

Shanghai 1937 Stalingrad On The Yangtze

Bruce Jones

Shanghai 1937 Stalingrad On The Yangtze:

Shanghai 1937 Peter Harmsen, 2013 This deeply researched book describes one of the great forgotten battles of the 20th century At its height it involved nearly a million Chinese and Japanese soldiers while sucking in three million civilians as unwilling spectators and often victims It turned what had been a Japanese adventure in China into a general war between the two oldest and proudest civilizations of the Far East Ultimately it led to Pearl Harbor and to seven decades of tumultuous history in Asia The Battle of Shanghai was a pivotal event that helped define and shape the modern world In its sheer scale the struggle for China's largest city was a sinister forewarning of what was in store for the rest of mankind only a few years hence in theaters around the world It demonstrated how technology had given rise to new forms of warfare or had made old forms even more lethal Amphibious landings tank assaults aerial dogfights and most importantly urban combat all happened in Shanghai in 1937 It was a dress rehearsal for World War II or perhaps more correctly it was the inaugural act in the war the first major battle in the global conflict Actors from a variety of nations were present in Shanghai during the three fateful autumn months when the battle raged The rich cast included China's ascetic Generalissimo Chiang Kai shek and his Japanese adversary General Matsui Iwane who wanted Asia to rise from disunity but ultimately pushed the continent toward its deadliest conflict ever Claire Chennault later of Flying Tiger fame was among the figures emerging in the course of the campaign as was First Lady Eleanor Roosevelt In an ironic twist Alexander von Falkenhausen a stern German veteran of the Great War abandoned his role as a mere advisor to the Chinese army and led it into battle against the Japanese invaders Written by Peter Harmsen a foreign correspondent in East Asia for two decades and former bureau chief in Taiwan for the French news agency AFP **Shanghai 1937** fills a gaping chasm in our understanding of the Second World War

Shanghai 1937 Peter Harmsen, 2015-10-20 The New York Times bestseller that inspired the documentary **Shanghai 1937** Where World War II Began on Public Television At its height the Battle of Shanghai involved nearly a million Chinese and Japanese soldiers while sucking in three million civilians as unwilling spectators and often victims It turned what had been a Japanese imperialist adventure in China into a general war between the two oldest and proudest civilizations of the Far East Ultimately it led to Pearl Harbor and to seven decades of tumultuous history in Asia The Battle of Shanghai was a pivotal event that helped define and shape the modern world In its sheer scale the struggle for China's largest city was a sinister forewarning of what was in store only a few years later in theaters around the world It demonstrated how technology had given rise to new forms of warfare and had made old forms even more lethal Amphibious landings tank assaults aerial dogfights and most important urban combat all happened in Shanghai in 1937 It was a dress rehearsal for World War II or perhaps more correctly it was the inaugural act in the war the first major battle in the global conflict Actors from a variety of nations were present in Shanghai during the three fateful autumn months when the battle raged The rich cast included China's ascetic Generalissimo Chiang Kai shek and his Japanese adversary General Matsui Iwane who wanted Asia to rise from disunity but

