Handbook, 101st Airborne Division (Air Assault) The Sabalauski Air Assault School Handbook & 101st Airborne Division (Air  
Assault) Gold Book , Air Assault is a combat insertion unit using helicopters to transport and insert soldiers into battle  
provide medical evacuation provide close air support provide resupply operations It is usually a company or bat talion sized  
element The term Air Assault derives from two types of operations known as Air Mobility and Vertical Envelopment Air  
Mobility Operations were de veloped by the German Army during WWII in the 1930 s The US Army soon adopted this method  
of offensive operations in 1941 using wooden gliders The glider was assisted into the air by being towed by a larger aircraft  
and then released The pilot had to navigate the large glider loaded with a team of infantry soldiers to the landing zone  
behind enemy lines at night and attempt to land safely Once the pilot landed the glider he would join the mission as another  
infantry soldier with the team that he flew in Although the gliders and techniques used were advanced for that time period  
they did pose some disadvantages Once the aircraft was landed safely that team of soldiers were cut off from allied troops  
Pilots had to be cross trained with infantry tactics so he could operate as both roles The air mobility glider was abandoned  
after WWII after the invention of the helicopter PREFACE 1 November 2011 1 The Sabalauski Air Assault School TSAAS is a  
FORSCOM TDA unit that trains leaders and Soldiers assigned to the 101st Airborne Division Air Assault as well as other

refresher training to airborne capable units Finally the school provides command and control of the 101st Airborne Division  
Air Assault Screaming Eagle Parachute Team 2 This handbook is designed to facilitate the mission of the school serving as a  
baseline of information for the Air Assault Course It is not a substitute for applicable Army regulations field manuals training  
circulars or technical manuals but it is designed to complement the guidance in these publications in the area of air assault  
operations The 101st Airborne Division Air Assault disclaims any responsibility for incidents occurring while applying these  
procedures 3 The proponent for this handbook is the Commander of The Sabalauski Air Assault School This 2011 update
