Proust Les Horreurs De Lamour:

Proust, les horreurs de l'amour Nicolas Grimaldi, 2014-07-11T00:00:00+02:00 La Recherche est le roman des déceptions. Tout se passe chez Proust comme si suffisait de obtenir ce qu'on avait le plus désiré pour se donner presque aussitôt de la trouer si peu désirable. D'où vient une déception aussi grande? Pour répondre à cette question, l'auteur analyse partir de l'œuvre de Proust la séparation de la conscience et du monde, le deuil du réel et les illusions de l'imagination, les contradictions du désir et les horreurs de l'amour. À travers Proust, Nicolas Grimaldi poursuit ainsi sa propre analyse de l'imagination du désir et du temps déjà esquissée dans ses précédents ouvrages "Trait de la banalité" et "Préjugés et paradoxes". Rick Anthony Furtak, 2023 Love, Subjectivity and Truth interprets Marcel Proust's masterpiece as an inquiry into love and the meaning of life, especially the question of whether love can be trusted or ought to be transcended. Drawing upon both the existential tradition and the ancient arguments for skepticism, it displays and evaluates what *In Search of Lost Time* can show us about how to navigate our emotional lives. [The Curious History of Love](#) Jean-Claude Kaufmann, 2011-12-12 The one emotion that matters most to many people is the one about which social thinkers rarely speak: love. For many people, love is the thing that matters most in their lives; they are searching for love, hoping to find in love a kind of happiness that they cannot find in their work or by surrounding themselves with material goods. But where does this peculiar and powerful blending together of love and happiness come from, and why do we find it such a compelling idea today? In this short book, Jean Claude Kaufmann offers a fresh account of the history of a feeling unlike any other. The modern idea of love as passion was born in the 12th century, but it was marginalized by the rise of a kind of instrumental calculating reason that became increasingly central to modern societies. As calculating reason began to encroach on the personal domain, many individuals sought to escape from it, searching for happiness elsewhere. As our societies become dominated by calculating reason and selfish individualism, we search elsewhere for the kind of happy love that will heal all our wounds. This is why we experience so many changes of heart in our personal lives: at times we are coldly calculating, and then a few moments later we sacrifice ourselves to love without a second thought. Written by one of France's leading sociologists, this highly readable book sheds new light on love and happiness and will resonate with many readers.

escritura, reescrituras, 2010 *La conscience captive* Christopher Lapierre, 2021-05-20 Ce livre aborde une série de problèmes situés à la charnière de l'imagination et de l'affectivité qui poussent la notion de conscience dans ses retranchements ou la portent vers ses limites. Il s'agit avec Jean Paul Sartre, Maurice Merleau-Ponty et Nicolas Grimaldi de rendre compte des expériences au sein desquelles la conscience semble se perdre en perdant son rapport au réel, ainsi en va-t-il de l'illusion du rêve de la hallucination et de la croyance idéologique dont les analyses font la matière de ce livre.
