Shakespeare My Butt English Edition

William Shakespeare

Shakespeare My Butt English Edition:

A Dictionary of the English Language ... The fifth edition Samuel Johnson, 1785 **A New Variorum Edition of Shakespeare** William Shakespeare, 1892 *A New Variorum Edition of Shakespeare: The tempest (7th ed.)* William Shakespeare, 1892 *A New Variorum Edition of Shakespeare: The tempest. 1892* William Shakespeare, 1892

Excerpt from *A New Variorum Edition of Shakespeare The Tempest*

It is interesting to note the uniformity of the estimate of Caliban's character by the critics. While all acknowledge his power and his attractiveness, scornings, loathings and revilings are nevertheless heaped on him. Indeed I can recall but one solitary voice really raised in his favour. In some respects says Coleridge Caliban is a noble being. It has become one of the commonplaces in criticisms on the Play to say that Caliban is the contrast to Ariel. Some times varied by substituting Miranda for Ariel and that as the tricky sprite is the type of the air and of unfettered fancy so is the abhorred slave typical of the earth and of all brutish appetites. The detested hag-seed is then dismissed blistered all over with expressions of abhorrence and with denunciations of his vileness which any print of goodness will not take. Is there then nothing to be said in favour of Caliban? Is there really and truly no print of goodness in him? Kindly Nature never wholly deserts her offspring nor does Shakespeare. We may be very sure that he who knew so well that there is always some soul of goodness in things evil would not have abandoned even Caliban without infusing into his nature some charm which might be observingly distilled out. Why is it that Caliban's speech is always rhythmical? There is no character in the play whose words fall at times into sweeter cadences if the Eolian melodies of the air are sweet the deep bass of the earth is no less rhythmically resonant. We who see Caliban only in his prime and a victim of heredity full grown are apt to forget the years of his childhood and of his innocence when Prospero fondled him, stroked him and made much of him and Miranda taught him to speak and with the sympathetic instinct of young girlhood interpreted his thoughts and endowed his purposes with words. When Caliban says that it was his mistress who showed him the man in the moon with his dog and his bush what a picture is unfolded to us of summer nights on the Enchanted Island where however quiet lies the landscape in the broad moonlight every hill and brook and standing lake and grove is peopled with elves and on the shore overlooking the yellow sands where fairies foot it feathily sits the young instructress deciphering for the misshapen slave at her feet the features of the full orb'd moon. With such a teacher in such hours would it be possible for Caliban even were he twice the monster that he is to resist at the most impressible age the subtle influence of the atmosphere of poetry which breathed in every nook and corner of the Enchanted Island? The wonder is not that he ever after speaks in rhythm the wonder would be if he did not.

Shakespeare's Foreign Worlds Carole Levin, John Watkins, 2009-03-26 In *Shakespeare's Foreign Worlds* Carole Levin and John Watkins focus on the relationship between the London based professional theater preeminently associated with William Shakespeare and an unprecedented European experience of geographic social and intellectual mobility Shakespeare's plays bear the marks of exile and exploration rural depopulation urban expansion and shifting mercantile and diplomatic configurations He fills his plays with characters testing the limits of personal identity foreigners usurpers outcasts outlaws scolds shrews witches mercenaries and cross dressers Through parallel discussions of *Henry VI* *The Taming of the Shrew* and *The Merchant of Venice* Levin and Watkins argue that Shakespeare's centrality to English national consciousness is inseparable from his creation of the foreign as a category asserting dangerous affinities between England's internal minorities and its competitors within an increasingly fraught European mercantile system As a women's historian Levin is particularly interested in Shakespeare's responses to marginalized sectors of English society As a scholar of English Italian Studies and Medieval Studies Watkins situates Shakespeare in the context of broadly European historical movements Together Levin and Watkins narrate the emergence of the foreign as portable category that might be applied both to strangers from other countries and to native born English men and women such as religious dissidents who resisted conformity to an increasingly narrow sense of English identity Shakespeare's *Foreign Worlds* will appeal to historians literary scholars theater specialists and anyone interested in Shakespeare and the Elizabethan Age
