Trois Ans Avec Derrida Les Carnets Dun Biographe:

Trois ans avec Derrida Benoît Peeters, 2014-04-02T00:00:00+02:00 En août 2007 le projet d'écrire la biographie de Jacques Derrida s'est imposé moi comme une évidence J'avais eu la chance de le connaître un peu je n'avais jamais cessé de le lire Pendant trois ans j'ai consacré l'essentiel de mon temps cette recherche avec une constante passion Je suis le premier avoir pu explorer l'immense archive accumulée par Derrida tout au long de sa vie J'ai retrouvé des milliers de lettres dispersées travers le monde rencontré plus de cent fois souvent bienveillants quelquefois réticents Derrida occupait ma vie sans insinuant jusque dans mes rêves Parallèlement dans de minuscules carnets j'ai consigné les tapes de cette quête de plus en plus obsessionnelle les rendez-vous et les lectures les découvertes et les fausses pistes les réflexions et les doutes Trois ans avec Derrida est le journal de cette aventure en même temps qu'un logement de ce genre souvent mal aimé qu'est la biographie

Couverture Arnaud Favier Flammarion *Literary Criticism in the 21st Century* Vincent B. Leitch, 2014-08-28 For more than a decade literary criticism has been thought to be in a post theory age Despite this the work of thinkers such as Derrida Deleuze and Foucault and new writers such as Agamben and Rancière continue to be central to literary studies Literary Criticism in the 21st Century explores the explosion of new theoretical approaches that has seen a renaissance in theory and its importance in the institutional settings of the humanities today Literary Criticism in the 21st Century covers such issues as The institutional history of theory in the academy The case against theory from the 1970s to today Critical reading theory and the wider world Keystone works in contemporary theory New directions and theory's many futures Written with an engagingly personal and accessible approach that brings theory vividly to life this is a passionate defence of theory and its continuing relevance in the 21st century *Archival Afterlives* Laura Hughes, 2023-11-15 A capacious analysis of a legendary intellectual friendship and the material legacies it left behind Over the course of their decades long friendship Hélène Cixous and Jacques Derrida assembled overlapping archives of written experiments and exchanges that document a shared interest in their literary afterlives In this incisive account Laura Hughes shows how pushing against the limits of writing and of life itself means not only imagining but manifesting a community of future readers Archival Afterlives Cixous Derrida and the Matter of Friendship examines the embodied nature of literary creation taking letters fragments notes and other ephemera as objects of critical analysis and care Combining close readings of key texts and previously unexamined archival materials Hughes traces critical connections between Cixous and Derrida between the theoretical and the autobiographical and between life writing and its limits In putting deconstruction into dialogue with new material analyses and archive studies Archival Afterlives positions this historical and intellectual relationship as a lens through which to reexamine the legacy of critical theory itself **Trois ans avec Derrida** Benoît Peeters, 2010 L'auteur qui vient de terminer une biographie de Jacques Derrida a consigné dans des carnets pendant les trois ans qu'il lui a consacrée les lectures les rendez-vous les découvertes les fausses pistes les réflexions etc que faisait naître ce travail *A Narrative Biography of*

Horacio Quiroga, the Lone Anarchist Wilson Alves-Bezerra, 2023-10-16 This book is a unique and definitive biography in English of the Uruguayan Argentinian short story writer Horacio Quiroga 1878-1937 known as the Latin American Poe. Written in amusing prose and with an academic background which can be an important reference for the public in general as well as to Latin American literature researchers all over the world it is an up to date narrative biography by a Brazilian writer and researcher who has dedicated the last twenty years to Quiroga's translation and research. The research uses several unknown or lesser known documents as well as newspapers and magazines from the beginning of the 20th century found in libraries and archives in Argentina Brazil Germany and Uruguay. The book is written against a contemporary background and focusses on the humanization of Quiroga and the participation of until now marginalized women in his personal and public life such as Alfonsina Storni and Norah Lange allowing the construction of an image which is less monumental and more complex in its contradictions.

A Bibliography for the Study of French Literature and Culture Since 1885 Sheri Dion, 2012-09

