#### **Risen Christ And The Etheric Christ:**

The Risen Christ and the Etheric Christ Alfred Heidenreich, 2013-11-14 Delivered more than sixty years ago the lectures in this booklet demonstrate Alfred Heidenreich's gift for kindling understanding of the essence of Christianity and the nature and being of Christ Guided by Spiritual Science Heidenreich presents an imaginative and insightful reading of the meaning of Christ's resurrection body addressing the significance of original sin and the Fall and how they relate to this metaphysical body In his second lecture Heidenreich addresses the greatest mystery of our time relating to the true meaning of Christ's Second Coming or his appearance in the etheric realm of the Earth It is our responsibility says the author to bring the awe and wonder of our thought the mercy and love of our hearts the conscientiousness of our deeds to help illumine and strengthen this esoteric reality The Risen Christ and the Etheric Christ Alfred Heidenreich, 1969 A-Z Henk van Oort, 2013-04-02 Rudolf Steiner's spiritual philosophy is the inspiration for many successful initiatives in the world today from the international Steiner Waldorf school movement to biodynamic agriculture and its increasingly popular produce Steiner developed his philosophy in dozens of books and many thousands of lectures His teaching contains dozens of new concepts and ideas and as a result he had often to create his own vocabulary. In this practical volume a companion to his Anthroposophy A Concise Introduction Henk van Oort gives concise definitions of many terms and concepts in Steiner's worldview from the most commonplace to the more obscure Anthroposophy A Z can be used as a reference guide but also as a gateway into Rudolf Steiner's manifold world of spiritual ideas and concepts Anthroposophy can be seen to be a new language a language that can lead to the world of the spirit It was with this awareness that Henk van Oort took the initiative to write this glossary Ultimately he has written the sort of inspiring handbook that he wished had existed when he first became acquainted with anthroposophy over 40 years ago HENK VAN OORT born in 1943 trained as a primary teacher before taking a Masters degree in English at the Amsterdam University He has taught for 40 years in primary and secondary education including class teaching in a Steiner school teaching English and running educational courses and seminars for teachers and parents His interest in literature and poetry has led to his appearance at storytelling and poetry seminars and his introductory courses to anthroposophy have proved to be highly successful Based in Bergen N H in the Netherlands Henk van Oort is married and the father of three grown up children He is the author of Anthroposophy A Concise Introduction

Michael and the Two-horned Beast Bernard Nesfield-Cookson,1998 In our materialistic and skeptical age it can be difficult to take seriously the existence of real spiritual beings Nevertheless countless individuals from the historic founders of religions to those who have been through near death experiences have spoken of beings of Light such as Angels and Archangels and evil beings spirits of darkness The author basing his work on Rudolf Steiner's teachings presents an epic picture of the forces of good and evil a battle of cosmic dimensions in which we are all intimately involved He clarifies the pivotal role of the Archangel Michael the Guardian of Cosmic Intelligence who fights to hold the balance between the key

powers of evil in our time Lucifer and Ahriman and describes other members of the evil hierarchies He also discusses the biblical Apocalypse of St John the Mexican Mysteries and much else This book is an essential guide to meeting the challenge of evil at the new millennium The Imagination of Pentecost Richard Leviton, 1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more The Burning Bush Edward Reaugh Smith, 1997 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of The Burning Bush is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit The New Experience of the Supersensible Jesaiah Ben-Aharon, 2007 According to Rudolf Steiner's spiritual science the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds The force that leads to this development called by various names in different cultural and religious traditions is called the Christ impulse by Anthroposophy in accordance with Christian terminology Because of new naturally endowed suprasensory faculties human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse This experience is said to be a naturally given initiation and today we increasingly hear of such suprasensory experiences Today however a healthy approach to these natural phenomena requires us to comprehend suprasensory experiences with full awareness and clear thinking This book builds an all important bridge between the naturally given suprasensory experience and its conscious cognition As a result empirical suprasensory research can investigate the different aspects of Christ's etheric becoming and appearance in a way that both methodically and experientially fulfils the justified cognitive and scientific requirements of our age This new paperback edition adds a new introductory chapter A Plea for Embodied