ultimately pushed the continent toward its deadliest conflict ever Claire Chennault later of Flying Tiger fame was among the figures emerging in the course of the campaign as was First Lady Eleanor Roosevelt In an ironic twist Alexander von Falkenhausen a stern German veteran of the Great War abandoned his role as a mere advisor to the Chinese army and led it into battle against the Japanese invaders Shanghai 1937 fills a gaping chasm in our understanding of the War of Resistance and the Second World War **Nanjing 1937** Peter Harmsen,2015-11-17 A true story of the Sino Japanese conflict A valuable account of a little known event and a grim reminder of the darker side of war Military History Monthly The infamous Rape of Nanjing looms like a dark shadow over the history of Asia in the twentieth century and is among the most widely recognized chapters of World War II in China By contrast the story of the month long campaign before this notorious massacre has never been told in its entirety Nanjing 1937 by Peter Harmsen fills this gap This is the follow up to Harmsen s bestselling Shanghai 1937 Stalingrad on the Yangtze and begins where that book left off In stirring prose it describes how the Japanese Army having invaded the mainland and emerging victorious from the Battle of Shanghai pushed on toward the capital Nanjing in a crushing advance that confirmed its reputation for bravery and savagery in equal measure While much of the struggle over Shanghai had carried echoes of the grueling war in the trenches two decades earlier the Nanjing campaign was a fast paced mobile operation in which armor and air power played major roles It was blitzkrieg two years before Hitler s invasion of Poland Facing the full might of modern mechanized warfare China s resistance was heroic but ultimately futile As in Shanghai the battle for Nanjing was more than a clash between Chinese and Japanese Soldiers and citizens of a variety of nations witnessed or took part in the hostilities German advisors American journalists and British diplomats all played important parts in this vast drama And a new power appeared on the scene Soviet pilots dispatched by Stalin to challenge Japan s control of the skies This epic tale is told with verve and attention to detail by Harmsen a veteran East Asia correspondent who consolidates his status as the foremost chronicler of World War II in China with this path breaking work of narrative history **A History of Modern Urban Operations** Gregory Fremont-Barnes,2019-11-21 This book investigates the complexities of modern urban operations a particularly difficult and costly method of fighting and one that is on the rise Contributors examine the lessons that emerge from a range of historical case studies from nineteenth century precedents to the Battle of Shanghai Stalingrad German town clearance Mandalay and Berlin during World War II and from the Battle of Algiers to the Battle for Fallujah in 2004 Each case study illuminates the features that differentiate urban operations from fighting in open areas and the factors that contribute to success and failure The volume concludes with reflections on the key challenges of urban warfare in the twenty first century and beyond Bernhard Sindberg Peter Harmsen,2025-08-05 shows that sometimes the most unlikely of people become the most heroic Asian Review of Books In December 1937 the Chinese capital Nanjing falls and the Japanese army unleash an orgy of torture murder and rape Over the course of six weeks hundreds of thousands of civilians and prisoners of war are killed At the very onset of the atrocities

the Danish supervisor at a cement plant just outside the city 26 year old Bernhard Arp Sindberg opens the factory gates and welcomes in 10 000 Chinese civilians to safety beyond the reach of the blood thirsty Japanese He becomes an Asian equivalent of Oskar Schindler the savior of Jews in the European Holocaust This biography follows Sindberg from his childhood in the old Viking city of Aarhus and on his first adventures as a sailor and a Foreign Legionnaire to the dramatic 104 days as a rescuer of thousands of helpless men women and children in the darkest hour of the Sino Japanese War It describes how after his remarkable achievement he receded back into obscurity spending decades more at sea and becoming a naturalized American citizen before dying of old age in Los Angeles in 1983 completely unrecognized In this respect too there is an obvious parallel with Schindler who only attained posthumous fame The book sets the record straight by providing the first complete account of Sindberg s life in English based on archival sources hitherto unutilized by any historian as well as interviews with surviving relatives What emerges is the surprising tale of a person who was average in every respect but rose to the occasion when faced with unimaginable brutality discovering an inner strength and courage that transformed him into one of the great humanitarian figures of the 20th century and an inspiration for our modern age demonstrating that the determined actions of one person any person can make a huge difference

Revolution, Counterrevolution and Assassination Through World War II Robert C. Cottrell, 2024-12-13 Since the French Revolution the quest for revolutionary transformation and the fear of such change became deeply ingrained in the global landscape through World War II Modern revolutions inspired counterrevolutions that strove to turn back time to an allegedly purer finer more moral period than the upheaval and anarchy linked to a revolutionary epoch Revolutions often occurred through violence and entailed a disruption of existing social economic and political orders Counterrevolutions were equally guilty and frequently more so of horrific bloodletting in the name of restoring law and order often by shredding legal and ethical norms Drawing from a vast array of sources both primary and secondary this first of a two volume set presents a highly detailed narrative of an unholy trinity revolution counterrevolution and assassination Combining intellectual political social and cultural history this book highlights international protagonists movements and ideas supporting the radical or reactionary upheaval of society and the means that have been used to do so

