need for further research on peace and for practical approaches to conflict transformation This book therefore equally appeals to scholars peacebuilders and practitioners as well as artists engaged in conflict transformation *Living Authentically: Daoist Contributions to Modern Psychology* Livia Kohn, 2011 *Living Authentically* brings together classical scholars of Daoism professors of psychology practicing psychologists medical doctors and alternative practitioners to explore different Daoist concepts of the mind and its transformations in relation to various schools of modern psychology The book explores how Daoism can help us live in the world sustaining relationships and educating children in a stress free truly authentic way Book jacket *Transrational Peace Research and Elicitive Facilitation* Norbert Koppensteiner, 2020-06-22 This book sheds new light on transrational approaches to peace research and highlights elicitive approaches to facilitation Rather than encouraging researchers teachers and practitioners to control and suppress their own positionality the book argues that they can see themselves as a potential resource that can be creatively tapped for their work Using dance as a central metaphor it seeks to reposition research and facilitation as a truly experiential process where the entirety of human experiences and epistemologies can be brought into interplay opening up new sources of knowledge Providing a cutting edge theoretical framework and based on his practical experience the author demonstrates that facilitation and research are not just cognitive but can also become embodied emotional intuitive relational and spiritual By proposing a systematic methodological framework for research and facilitation the book offers practical guidance for peace practitioners facilitators and researchers interested in working through all dimensions of their being and engaging with conflict transformation in a holistic way