**Spirituality** Fraser Watts, 2021-04-30 The body is crucial to religious life but there has been little practical attention to how to make a helpful reality of this fact Strong forms of philosophical dualism have been widely abandoned by post war theologians in favour of a more integrated view of human nature but guidance on the role of the body in Christian spirituality remains fragmentary Focusing particularly on drawing out practical implications for religious life and ministry this book will survey the many ways in which the body plays an important role in religions and spiritual life drawing on scientific research The Inner Life of the Earth Paul V. O'Leary, Christopher Bamford, Robert A. Powell, Marko theology and philosophy Pogačnik, Rachel C. Ross, 2008-08 We need changes in our attitudes our understanding of illness our acceptance of non allopathic practitioners the economics of how we pay for health care and our entire professional medical legal system in which medical boards often act within the law to protect and defend the guild of conventional medicine under the guise of scientific proof I present a template that combines economics psychology medicine physiology and mythology It can serve as support and guidance for making the changes necessary for a new model of medicine in the twenty first century Dr Robert I Zieve Dr Zieve presents a new paradigm for health care that shows us how to go beyond the limitations and severe deficiencies of our current sickness care system It embraces and synthesizes the emerging models of integrative medicine energy medicine and energy psychology into an effective and affordable approach to healing for everyone This guide is for both those wish to provide a more complete form of health care for their patients and also for those individuals who are prepared to make the necessary changes in daily life in order to initiate or maintain a movement toward healing This includes understanding the daily disciplines of a healing process the deeper psychological processes of illness and the creative arts in their therapeutic roles Rudolf Steiner's Vision of Love Bernard Nesfield-Cookson, 2011-03-14 Gathering together references to the logic of the heart from throughout Steiner's work the author encapsulates the great teacher's revelations on the meaning of love and indicates the supreme importance of the greatest of all deeds of love Cover What Is **Biodynamics?** Rudolf Steiner, 2004-11 And if she stayed still Without making a sound She could see gnomes Helping plants through the ground This radiant picture book was written for Julianna Margulies the film actor and former star of the hit television series ER when she was six years old Her father Paul Margulies captures the pure openness of a child s imagination These reflections on what a small girl sees around her remind us all young and old that life s riches can come to us through our loving attention to the simple and ordinary The vibrant images by Famke Zonneveld the illustrator of Living Alphabet bring this book to life Ages 4 7 years The Fleeing Youth Richard Distasi, 2009-07-17 It is commonly accepted that the mission of Christ was an act that was independent of any corresponding and requisite deed on the part of humanity Though in part this is true this book asserts that the future spiritual evolution of humanity was dependent on human comprehension and understanding of the Event of Golgotha Comprehension and understanding are defined in this work as one s capacity to spiritually follow Christ through His entire Passion Death and resurrection The Apostles were chosen for

this very task but eventually failed at the critical hour Golgotha Esoteric Christianity Young Man in Tomb Birth of Jesus Evolution of Christ Richard Distasi The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific Mystery of the Christ Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we perspective understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar K rten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as K rten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy Mystery of the Christ gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As K rten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed **Mythopoieic Planet** Richard Leviton, 2025-06-08 A principal Pleiadian designer of the Earth's Light grid offers his memoirs of the project along with reports on current maintenance and upgrade activities Blaise now residing back home in the Pleiades narrates aspects of the Pleiadian led design of the Earth and its subtle energy patterning called the Light grid This account represents field notes from a planet engineer at the close of a long residential career on Earth plausibly under cover as a human If you thought the Earth was an accident of the cosmos operating on a purely physical basis think again This account will change your mind Earth is a meticulously curated design fulfillment commissioned at the highest level It was executed by planet design experts from the Pleiades known across the galaxy for their excellence in matching Light grid designs to embodied

consciousness forms The Earth was created for a purpose So was humanity A great intelligence lies behind this The intent was to cultivate the highest states of consciousness in matter The energetic structure of the planet which includes the numinous places of the gods and mythic heroes makes this unfolding possible. The world's wealth of myths are actually psychic scripts left by initiates to illustrate the use of the Light grid and its many temples The Pleiadian engineers call this a nest of Light for consciousness Blaise provides a firsthand account a designer s inside view of how this came about including key moments such as after the worldwide Great Flood and the on going struggle against inimical dark influences that seek to corrupt the pattern Since 2020 Blaise's team has made regular upgrades and adjustments to this pattern to support the unfolding of the current Golden Age Normally this takes place behind the scenes Mythopoieic Planet puts it out in the bright forefront as you watch Blaise's skilled team of geomancers angels Ray Masters and even archangels keep the Light patterning in perfect trim for the benefit of everyone The Cycle of the Year as a Path of Initiation Sergei O. Prokofieff, 2014-03-12 In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals But this instinctive knowledge had to be lost in order for human beings to discover individual freedom In our time as Sergei O Prokofieff demonstrates in this comprehensive work this knowledge must be found anew through the free light filled consciousness of the fully developed human personality Tracing the spiritual path of the yearly cycle Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas Christmas Epiphany Easter Ascension Whitsun and St John's Tide Basing his research on the work of the twentieth century initiate Rudolf Steiner he reveals how these festivals are spiritual facts that exist independently of religious traditions and cultural customs Working with the festivals in an esoteric sense can provide a true path of initiation ultimately enabling an experience of the Being of the Earth Christ The journey of study through this book can thus lead the reader to an experience of the modern Christian Rosicrucian path along which it is possible to take the first steps towards life in partnership with the course of cosmic existence The Twilight and Resurrection of Humanity Yeshayahu (Jesaiah) Ben-Aharon, 2020-05-26 This unique work the fruit of many decades research and experience throws new light on the supersensible history and karma of the Michaelic movement since Rudolf Steiner's death It describes that movement's evolution and transformation in the etheric world during the twentieth century from the world changing apocalypse of the 1930s and 40s through to the beginning of its incarnation on Earth at the end of last century The book also focuses on developments in the practical and social work of building the community of the School of Spiritual Science which embodies the new Michaelic movement in our time As Ben Aharon indicates the Michaelic movement is searching for creative courageous and enthusiastic souls to foster a strong community that develops from one decade to the next as a living organism Based on the continuous resurrection of anthroposophy this community strives to create a fully conscious meeting and communication with the school of Michael and Christ in the etheric world in a form that