Fascist Warfare, 1922-1945 Miguel Alonso, Alan Kramer, Javier Rodrigo, 2019-11-26 This groundbreaking book explores the interpretative potential and analytical capacity of the concept fascist warfare Was there a specific type of war waged by fascist states The concept encompasses not only the practice of violence at the front but also war culture the relationship between war and the fascist project and the construction of the national community Starting with the legacy of the First World War and using a transnational approach this collection presents case studies of fascist regimes at war spanning Nazi Germany Fascist Italy Francoist Spain Croatia and Imperial Japan Themes include the idea of rapid warfare as a symbol of fascism total war the role of modern technology the transfer of war cultures between regimes anti partisan warfare as a key feature and the contingent nature and limits of

fascist warfare 'Intoxicating Shanghai' – An Urban Montage Paul Bevan,2020-04-14 In Intoxicating Shanghai Paul Bevan explores the work of a number of Chinese modernist figures in the fields of literature and the visual arts with an emphasis on the literary group the New sensationists and its equivalents in the Shanghai art world examining the work of these figures as it appeared in pictorial magazines It undertakes a detailed examination into the significance of the pictorial magazine as a medium for the dissemination of literature and art during the 1930s The research locates the work of these artists and writers within the context of wider literary and art production in Shanghai focusing on art literature cinema music and dance hall culture with a specific emphasis on 1934 The Year of the Magazine **From Shanghai to the Burma Railway** Rory Laird,2020-04-30 A graphic record of one man s experience in an infamous POW camp during World War II and how he survived being forced to build the Death Railway Captured after fighting in the Malayan Campaign Richard Laird was incarcerated in Changi before being drafted as slave labor with F Force on the notorious Burma Railway He was one of only 400 out of 1600 to survive Songkurai No 2 Camp despite disease and terrible hardship His moving memoir begins with a rare description of ex patriate life in 1930s Shanghai with the Sino Japanese war raging around the European cantonments An additional dimension to his story is the developing relationship between the author and Bobbie Coupar Patrick to whom he became engaged shortly before the fall of Singapore Bobbie s letters graphically described her dramatic escape to Australia and work for Force 136 They were reunited in Colombo Ceylon and their son has been instrumental in compiling this exceptional record Three appendices round off this superb book including the official report on the hardships and losses suffered by F Force A compelling story that deserves to be widely read Firetrench **Come Hell or High Fever** Russell W Glenn,2023-01-24 Nations appear and fall but cities endure and rediscover how to succeed In this meticulously defined and researched book Glenn presents ideas for minimising suffering during urban catastrophes His urgency identifies risks held in urban areas by 3 5 billion people These people are many of us as urban populations occupying 3 per cent of our planet s land area drawing water from 41 per cent of the world s ground surface consuming 60 to 80 per cent of global energy and achieving 80 per cent of the world s economic productivity For Glenn our resilience through diversity in preparation survival and recovery includes comprehensive approaches that are sustained in duration orchestrated in bringing all necessary capabilities to bear layered in approach and early in application Major General Chris Field Australian Army The time to prepare for the inevitable is now Dr Glenn has written a book that should be read by all leaders planners and responders who may be called upon in an urban disaster whether natural or man made Military leaders should give it particular attention as the human race is increasingly concentrated in its cities Understanding how to wage war in dense urban terrain is essential especially if a nation also seeks to hold the moral high ground The fruits of any victory won among people that fails to consider the lessons in Come Hell or High Fever are likely to be very bitter Lieutenant General Sean MacFarland United States Army retired To Rule the Waves Bruce Jones,2022-11-22 From a brilliant Brookings Institution expert an important

