Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1904 Dino Buzzati and Anglo-American Culture Valentina Polcini, 2014-06-02 This book investigates the relationship between Dino Buzzati's fiction and Anglo American culture by focusing on his re use of visual texts Arthur Rackham's illustrations narrative sources Joseph Conrad's novels and topoi belonging to such genres as the seafaring tale the ghost story and the Christmas story Tracing Buzzati's recurring theme of the loss of imagination *Dino Buzzati and Anglo American Culture* shows that far from being a mere imitator he carries on an original and conscious reworking of pre existing literary motifs Especially through the adoption of intertextual strategies Buzzati laments the lack of an imaginative urge in contemporary society and attempts a recovery of the fantastic imagery of his models Alongside a reconsideration of Buzzati's intertextuality this book offers new insights into Buzzati's fantastic fiction by highlighting its playful and ironic component as opposed to the more overtly pervading sense of gloominess and nostalgia Furthermore while filling a gap in the critical study of Buzzati in the English speaking world the book contributes towards a general reassessment of an author who although regarded as minor for many years can rightly be ranked among the masters of twentieth century fantastic literature **British Books**, 1908 **From Fiction to Libretto** Nassim Winnie Balestrini, 2005 This study introduces the reader to the mostly unknown world of libretto adaptations of nineteenth century American fiction The analysis of stage works based on Washington Irving's *Rip Van Winkle* Nathaniel Hawthorne's *The Scarlet Letter* and Henry James's *Washington Square* explores a largely unexamined area of the reception history of these authors and narratives As opera and drama have been interlinked throughout American theater history the discussion of adaptations will include multiple types of spoken and musical theater Appendices documenting the existence of over 350 stage works based on nineteenth century American fiction further illustrate how librettists composers and playwrights have participated in the endeavor to understand and contextualize literary texts within cultural history