is appropriate and demanded by the times The transcripts of these lectures bring together the author's experiences with anthroposophy over the last 42 years in the light of present communications from the spiritual world It is based on contemporary spiritual investigation and individual lived experience From the Contents The Amfortas Parsifal Duality of Modern Humanity The Twilight of Humanity and its Resurrection The Universal Language of Michael and the Being of Rudolf Steiner The Anthroposophical Movement in the Present The Etheric Form is Alive The Resurrection of the Etheric Christ in The Gospel of St. John and Its Relation to the other Gospels Rudolf Steiner, 1982-03-01 Beginning at the turn of the century Rudolf Steiner began to express a passionate interest in Christianity For him the event he called the Mystery of Golgotha is more than the central event of Christianity it is in fact the turning point in time for all human and earthly evolution In his Autobiography Steiner clarified his views on Christianity Some of what I said and wrote during that period 1890s seems to contradict the way I described Christianity later on This is because when I wrote the word Christianity I was referring to the teachings of a world beyond that was active in all Christian doctrines at the time The whole meaning of religious experiences pointed to a world of spirit one that was supposed to be unattainable by human intellect Whatever religion might have to say and whatever precepts for moral life it might offer arise from what is revealed to human beings from outside My own direct inner perception of spirit objected to this it wanted to experience the worlds of both spirit and the physical in perceptions of the human being and nature And my ethical individualism objected to this It rejected the external support of commandments for morality such support came instead as the result of spiritual soul development within the human being where divinity lives That was a trying time for my soul as I looked at Christianity This period lasted from the time I left the Weimar work until I wrote my book Christianity as Mystical Fact These kinds of tests are obstacles placed in one s path by destiny or karma and they must be overcome through spiritual development In these talks Rudolf Steiner offers his profound insights into the essential truths behind the Christ event as well as the historic and prehistoric events on Earth and in the spiritual worlds leading up to the turning point in time He shows that the ancient mysteries of the East the Persians the Egyptians the Greeks and the streams behind those impulses going back to Atlantis and Lemuria all lead to the event of Christ's incarnation and the Mystery of Golgotha through which the Earth became the body of Christ Further Steiner talks about what those events mean for the future of humanity and the Earth The Gospel of St John and Its Relation to the Other Gospels is an essential document in the literature of Christology and for understanding the central place of esoteric Christianity in Anthroposophy Searching for the Spirit of the West Luigi Morelli, 2023-05-29 How can the West rediscover its authentic spirit Exploring the period from 1899 to 1945 from the end of the US frontier and the writing of The Wonderful Wizard of Oz to the conclusion of World War II and the dropping of the atom bomb Luigi Morelli traces the events that led the United States to become the world's dominating imperial force America he demonstrates is deeply connected to Britain Germany and Eastern Europe particularly Russia Yet despite their tragic collective histories there is hope for the future if

only America can claim its true task Searching for the Spirit of the West challenges many of the falsehoods that pass for mainstream history Utilizing a wealth of documented evidence from the research of overlooked historians economists social and spiritual thinkers the author takes a symptomatic view of the past revealing hidden longer term trends This approach offers a new understanding of events such as the rise of Nazism the Great Depression the new Deal and even the roles of banking and clandestine brotherhoods in world history Morelli also appraises The Wonderful Wizard of Oz in parallel with America's cultural achievements Through imagination L Frank Baum's contemporary fairy tale enables us to intuit the true mission of the West and its potential contribution to world culture now and in the future The Tree of Life and the Holy Grail Sylvia Francke, 2020-12-17 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline resulting from the union of Jesus Christ and Mary Magdalene This supposedly is the secret that esoteric movements have kept tirelessly for the past 2 000 years From her groundbreaking research Sylvia Francke exposes this notion to be a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context From her research she suggests a solution to the riddle of the sudden wealth and strange behaviour of B renger Sauni re the mysterious priest of Rennes le Ch teau in southern France True Grail knowledge she concludes has nothing to do with bloodlines or worldly status but is an ancient lifeline to the spiritual origins of creation Its energetic forces ray up from the earth and down from the constellations and planets while interacting with individual human beings It holds the key to the fulfilment of mankind s quest a step to the next phase of human evolution The recent explosion of interest in an alternative history of Christianity the shadow Grail prompted Sylvia Francke to revise The Tree of Life and the Holy Grail first published in 1996 The result is a completely reworked and expanded book that constitutes a powerful and convincing refutation of distorted esoteric truths