The Wall Street Journal and penetrating historical and political study Nature of the critical role that oceans play in the daily struggle for global power in the bestselling tradition of Robert Kaplan's *The Revenge of Geography* For centuries oceans were the chessboard on which empires battled for supremacy But in the nuclear age air power and missile systems dominated our worries about security and for the United States the economy was largely driven by domestic production with trucking and railways that crisscrossed the continent serving as the primary modes of commercial transit All that has changed as nine tenths of global commerce and the bulk of energy trade is today linked to sea based flows A brightly painted forty foot steel shipping container loaded in Asia with twenty tons of goods may arrive literally anywhere else in the world how that really happens and who actually profits from it show that the struggle for power on the seas is a critical issue today Now in vivid closely observed prose Bruce D Jones conducts us on a fascinating voyage through the great modern ports and naval bases from the vast container ports of Hong Kong and Shanghai to the vital naval base of the American Seventh Fleet in Hawaii to the sophisticated security arrangements in the Port of New York Along the way the book illustrates how global commerce works that we are amidst a global naval arms race and why the oceans are so crucial to America's standing going forward As Jones reveals the three great geopolitical struggles of our time for military power for economic dominance and over our changing climate are playing out atop within and below the world's oceans The essential question he shows is this who will rule the waves and set the terms of the world to come

China Under Mao Andrew George Walder, 2015-04-06 China's Communist Party seized power in 1949 after a long period of guerrilla insurgency followed by full scale war but the Chinese revolution was just beginning China Under Mao narrates the rise and fall of the Maoist revolutionary state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong Walder convincingly shows that the effect of Maoist inequalities still distorts China today It will be a mind opening book for many and is a depressing reminder for others Jonathan Mirsky *The Spectator* Andrew Walder's account of Mao's time in power is detailed sophisticated and powerful Walder takes on many pieces of conventional wisdom about Mao's China and pulls them apart What was it that led so much of China's population to follow Mao's orders in effect to launch a civil war against his own party There is still much more to understand about the bond between Mao and the wider population As we try to understand that bond there will be few better guides than Andrew Walder's book Sober measured meticulous in every deadly detail it is an essential assessment of one of the world's most important revolutions Rana Mitter *Times Literary Supplement*

T-34 Shock: The Soviet Legend in Pictures Francis Pulham, Will Kerrs, 2021-07-11 The Soviet T 34 medium tank needs no introduction being the most famous tank ever built especially as has seen service across the globe throughout the twentieth century's most brutal wars However despite this fame little has been written about its design changes While most tank enthusiasts can differentiate between the T 34 76 and the T 34 85 identifying different factory production batches has proven more elusive Until now With nearly six hundred photographs mostly taken by soldiers who both operated and

fought against the T 34 this book seeks to catalogue and contextualise even the subtlest details to create a true T 34 continuum The book begins with the antecedents of the T 34 the ill fated BT fast tank series and the influence of the traumatic Spanish Civil War before moving to an in depth look at the T 34 s prototypes After this every factory production change is catalogued and contextualised with never before seen photographs and stunning technical drawings Furthermore four battle stories are also integrated to explain the changing battle context when major production changes take place The production story is completed with sections on the T 34 s post war production and modification by Czechoslovakia Poland and the People s Republic of China as well as T 34 variants

