

Fast efficient professional

Protel is a powerful management system which covers the three essential activities of a hotel: the sales, financial and the reservation activities.

The Protel system is the most efficient system, run as generally by hotels according to the local requirements, any other hotels, and can be used.

Protel manages your hotel reservation and system control.

Flexibility in implementation

It depends on how many computers, networks, and users you intend to install a hotel. Protel will generate the specific software packages for your system which will integrate with your existing system by a full system transfer.

The software is designed for the great expansion requirements in multiple of hotels, but also used for individual hotels, restaurants, and for other business organizations.
