Riding Sky High A Bicycle Adventure Around The World:

Riding Sky High Pierre-Yves Tremblay, 2015-01-06 Many dream of dropping everything and just traveling around the world. It's a common dream but few imagine embarking on that journey by bicycle. Exposed to the elements, legs burning, all your possessions strapped to you, and your bicycle, it doesn't paint a relaxing picture, but this is just what Pierre-Yves Tremblay did. Leaving his hometown of Chicoutimi, Quebec, in July 1994, Tremblay took a flight to Europe and from Paris hopped on his bike and went for a long ride around the world that lasted all of 836 days. He traveled through Europe, past the deserts of the Middle East, then braved the Himalayas and rode through Southeast Asia and the wilds of Australia before finishing his journey biking across the United States and arriving back home in Canada. Besides the sheer physical effort, this epic adventure is about a person confronting himself alone with his bike, encountering life, its possibilities, and limits, dealing with emotions, and everything that compels him to keep going and persevere. It means exchanging greetings and sharing moments with people from many different cultures. It means overcoming hundreds of pitfalls only to keep on going. Fifteen and a half thousand miles later, this modern-day Ulysses invites us to read the precious journals he kept on his odyssey. Here you'll find out what really pushes great achievers to their limits. *Steve & Wheelie - Mountain Bike Adventure* Stefan Pastor, 2015-08-31 Steve and his talking mountain bike, Wheelie, are the closest friends. Always on the move, the only thing the two of them want is to go, go, go. Together they meet daring adventures in their very own exciting world with great wit and unreal trail riding skills. In the first volume of the story about Steve and Wheelie, our two heroes on tour find themselves right in the territory of a grizzly bear whose curious nose is picking up the appetizing smell of Steve's morning biscuit with peanut butter. A wild chase after the goodie in demand begins and eventually takes an unexpected turn. [A Bike Across America](#) Steve Ritter, 2014-07-09 As a midlife challenge author, Steve Ritter decided to leave the comforts of home and the daily routine of his office and set out on an epic journey to bicycle across the United States. Ritter wanted to rediscover his rural roots, explore nature, immerse himself in the rich history of his country, and find out if he still had the endurance of his youth. He wanted to see what other people did every day as he sat at his desk. In *A Bike across America*, he narrates the story of his thirty-five day, 3,461-mile journey that began April 27, 2013, in Virginia Beach, Virginia, and ended in Newport, Oregon. This travelogue shares Ritter's thoughts, expectations, and surprises, battling the weather, equipment failures, and his doubts and fears, and being assisted by kind-hearted strangers. With some history and geography included, Ritter tells how this cross-country ride changed his life. Frank and honest, *A Bike across America* recounts Ritter's ultimate road trip, one that taught this fifty-year-old empty nester that through perseverance and determination, it could be done. *Encyclopedia of American Short Films, 1926-1959* Graham Webb, 2020-07-10 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial, and a short before launching into the feature film. Shorts could tackle any topic of interest, an unusual
