

Robert Frank In America

Peter Galassi, Robert Frank

Robert Frank In America:

Robert Frank in America Peter Galassi, Robert Frank, 2014 This book based on the Frank collection at the Cantor Arts Center at Stanford University focuses on his American work Its sequence of 131 plates integrates twenty two photographs from *The Americans* with more than 100 images to chart the major themes and pictorial strategies of his work in the United States in the 1950s The text reconsiders Frank s first photographic career and examines how he used the range of photography s 35mm vocabulary to reclaim the medium s artistic tradition from the hegemony of the magazines **The Americans** Robert Frank, 2000 Previously published in 1959 Frank s most famous and influential photography book contained a series of deceptively simple photos that he took on a trip through America in 1955 and 1956 These pictures of everyday people still speak to us today 40 years and several generations later **Looking In: Robert Frank's 'The Americans'** , **Postcards from the Road** Jonathan Day, 2014-05-01 Walker Evans said in his 1958 introduction to Robert Frank s *The Americans* For the thousandth time it must be said that pictures speak for themselves wordlessly visually or they fail The images revolutionized post war American photography With their candid images of men and women from all classes and walks of life the photographs presented a very different story than that portrayed by the wholesome caricature of midcentury prosperity pervading American photography at the time Although initially dismissed by his peers for his pioneering work Frank was ultimately credited with changing the course of the art form and his photography holds a secure status in the history of twentieth century art And he did all this without words It seems appropriate then and not a little overdue that Jonathan Day has created a book that expounds explores and examines Frank s work pictorially Taking Frank s iconic images as his point of reference Day shot new photographs that commented on the road and contemporary America Here these images are paired with critical commentary that details the aspects of the work that are visually expounded and explained in Day s complementary images A visual entryway to the photographs and themes of this iconic book in the history of photography *Postcards from the Road* represents an innovative carefully considered departure from standard photographic textbooks *Robert Frank: The Americans* , 2024-09-10 A celebrated return of Robert Frank s seminal photobook *The Americans* to Aperture s catalog one of the most important bodies of photographic work ever made In the nearly seven decades since its publication in France in 1958 and in the United States in 1959 Robert Frank s *The Americans* has become one of the most influential and enduring works of American photography Through eighty three photographs taken across the country Frank unveiled an America that had gone previously unacknowledged confronting its people with an underbelly of racial inequality corruption and injustice and the stark reality of the American Dream Frank s point of view at once startling and tenacious is imbued with humanity and lyricism painting a poignant and incomparable portrait of the nation at a turning point in history This edition of *The Americans* is a celebrated return of an iconic title to Aperture s catalog more than a half century after the Aperture and Museum of Modern Art edition was published in 1968 Presented on the

centennial of Frank's birth and a major exhibition at the Museum of Modern Art it has been produced following the finest tritone printing from the 2008 edition for which Frank was personally involved in every step of the design and production. Frank's exacting vision, distinct style and poetic insight changed the course of twentieth century photography and influenced subsequent generations of photographers including Lee Friedlander, Nan Goldin, Danny Lyon, Joel Meyerowitz, Ed Ruscha and Garry Winogrand. Now extolled as one of the most groundbreaking photobooks of all time, *The Americans* remains as powerful and provocative as it was upon publication and continues to resonate with audiences today. Looking in Sarah

Greenough, Robert Frank, Stuart Alexander, 2009-01-01 Edited and text by Sarah Greenough Additional text by Anne Tucker Stuart Alexander Martin Gasser Jeff Rosenheim Michel Frizot Luc Sante Philip Brookman **Robert Frank's The**