The Raider Stephen R. Platt, 2025-05-13 The extraordinary life of forgotten World War II hero Evans Carlson commander of America s first special forces secret confidant of FDR and one of the most controversial officers in the history of the Marine Corps who dedicated his life to bridging the cultural divide between the United States and China He was a gutsy old man A corker said another You couldn t find anyone better They talked about him in hushed tones This Major Carlson wrote one of the officers in a letter home is one of the finest men I have ever known These were the words of the young Marines training to be among the first U S troops to enter the Second World War and the Major Carlson they spoke of was Evans Carlson a man of mythical status even before the war that would make him a military legend By December of 1941 at the age of forty five Carlson had already faced off against Sandinistas in the jungles of Nicaragua and served multiple tours in China where he embedded with Mao s Communist forces during the Sino Japanese War Inspired by their guerilla tactics and their collaborative spirit which he d call gung ho introducing the term to the English language and driven by his own Emersonian ideals of self reliance Carlson would go on to form his renowned Marine Raiders the progenitors of today s special operations forces who fought behind Japanese lines on Makin Island and Guadalcanal showing Americans a new way to do battle In *The Raider* Cundill Prize winning historian Stephen R Platt gives us the first authoritative account of Carlson s larger than life exploits the real story based on years of research including newly discovered diaries and correspondence in English and Chinese with deep insight into the conflicted idealism about the Chinese Communists that would prove Carlson s undoing in the McCarthy era Tracing the rise and fall of an unlikely American war hero *The Raider* is a story of exploration of cultural mis understanding and of one man s awakening to the sheer breadth of the world

The Box with the Sunflower Clasp Rachel Meller, 2023-05-18 Rachel Meller was never close to her aunt Lisbeth a cool unemotional woman with a drawling Viennese Californian accent a cigarette in her hand But when Lisbeth died she left Rachel an intricately carved Chinese box with a sunflower clasp Inside the box were photographs letters and documents that led Rachel to uncover a story she had never known that of a passionate Jewish teenager growing up in elegant Vienna who was caught up by war and forced to flee to Shanghai Far from home in a strange city Lisbeth and her parents build a new life a life of small joys and great hardship surrounded by many others who like them have fled Hitler and the Nazis 1930s Shanghai is a metropolis where the old rules do not apply a city of fabulous wealth and crushing poverty

where disease is rife and gangsters rub shoulders with rich emigrants where summer brings unspeakable heat and winter is bitterly cold and where European refugees build community and maybe a young woman can find love Set against a backdrop of the war in the Far East *The Box with the Sunflower Clasp* is a sweeping family memoir that tells the hidden history of the Jews of Shanghai Rachel Meller writes with elegance and insight as she examines what it means to survive and what the legacy of displacement and war might mean for the generation that comes afterwards [Eight Hundred Heroes](#) Stephen Robinson, 2022-06-15 Acclaimed historian Stephen Robinson brings to life a legendary last stand Shanghai 1937 With invading Japanese troops poised to capture one of the world's greatest cities after almost three months of brutal urban warfare the Chinese Army begins to retreat except for a single battalion that stays behind to fight These soldiers led by Lieutenant Colonel Xie Jinyuan known as the Eight Hundred Heroes defended Sihang Warehouse a six storey concrete building and natural fortress The men repulsed waves of Japanese attacks with intense bravery as thousands of spectators looked on from the relative safety of the British Concession inside Shanghai's International Settlement Western journalists with front row seats to the spectacle spread the story across the globe as the plight of the heroes captured the sympathy of the world Their valour raised Chinese morale as did the actions of the heroine Yang Huimin a Girl Guide who delivered a Chinese flag to the defenders that flew over Sihang Warehouse as a beacon of hope *Eight Hundred Heroes* is an in depth account resulting from extensive research that for the first time comprehensively utilises first hand accounts of the Chinese participants and the observations of westerners who witnessed the battle at close range It also explains how this incredible feat of heroism became an enduring myth that helped define modern China [China at War](#) Hans van de Ven, 2018-02-12 China's mid twentieth century wars pose extraordinary interpretive challenges The issue is not just that the Chinese fought for such a long time from the Marco Polo Bridge Incident of July 1937 until the close of the Korean War in 1953 across such vast territory As Hans van de Ven explains the greatest puzzles lie in understanding China's simultaneous external and internal wars Much is at stake politically in how this story is told Today in its official history and public commemorations the People's Republic asserts Chinese unity against Japan during World War II But this overwrites the era's stark divisions between Communists and Nationalists increasingly erasing the civil war from memory Van de Ven argues that the war with Japan the civil war and its aftermath were in fact of a piece a singular process of conflict and political change Reintegrating the Communist uprising with the Sino Japanese War he shows how the Communists took advantage of wartime to increase their appeal how fissures between the Nationalists and Communists affected anti Japanese resistance and how the fractious coalition fostered conditions for revolution In the process the Chinese invented an influential paradigm of war wherein the Clausewitzian model of total war between well defined interstate enemies gave way to murky campaigns of national liberation involving diverse domestic and outside belligerents This history disappears when the realities of China's mid century conflicts are stripped from public view *China at War* recovers them **The Sassoons** Joseph Sassoon, 2025-08-12 A

