North America John R. McNeill, George Vrtis, 2017-07-03 Over the past five hundred years North Americans have increasingly turned to mining to produce many of their basic social and cultural objects From cell phones to cars and roadways metal pots to wall tile and even talcum powder minerals products have become central to modern North American life As this process has unfolded mining has also indelibly shaped the natural world and North Americans relationship with it Mountains have been honeycombed rivers poisoned and forests leveled The effects of these environmental transformations have fallen unevenly across North American societies Mining North America examines these developments Drawing on the work of scholars from Mexico the United States and Canada this book explores how mining has shaped North America over the last half millennium It covers an array of minerals and geographies while seeking to draw mining into the core debates that animate North American environmental history generally Taken together the authors contributions make a powerful case for the centrality of mining in forging North American environments and societies Provided by publisher

Enthusiasms and Loyalties Keith Shepherd Grant, 2022-11-15 The Enlightenment Atlantic was awash in deep feelings People expressed the ardour of patriots the homesickness of migrants the fear of slave revolts the ecstasy of revivals the anger of mobs the grief of wartime the disorientation of refugees and the joys of victory Yet passions and affections were not merely private responses to the events of the period emotions were also central to the era s most consequential public events and even defined them In Enthusiasms and Loyalties Keith Grant shows that British North Americans participated in a transatlantic swirl of debates over emotions as they attempted to cultivate and make sense of their own feelings in turbulent times Examining the emotional communities that overlapped in Cornwallis Township Nova Scotia between 1770 and 1850 Grant explores the diversity of public feelings from disaffected loyalists to passionate patriots and ecstatic revivalists He shows how certain emotions especially enthusiasm and loyalty could be embraced or weaponized by political and religious factions and how their use and meaning changed over time Feelings could be the glue that made loyalties stick or a solvent that weakened community bonds Taking a history of emotions approach Enthusiasms and Loyalties aims to recover and understand the wide range of political and religious emotions that were possible feelable in the Enlightenment Atlantic

Missionary Interests David Golding, Christopher Cannon Jones, 2024-04-15 In Missionary Interests David Golding and Christopher Cannon Jones bring together works about Protestant and Mormon missionaries in the nineteenth and twentieth

centuries charting new directions for the historical study of these zealous evangelists for their faith Despite their sectarian differences both groups of missionaries shared notions of dividing the world categorically along the lines of race status and relative exoticism and both employed humanitarian outreach with designs to proselytize American missionaries occupied liminal spaces between proselytizer and proselytized feminine and masculine colonizer and colonized Taken together the chapters in *Missionary Interests* dismantle easy characterizations of missions and conversion and offer an overlooked juxtaposition between Mormon and Protestant missionary efforts in the nineteenth and twentieth centuries

Thomas Cole's Journey Elizabeth Mankin Kornhauser, Tim Barringer, 2018-01-29 Thomas Cole 1801 1848 is celebrated as the greatest American landscape artist of his generation Though previous scholarship has emphasized the American aspects of his formation and identity never before has the British born artist been presented as an international figure in direct dialogue with the major landscape painters of the age Thomas Cole's *Journey* emphasizes the artist's travels in England and Italy from 1829 to 1832 and his crucial interactions with such painters as Turner and Constable For the first time it explores the artist's most renowned paintings *The Oxbow* 1836 and *The Course of Empire* cycle 1834 36 as the culmination of his European experiences and of his abiding passion for the American wilderness The four essays in this lavishly illustrated catalogue examine how Cole's first hand knowledge of the British industrial revolution and his study of the Roman Empire positioned him to create works that offer a distinctive even dissident response to the economic and political rise of the United States the ecological and economic changes then underway and the dangers that faced the young nation A detailed chronology of Cole's life focusing on his European tour retraces the artist's travels as documented in his journals letters and sketchbooks providing new insight into his encounters and observations With discussions of over seventy works by Cole as well as by the artists he admired and influenced this book allows us to view his work in relation to his European antecedents and competitors demonstrating his major contribution to the history of Western art