Americans Jonathan Day, 2011 In the mid 50s Robert Frank embarked on a ten thousand mile road trip across post war America capturing thousands of photographs that resulted in *The Americans* which represents a seminal moment in both photography and in America's emerging understanding of itself. Jonathan Day revisits this work and contributes a thoughtful critical commentary. Robert Frank Robert Frank, 2009-07-01 Photographer Robert Frank is best known for his seminal 1958 book *The Americans* which was controversial when first published for its casual camerawork and bleak view of America. Frank is now widely recognized as having developed a distinct new art form: the photo book. *The Books So Far* is an exquisite limited edition of 1500 hand made boxes containing all 17 of the photo books that Frank has made with Steidl since joining forces in 2004. They include *The Americans*, *Portfolio*, *Peru*, *Me and My Brother*, *One Hour Away*, *Black White and Things*, *Mabou*, *New York to Nova Scotia*, *Storylines*, *Pull My Daisy*, *Hold Still*, *Keep Going*, *Come Again*, *Paris Polaroids*, *Zero Mostel Reads a Book* and *London Wales*. A remarkable object, this collection is an exhaustive celebration of Frank's oeuvre and a record of the evolution of the photo book. Robert Frank Robert Frank, 1979 **The Americans**, 1959 Robert Frank

Sarah Greenough, Philip Brookman, Robert Frank, 1994 A companion book to the National Gallery's exhibition of its recently acquired Robert Frank Collection celebrating a lifetime of work by the Swiss photographer who documented the American scene. Frank embarked on a road tour of the country in 1953 resulting in *The Americans*, a look beneath the surface of the country's wholesome image of itself. After filming *Pull My Daisy* with Jack Kerouac and other members of the beat generation and *Cocksucker Blues*, a documentary of the Rolling Stones, Frank turned to more autobiographical work. Photos from all of these phases of his career are here plus his earlier work in Europe and a sample of his color work. Five essays complement the photographs. Includes a chronology and a list of exhibitions. 9.5x12 Annotation copyright by Book News Inc Portland OR

American Witness R. J. Smith, 2017 *American Witness* is the first comprehensive look at the life of a man who's as mysterious and evasive as he is prolific and gifted. Leaving his rigid Switzerland for the more fluid United States in 1947, Frank found himself at the red hot social center of bohemian New York in the 50s and 60s, becoming friends with everyone from Jack Kerouac, Allen Ginsberg and Peter Orlovsky to photographer Walker Evans, actor Zero Mostel, painter Willem de

Kooning filmmaker Jonas Mekas Bob Dylan writer Rudy Wurlitzer jazz musicians Ornette Coleman and Charles Mingus and more Frank roamed the country with his young family taking roughly 27 000 photographs and collecting 83 of them into what is still his most famous work *The Americans* His was an America nobody had seen before and if it was harshly criticized upon publication for its portrait of a divided country the collection gradually grew to be recognized as a transformative American vision and then he turned his back on certain success giving up photography to reinvent himself as a film and video maker Frank helped found the American independent cinema of the 1960s and made a legendary film with the Rolling Stones Today the nonagenarian is an embodiment of restless creativity and a symbol of what it costs to remain original in America his life defined by never repeating himself never being satisfied *American Witness* is a portrait of a singular artist and the country that he saw

Dust jacket Robert Frank Robert Frank, 1979 *Robert Frank* David Campany, 2024 Existential America George Cotkin, 2003-01-24 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus America and Other Myths Lisa Volpe, 2023-10-10 Robert Frank's and Todd Webb's parallel 1955 projects to photograph America are considered in the context of mid twentieth century American culture In 1955 two photographers were awarded grants from the John Simon Guggenheim Foundation to embark on trips across the United States Robert Frank 1924 2019 drove coast to coast photographing the highways bars and people that formed the basis for his widely admired publication *The Americans* 1958 Todd Webb 1905 2000 walked across the country searching for vanishing Americana and what is taking its place Unaware of each other's work the photographers produced strikingly similar images of the highway parades and dim smoky barrooms Yet while Frank's grainy off kilter style revealed many inequities of American life Webb's carefully composed images embraced clear detail and celebrated the individual oddities of Americans and their locales This revelatory book is the first to publish Webb's 1955 photographs and connects these parallel projects for the first time More than one hundred images accompany text illuminating Frank's and Webb's different perspectives and approaches to similar subjects and places the difference in reception of Frank's iconic work and Webb's relatively unknown series and the place of the road trip in shaping American identity at midcentury Published in association with the Museum of Fine Arts Houston Exhibition Schedule Museum of Fine Arts Houston October 8 2023 January 7 2024 Addison Gallery of American Art Phillips Academy Andover Massachusetts February 10 July 30 2024 Brandywine Museum of Art Chadds Ford Pennsylvania February 8 May 4 2025 American Witness RJ Smith, 2017-11-07 From the author of the acclaimed James Brown biography *The One* comes the first in depth biography of renowned photographer and filmmaker