spectacular generational saga of the making and undoing of a family dynasty the riveting untold story of the gilded Jewish Bagdadi Sassoons who built a vast empire through global finance and trade cotton opium shipping banking that reached across three continents and ultimately changed the destinies of nations With full access to rare family photographs and archives Engaging compelling well paced and supremely satisfying The New York Times They were one of the richest families in the world for two hundred years from the 19th century to the 20th and were known as the Rothschilds of the East Mesopotamian in origin and for more than forty years the chief treasurers to the pashas of Baghdad and Basra they were forced to flee to Bushir on the Persian Gulf David Sassoon and sons starting over with nothing and beginning to trade in India in cotton and opium The Sassoons soon were building textile mills and factories and setting up branches in shipping in China and expanding beyond to Japan and further west to Paris and London They became members of British parliament were knighted and owned and edited Britain's leading newspapers including The Sunday Times and The Observer And in 1887 the exalted dynasty of Sassoon joined forces with the banking empire of Rothschild and were soon joined by marriage fusing together two of the biggest Jewish commerce and banking families in the world Against the monumental canvas of two centuries of the Ottoman Empire and the changing face of the Far East across Europe and Great Britain during the time of its farthest reach Joseph Sassoon gives us a riveting generational saga of the making of this magnificent family dynasty

The Lee Family of Northern River Bank Venna Chee Wan Lee, 2015-11-09 In this magnificent family saga Venna Chee Wan Lee brings to life the extraordinary story of four generations of Chinese ancestors Her search for the family history led to the family's lost Zong Pu clan histories which spanned thirty two generations and more than three thousand years This book is Author's quest to preserve a lineage's history for a western audience The family history begins with an intimate personal portrait of her great grandmother a young widow and a devout Buddhist whose Christian son married three wives built a business and served as the patriarch of four families during a time of extreme cultural and political change Lee vividly brings to life a colorful cast of relatives who lived through the turbulent years of recent Chinese history as China evolved from a farming feudal system to a modern society

Ageing with Smartphones in Urban China Xinyuan Wang, 2023-09-04 If we want to understand contemporary China the key is through understanding the older generation This is the generation in China whose life courses almost perfectly synchronised with the emergence and growth of the New China under the rule of the Communist Party 1949 People in their 70s and 80s have double the life expectancy of their parents generation The current eldest generation in Shanghai was born in a time when the average household could not afford electric lights but today they can turn their lights off via their smartphone apps Based on 16 month ethnographic fieldwork in Shanghai *Ageing with Smartphones in Urban China* tackles the intersection between the two revolutions experienced by the older generation in Shanghai the contemporary smartphone based digital revolution and the earlier communist revolutions We find that we can only explain the smartphone revolution if we first appreciate the long term consequences of these people's experiences

during the communist revolutions The context of this book is a wide range of drastic social transformations in China from the Cultural Revolution to the individualism and Confucianism in Digital China Supported by detailed ethnographic material the observations and analysis provide a panorama view of the social landscape of contemporary China including topics such as the digital and everyday life ageing and healthcare intergenerational relations and family development community building and grassroots organizations collective memories and political attitudes among ordinary Chinese people