Derrida Benoît Peeters, 2013-08-27 This biography of Jacques Derrida 1930-2004 tells the story of a Jewish boy from Algiers excluded from school at the age of twelve who went on to become the most widely translated French philosopher in the world a vulnerable tormented man who throughout his life continued to see himself as unwelcome in the French university system. We are plunged into the different worlds in which Derrida lived and worked pre independence Algeria the microcosm of the cole Normale Supérieure the cluster of structuralist thinkers and the turbulent events of 1968 and after. We meet the remarkable series of leading writers and philosophers with whom Derrida struck up a friendship Louis Althusser Emmanuel Levinas Jean Genet and Hélène Cixous among others. We also witness an equally long series of often brutal polemics fought over crucial issues with thinkers such as Michel Foucault Jacques Lacan John R Searle and Jürgen Habermas as well as several controversies that went far beyond academia the best known of which concerned Heidegger and Paul de Man. We follow a series of courageous political commitments in support of Nelson Mandela illegal immigrants and gay marriage. And we watch as a concept deconstruction takes wing and exerts an extraordinary influence way beyond the philosophical world on literary studies architecture law theology feminism queer theory and postcolonial studies. In writing this compelling and authoritative biography Benoît Peeters talked to over a hundred individuals who knew and worked with Derrida. He is also the first person to make use of the huge personal archive built up by Derrida throughout his life and of his extensive correspondence. Peeters' book gives us a new and deeper understanding of the man who will perhaps be seen as the major philosopher of the second half of the twentieth century.

Penser la «pervertibilité» Nicholas Cotton, 2023-02-06T00:00:00-05:00 Peut-on seulement penser une thique de la perversion? Tout est problématique dans cette question: commencer par le mot perversion lui-même qui ouvre des questions sur l'espace et le temps, trouble aux frontières incertaines. L'idée de pervertibilité relance ici dans le sillage du philosophe Jacques Derrida pourrait bien déclencher ces quivoques. Au confluent de la littérature de la philosophie et de la psychanalyse cet ouvrage s'attache à montrer l'importance de

cette notion chez Jacques Derrida et retracer les moments qui en constituent une sorte d'impens cette fin l'auteur entreprend une enquête au plus près des textes et de la pensée du philosophe soutenue par une approche pluridisciplinaire qui permet d'en cerner l'évolution dans la seconde moitié du XXe siècle tout en respectant l'exigence de complexité et d'inventivité de ce qu'on appelle la construction. En mettant de l'avant une conception renouvelée du texte littéraire, ce livre ne cherche pas faire l'apologie de propriétés perturbantes subversives de la littérature mais il contribue ce que soient mieux compris des dispositifs pervers de la pensée philosophique et des gestes concrets de critique.

Understanding Derrida, Understanding

Modernism Jean-Michel Rabaté, 2019-05-30 This volume makes a significant contribution to both the study of Derrida and of modernist studies. The contributors argue first that deconstruction is not modern, neither is it postmodern nor simply modernist. They also posit that deconstruction is intimately connected with literature, not because deconstruction would be a literary way of doing philosophy, but because literature stands out as a modern notion. The contributors investigate the nature and depth of Derrida's affinities with writers such as Joyce, Kafka, Antonin Artaud, Georges Bataille, Paul Celan, Maurice Blanchot, Theodor Adorno, Samuel Beckett, and Walter Benjamin among others. With its strong connection between philosophy and literary modernism, this highly original volume advances modernist literary study and the relationship of literature and philosophy.

Crimes of the Future Jean-Michel Rabaté, 2014-04-24 The decade since the publication of Jean Michel Rabaté's controversial manifesto *The Future of Theory* saw important changes in the field. The demise of most of the visible French or German philosophers who had produced texts that would trigger new debates then to be processed by Theory has led to drastic revisions and starker assessments. Globalization has been the most obvious factor to modify the selection of texts studied. During the twentieth century Theory incorporated poetics, rhetorics, aesthetics, and linguistics while also opening itself to continental philosophy. What has changed today? The knowledge that we live in a de-centered world has destabilized the primacy granted to a purely Western canon. Moreover, much of contemporary theory remains highly allusive and this is often baffling for students. Theory keeps recycling itself, producing authentic returns of basic theses, terms, and concepts. Canonical modern theorists often return to classical texts as those of Plato, Kant, Hegel, Nietzsche. And now we want to know what is new? *Crimes of the Future* explores the past, present, and potential future of Theory.

Derrida/Searle Raoul Moati, 2014-04-01 Raoul Moati intervenes in the critical debate that divided two prominent philosophers in the mid-twentieth century. In the 1950s, the British philosopher J. L. Austin advanced a theory of speech acts or the performative that Jacques Derrida and John R. Searle interpreted in fundamentally different ways. Their disagreement centered on the issue of intentionality, which Derrida understood phenomenologically and Searle read pragmatically. The controversy had profound implications for the development of contemporary philosophy, which Moati argues can profit greatly by returning to this classic debate. In this book, Moati systematically replays the historical encounter between Austin, Derrida, and Searle and the disruption that caused the lasting break between Anglo-American language philosophy and continental traditions of

phenomenology and its deconstruction The key issue Moati argues is not whether intentionality a concept derived from Husserl s phenomenology can or cannot be linked to Austin s speech acts as defined in his groundbreaking How to Do Things with Words but rather the emphasis Searle placed on the performativity and determined pragmatic values of Austin s speech acts whereas Derrida insisted on the trace of writing behind every act of speech and the iterability of signs in different contexts