Robert Frank best known for his landmark book *The Americans* As well known as Robert Frank the photographer is few can say they really know Robert Frank the man Born and raised in wartime Switzerland Frank discovered the power and allure of photography at an early age and quickly learned that the art meant significantly more to him than the money success or fame The art was all and he intended to spend a lifetime pursuing it *American Witness* is the first comprehensive look at the life of a man who is as mysterious and evasive as he is prolific and gifted Leaving his rigid Switzerland for the more fluid United States in 1947 Frank found himself at the red hot social center of bohemian New York in the 50s and 60s becoming friends with everyone from Jack Kerouac Allen Ginsberg and Peter Orlovsky to photographer Walker Evans actor Zero Mostel painter Willem de Kooning filmmaker Jonas Mekas Bob Dylan writer Rudy Wurlitzer jazz musicians Ornette Coleman and Charles Mingus and more Frank roamed the country with his young family taking roughly 27 000 photographs and collecting 83 of them into what is still his most famous work *The Americans* His was an America nobody had seen before and if it was harshly criticized upon publication for its portrait of a divided country the collection gradually grew to be recognized as a transformative American vision And then he turned his back on certain success giving up photography to reinvent himself as a film and video maker Frank helped found the American independent cinema of the 1960s and made a legendary film with the Rolling Stones Today the nonagenarian is an embodiment of restless creativity and a symbol of what it costs to remain original in America his life defined by never repeating himself never being satisfied *American Witness* is a portrait of a singular artist and the country that he saw

American Photography and the American Dream James Guimond, 1991 Looks at how documentary photographers have contested the idea of the American dream and discusses the work of Francis Benjamin Johnston Lewis Hine Walker Evans Dorothea Lange William Klein Diane Arbus and Robert Frank

Photography John Ingledew, 2005 John Ingledew Photography provides a basic introduction for students across the visual arts This accessible inspirational guide to creative photography explores the subjects and themes that have always obsessed photographers and explains technique in a clear and simple way Embracing the whole spectrum of photography from traditional to digital it introduces the work of the masters of the art as well as showing fresh dynamic images created by young photographers from all over the world An essential resource the book also provides a valuable overview of careers in photography and a comprehensive reference section including a glossary of technical vocabulary

BOOK JACKET *What Do Pictures Want?* W. J. T. Mitchell, 2013-12-23 Why do we have such extraordinarily powerful responses toward the images and pictures we see in everyday life Why do we behave as if pictures were alive possessing the power to influence us to demand things from us to persuade us seduce us or even lead us astray According to W J T Mitchell we need to reckon with images not just as inert objects that convey meaning but as animated beings with desires needs appetites demands and drives of their own *What Do Pictures Want* explores this idea and highlights Mitchell's innovative and profoundly influential thinking on picture theory and the lives and loves of images Ranging across the visual arts literature and mass media Mitchell applies

characteristically brilliant and wry analyses to Byzantine icons and cyberpunk films racial stereotypes and public monuments ancient idols and modern clones offensive images and found objects American photography and aboriginal painting Opening new vistas in iconology and the emergent field of visual culture he also considers the importance of Dolly the Sheep who as a clone fulfills the ancient dream of creating a living image and the destruction of the World Trade Center on 9 11 which among other things signifies a new and virulent form of iconoclasm What Do Pictures Want offers an immensely rich and suggestive account of the interplay between the visible and the readable A work by one of our leading theorists of visual representation it will be a touchstone for art historians literary critics anthropologists and philosophers alike A treasury of episodes generally overlooked by art history and visual studies that turn on images that walk by themselves and exert their own power over the living Norman Bryson Artforum
